It's amazing how easily Brinley livens up drab surroundings, especially when she's caught in such charming dishabille. If it's true that one picture is worth a thousand words, then two of Jordan (overleaf) leaves us way too short on space to do her justice

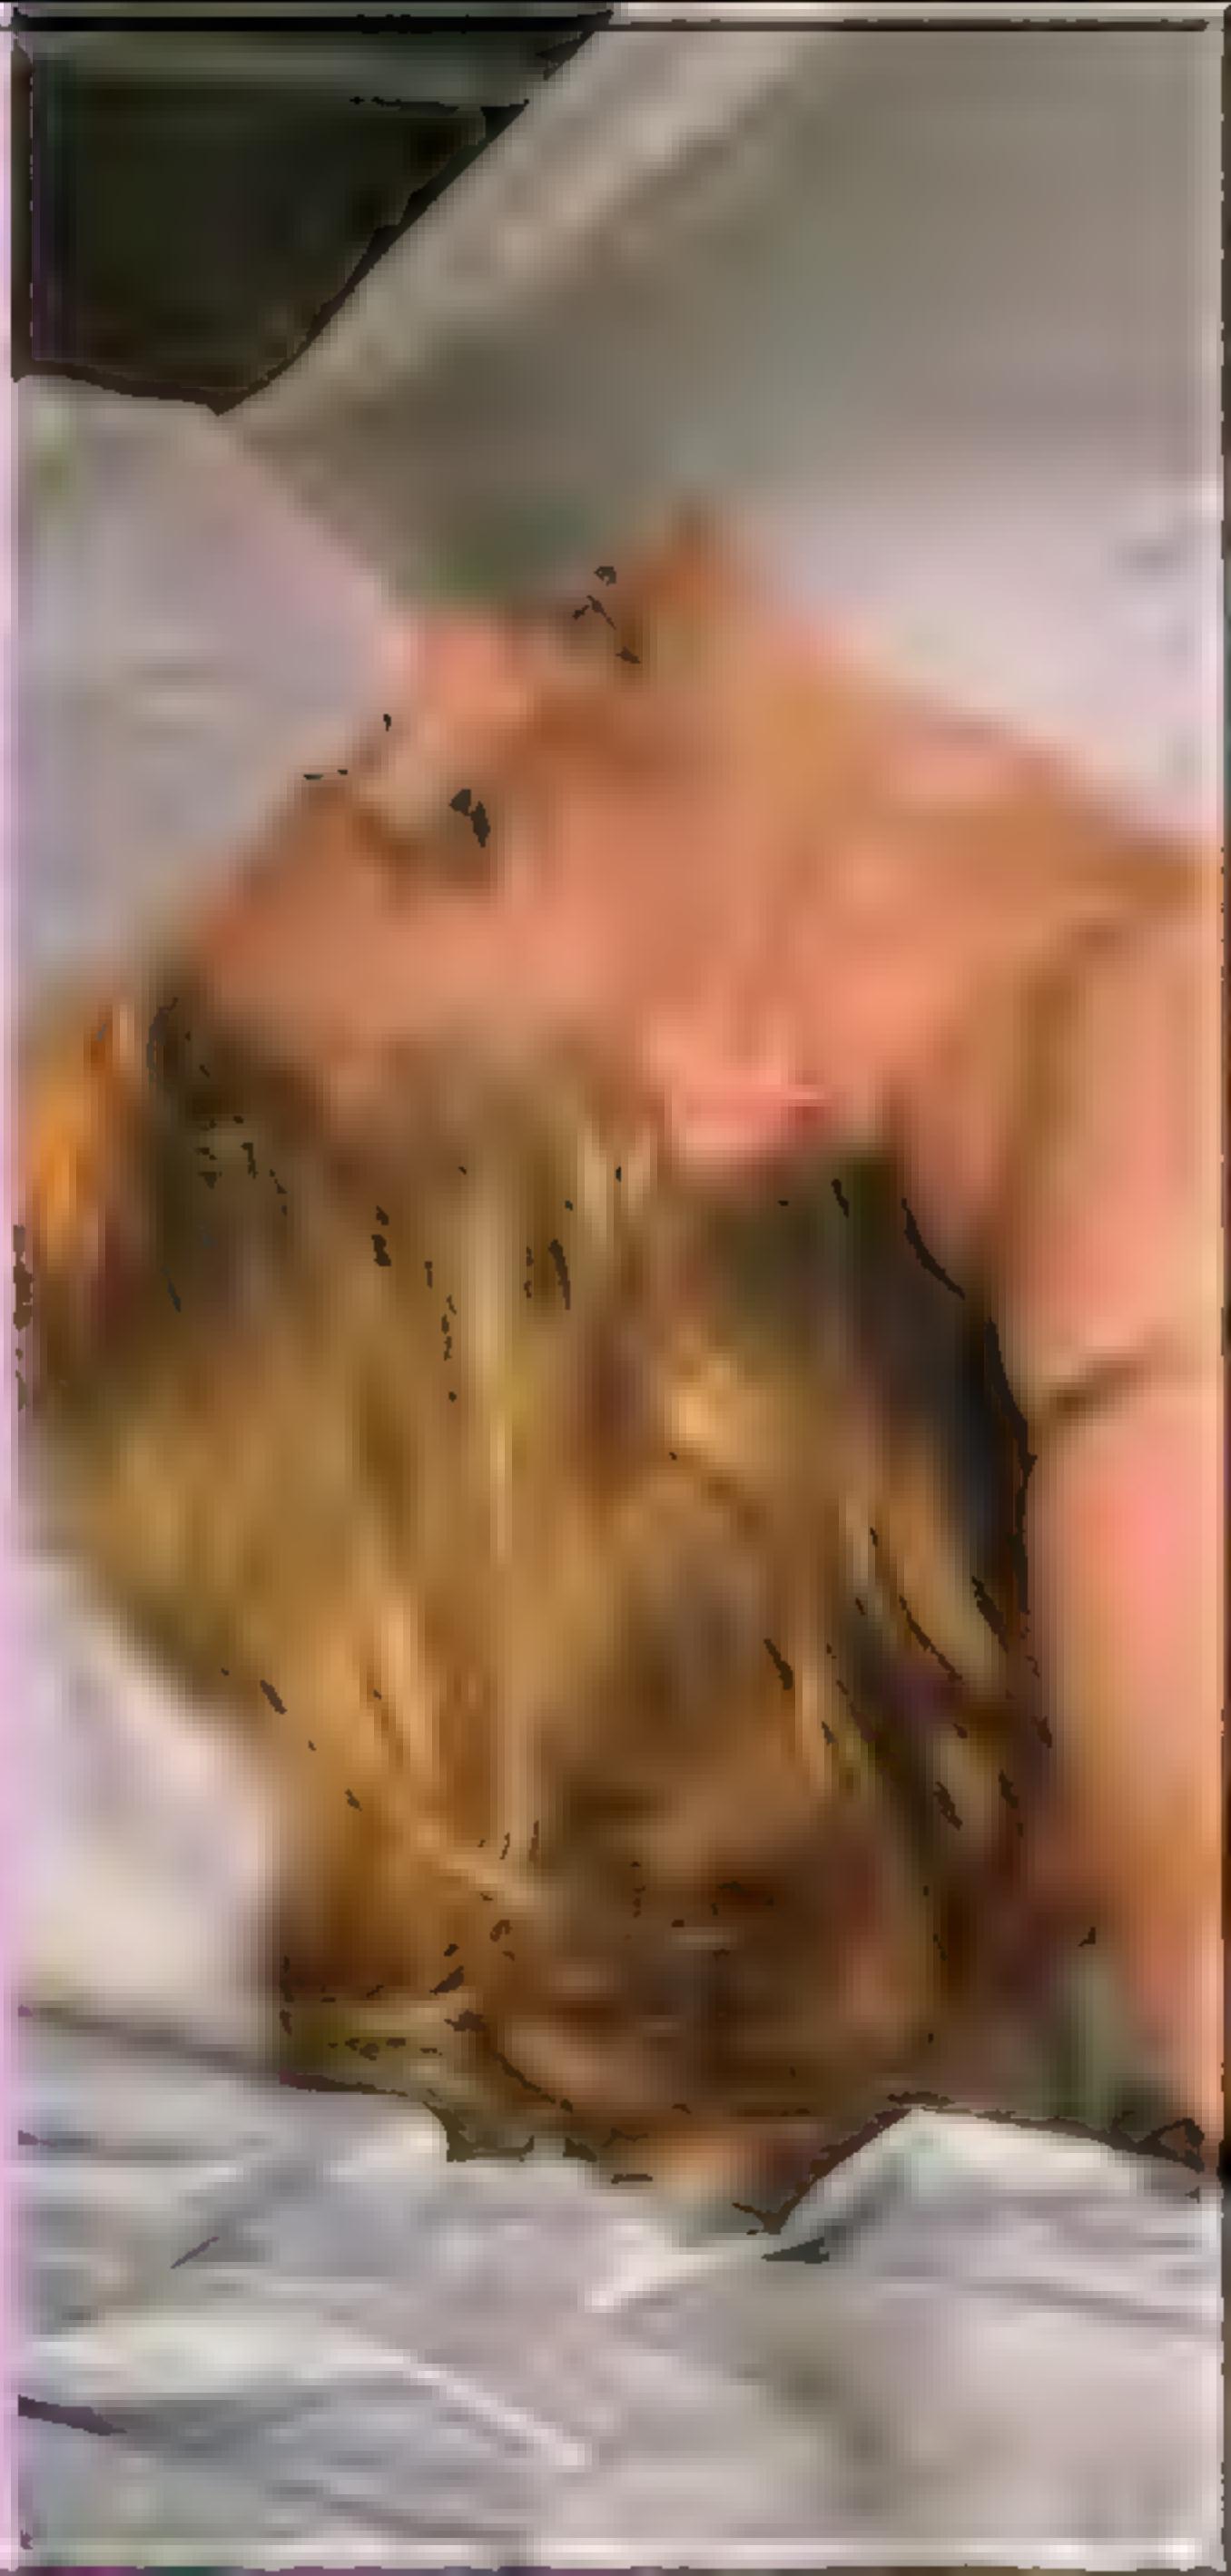

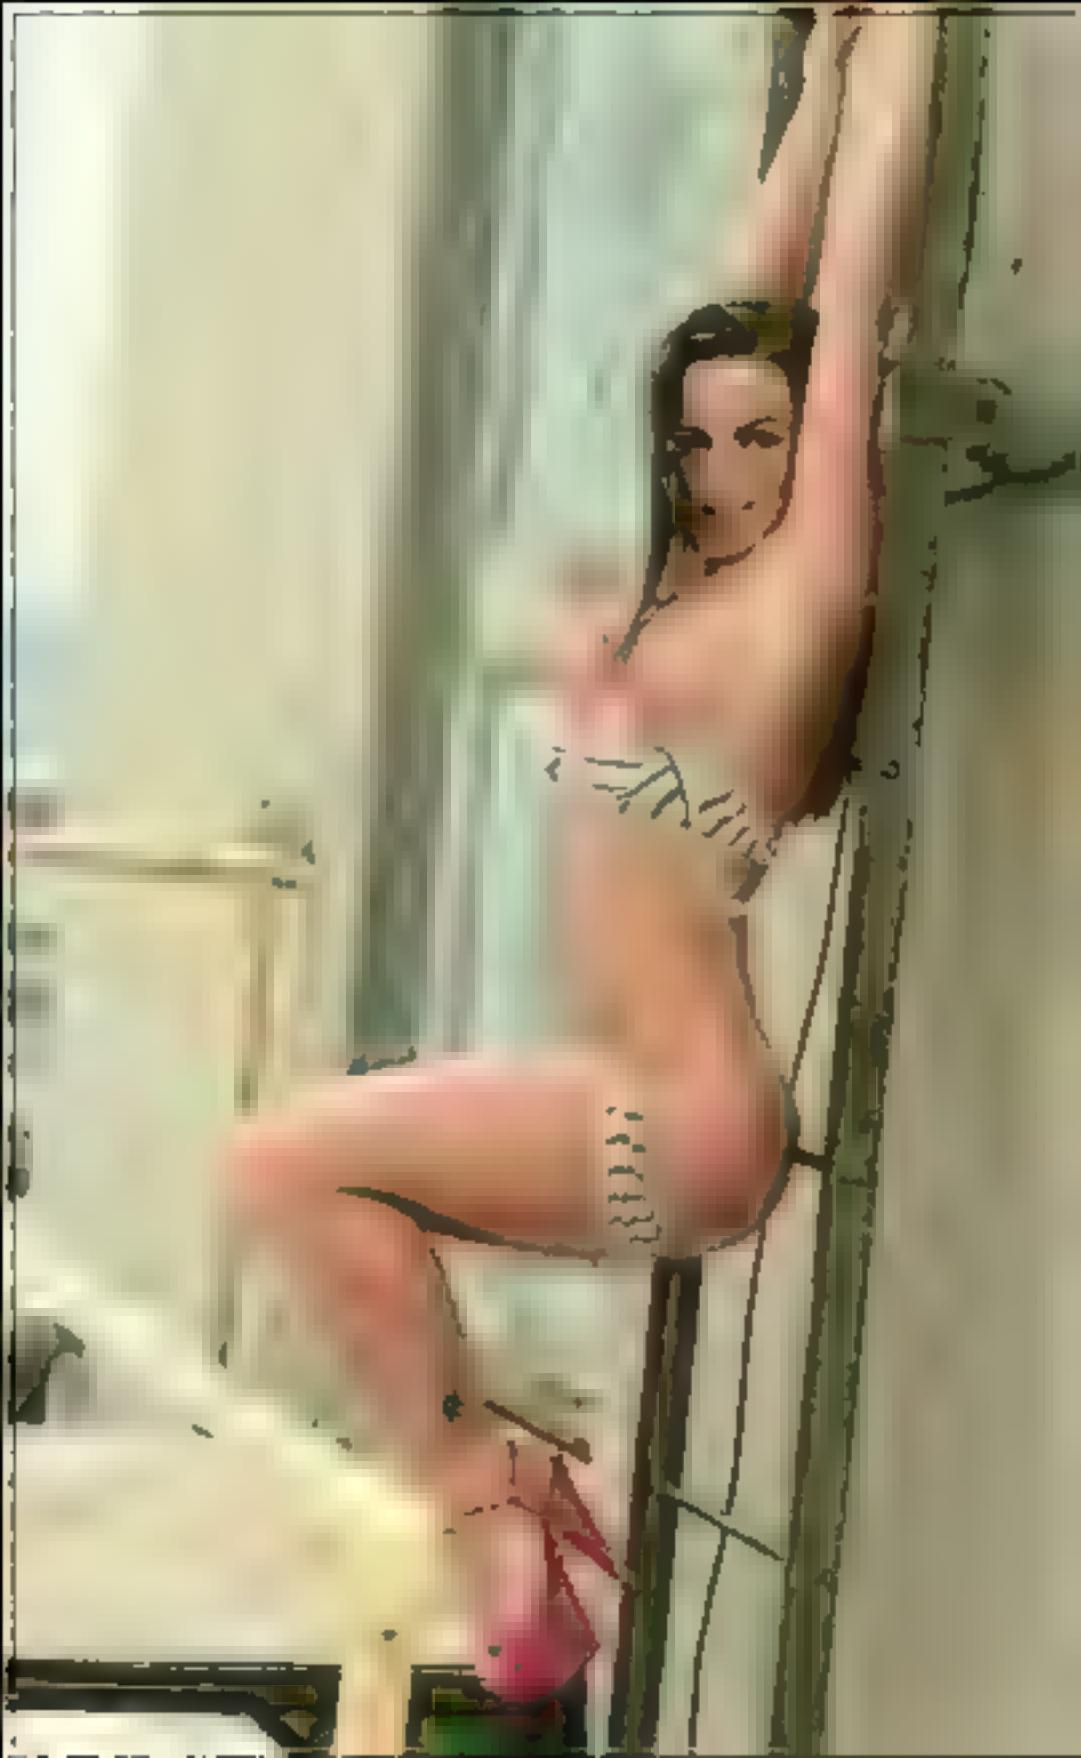

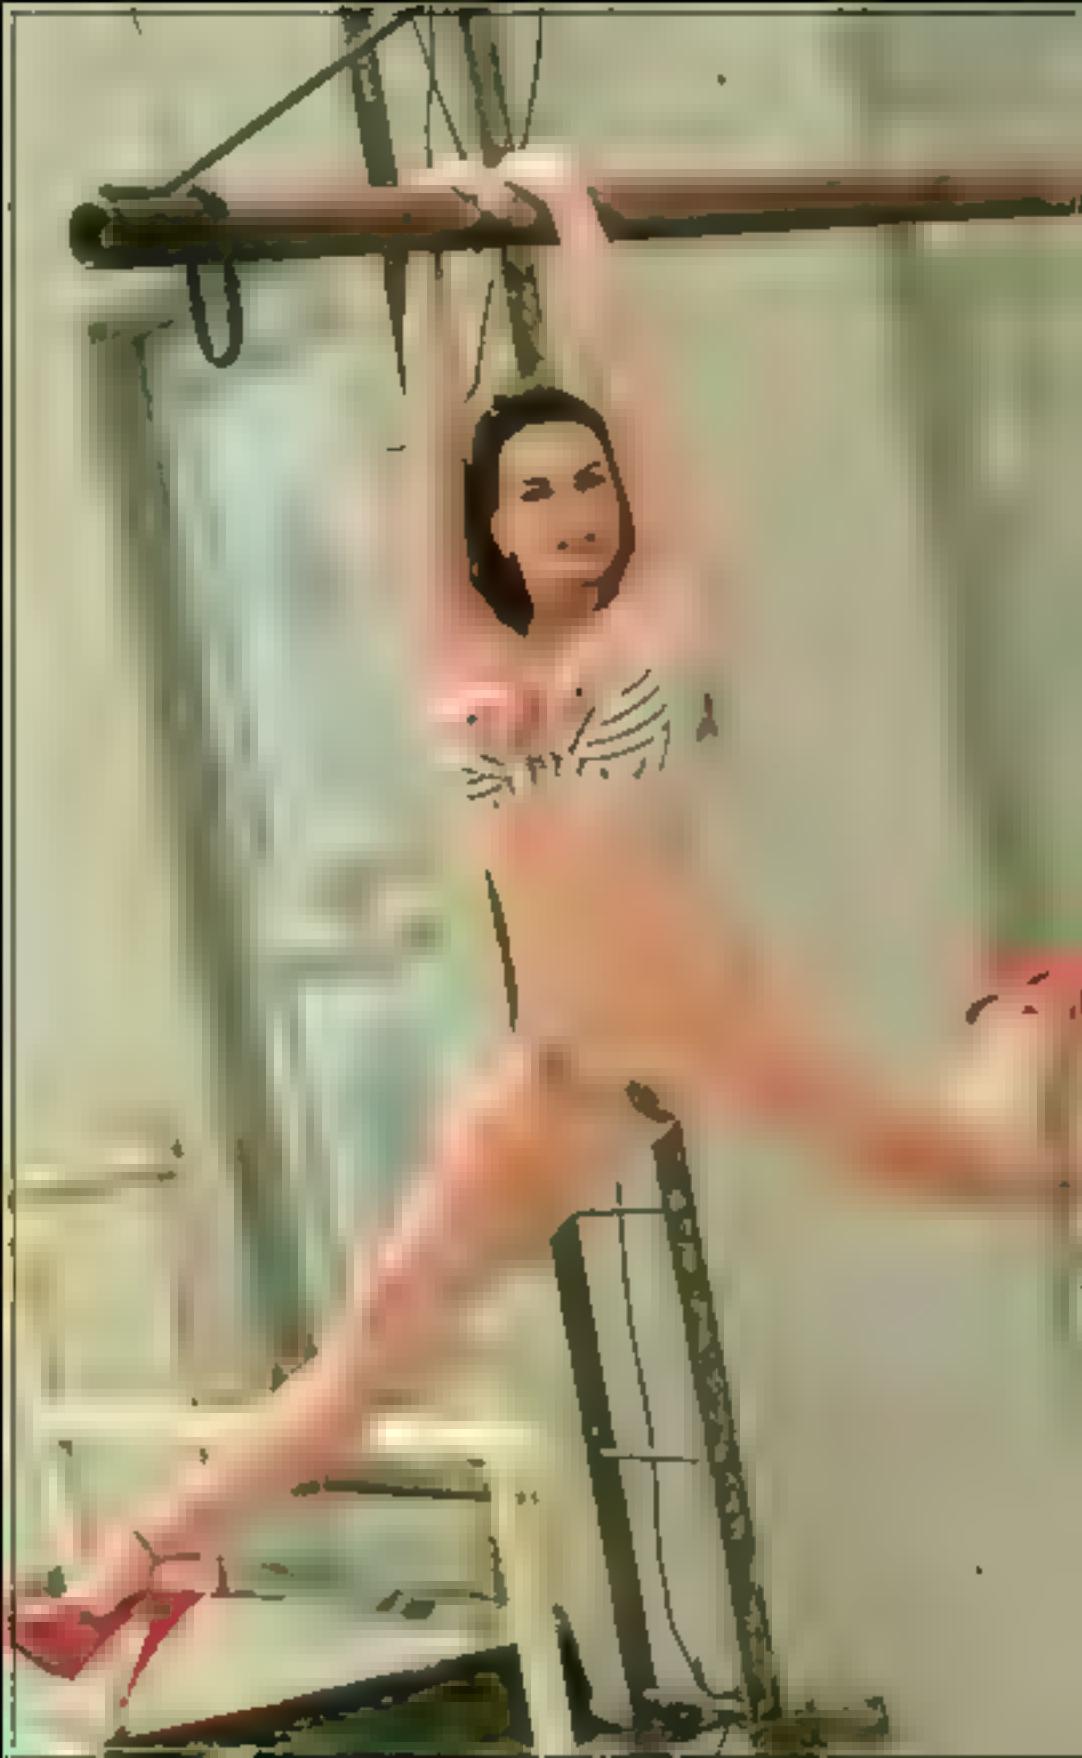

Tracey Barrous here and Lisa Jeanneene overleaf prove that you can achieve great muscle tone anywhere. Tracey limbers up in bed. Lisa improvises an aerobic workout

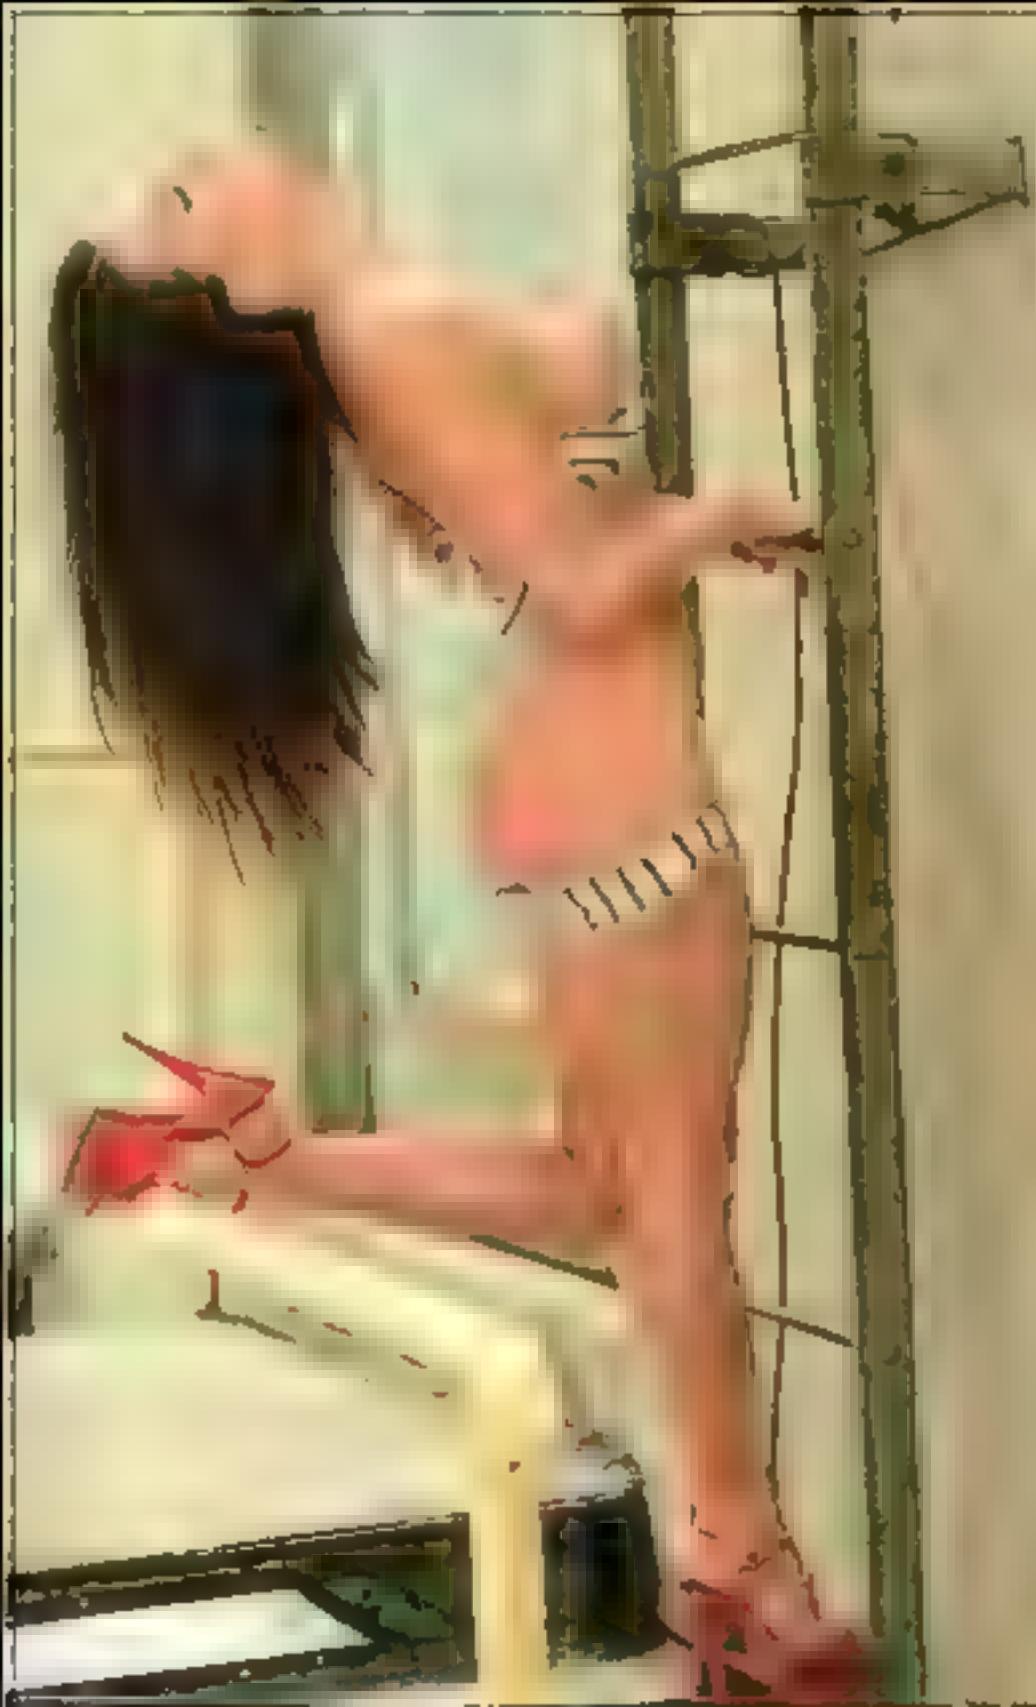

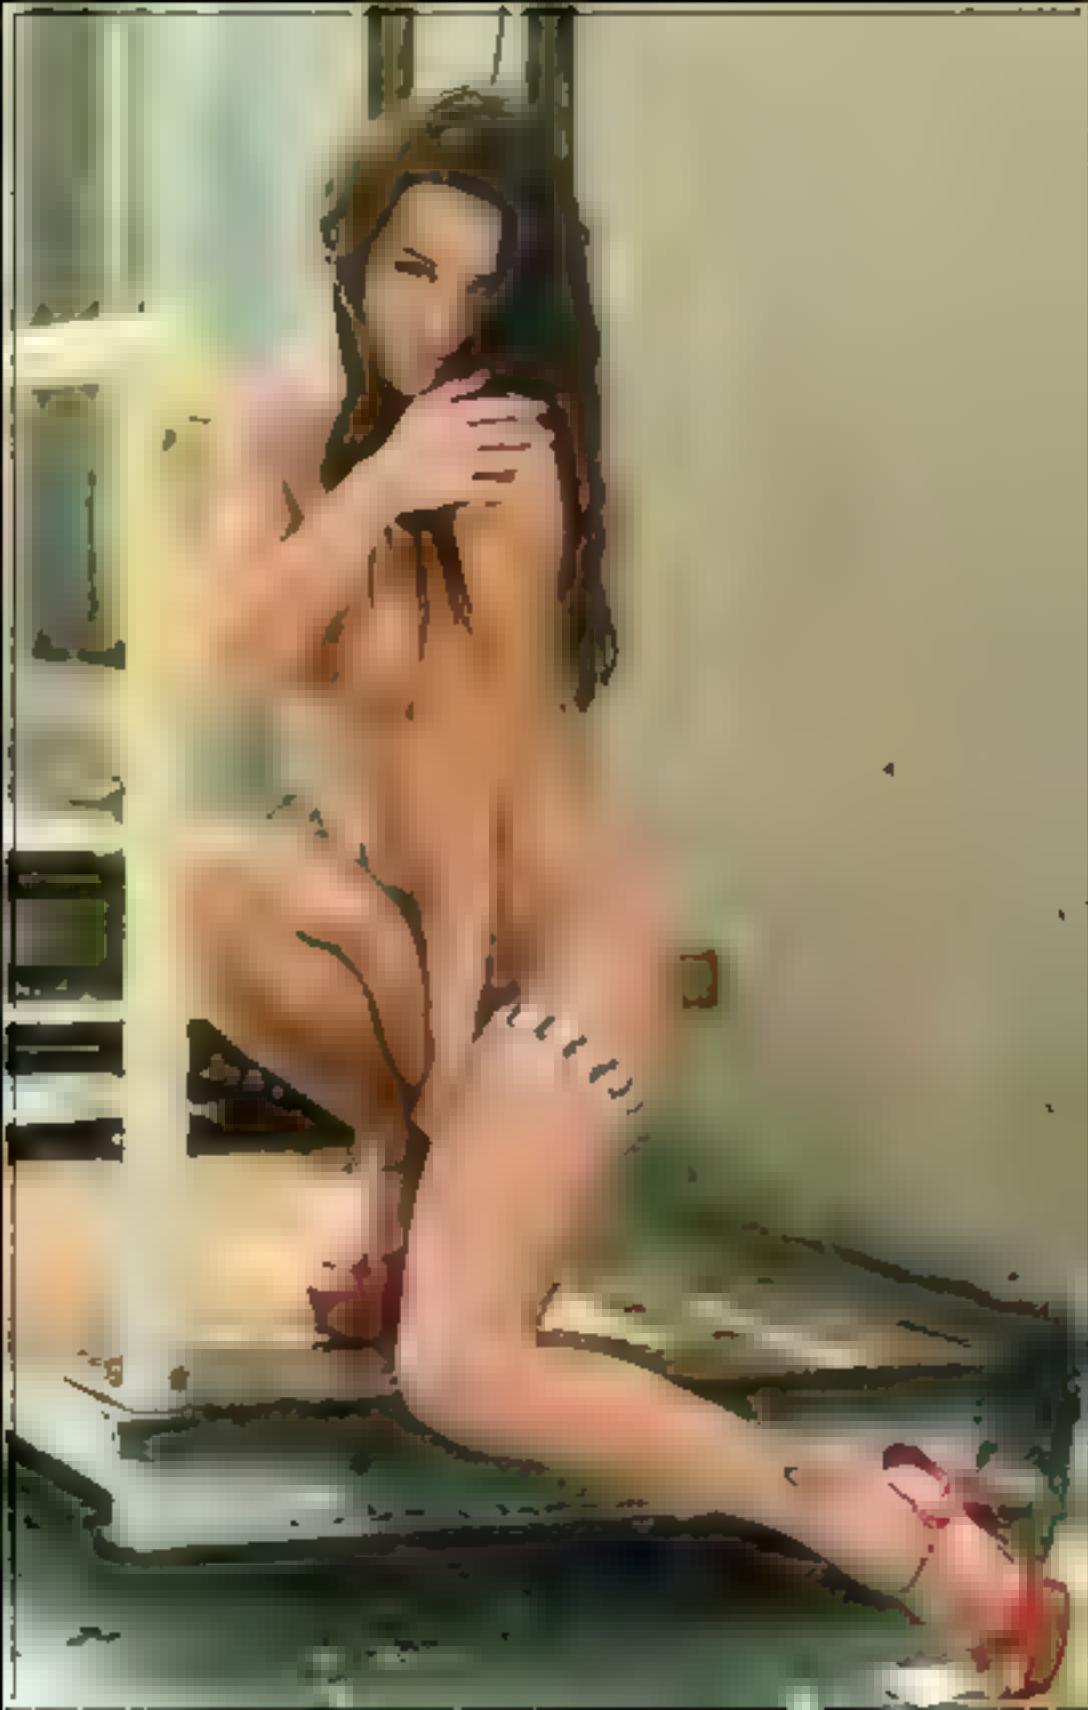

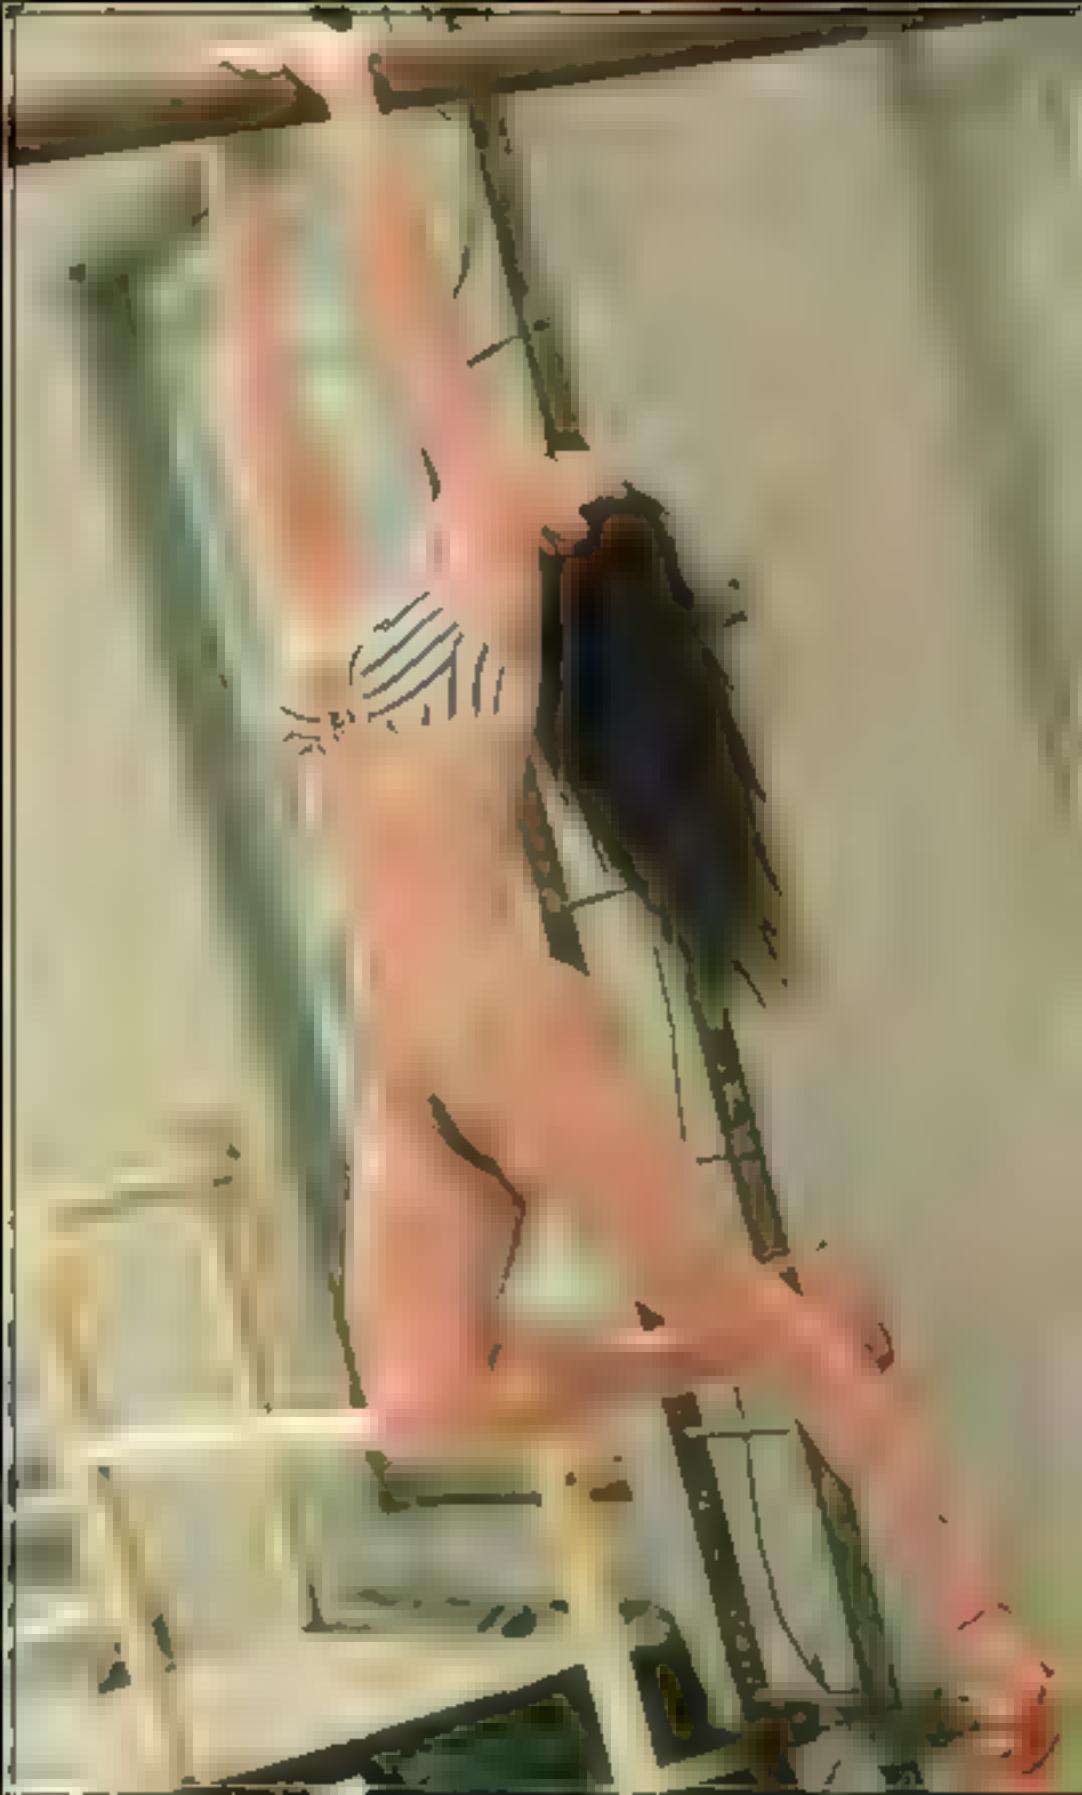

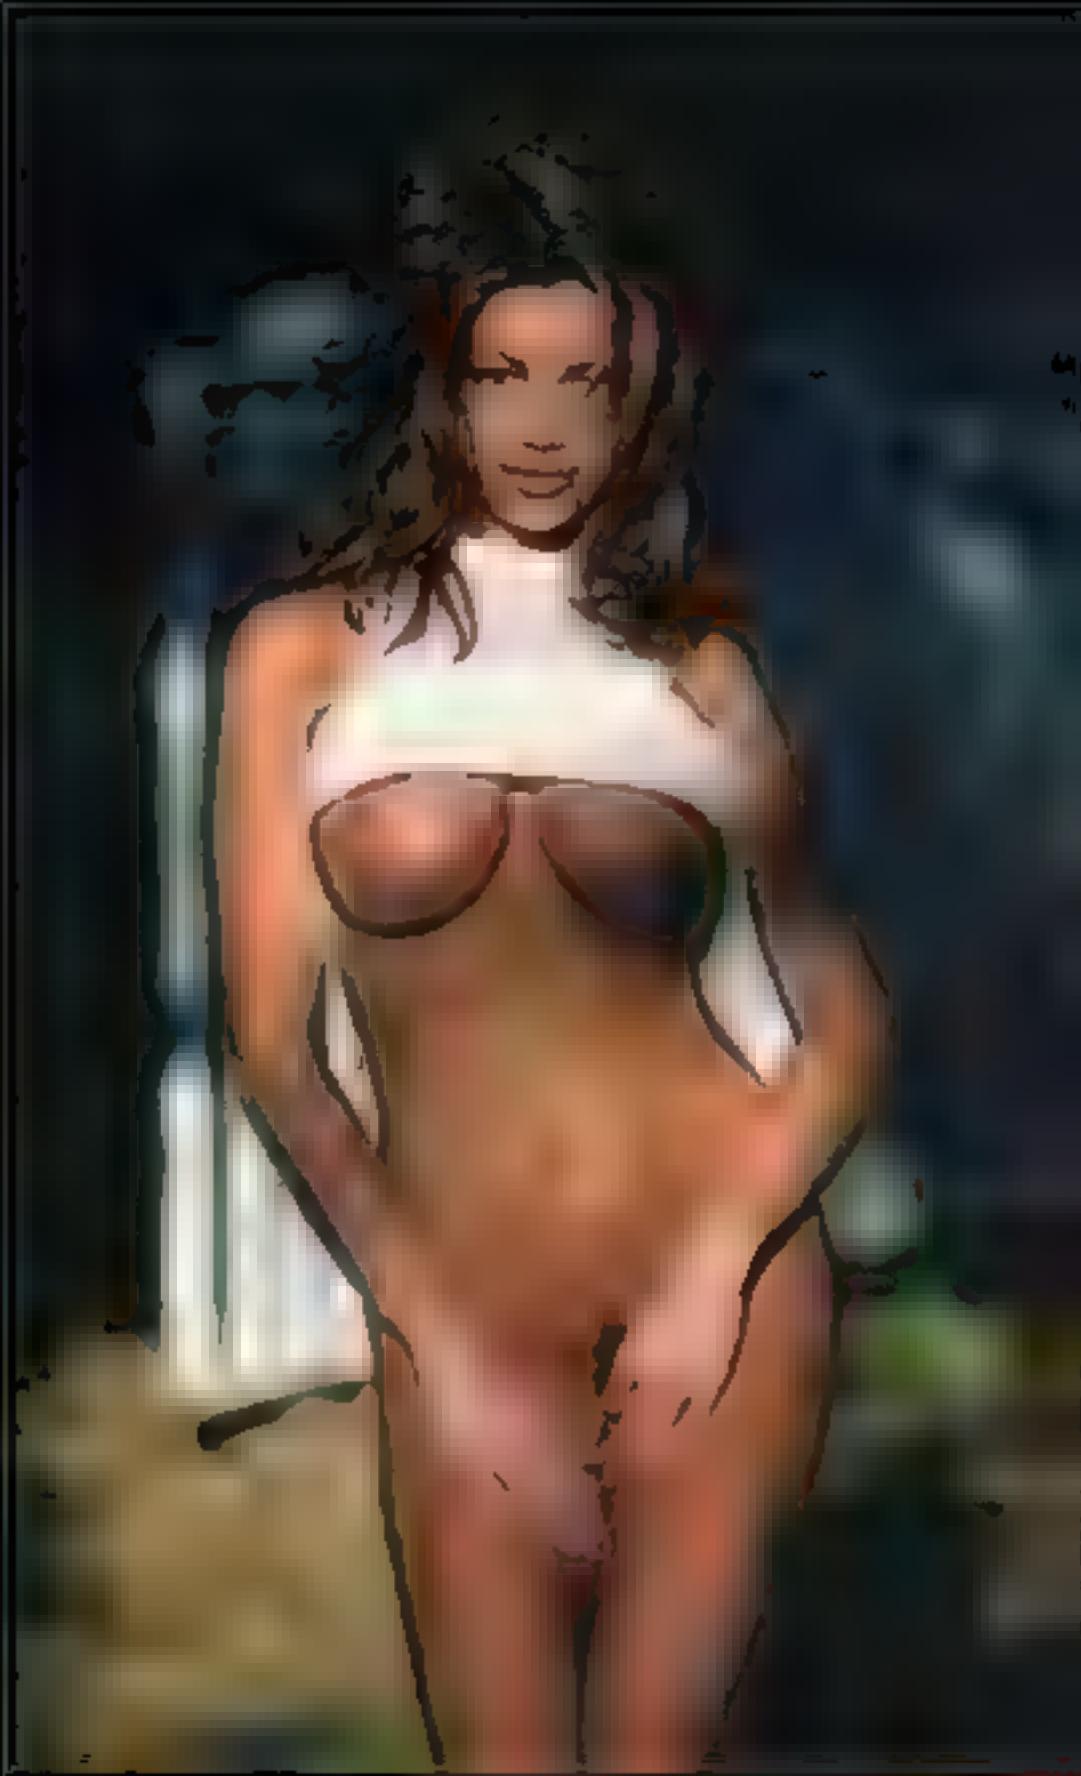

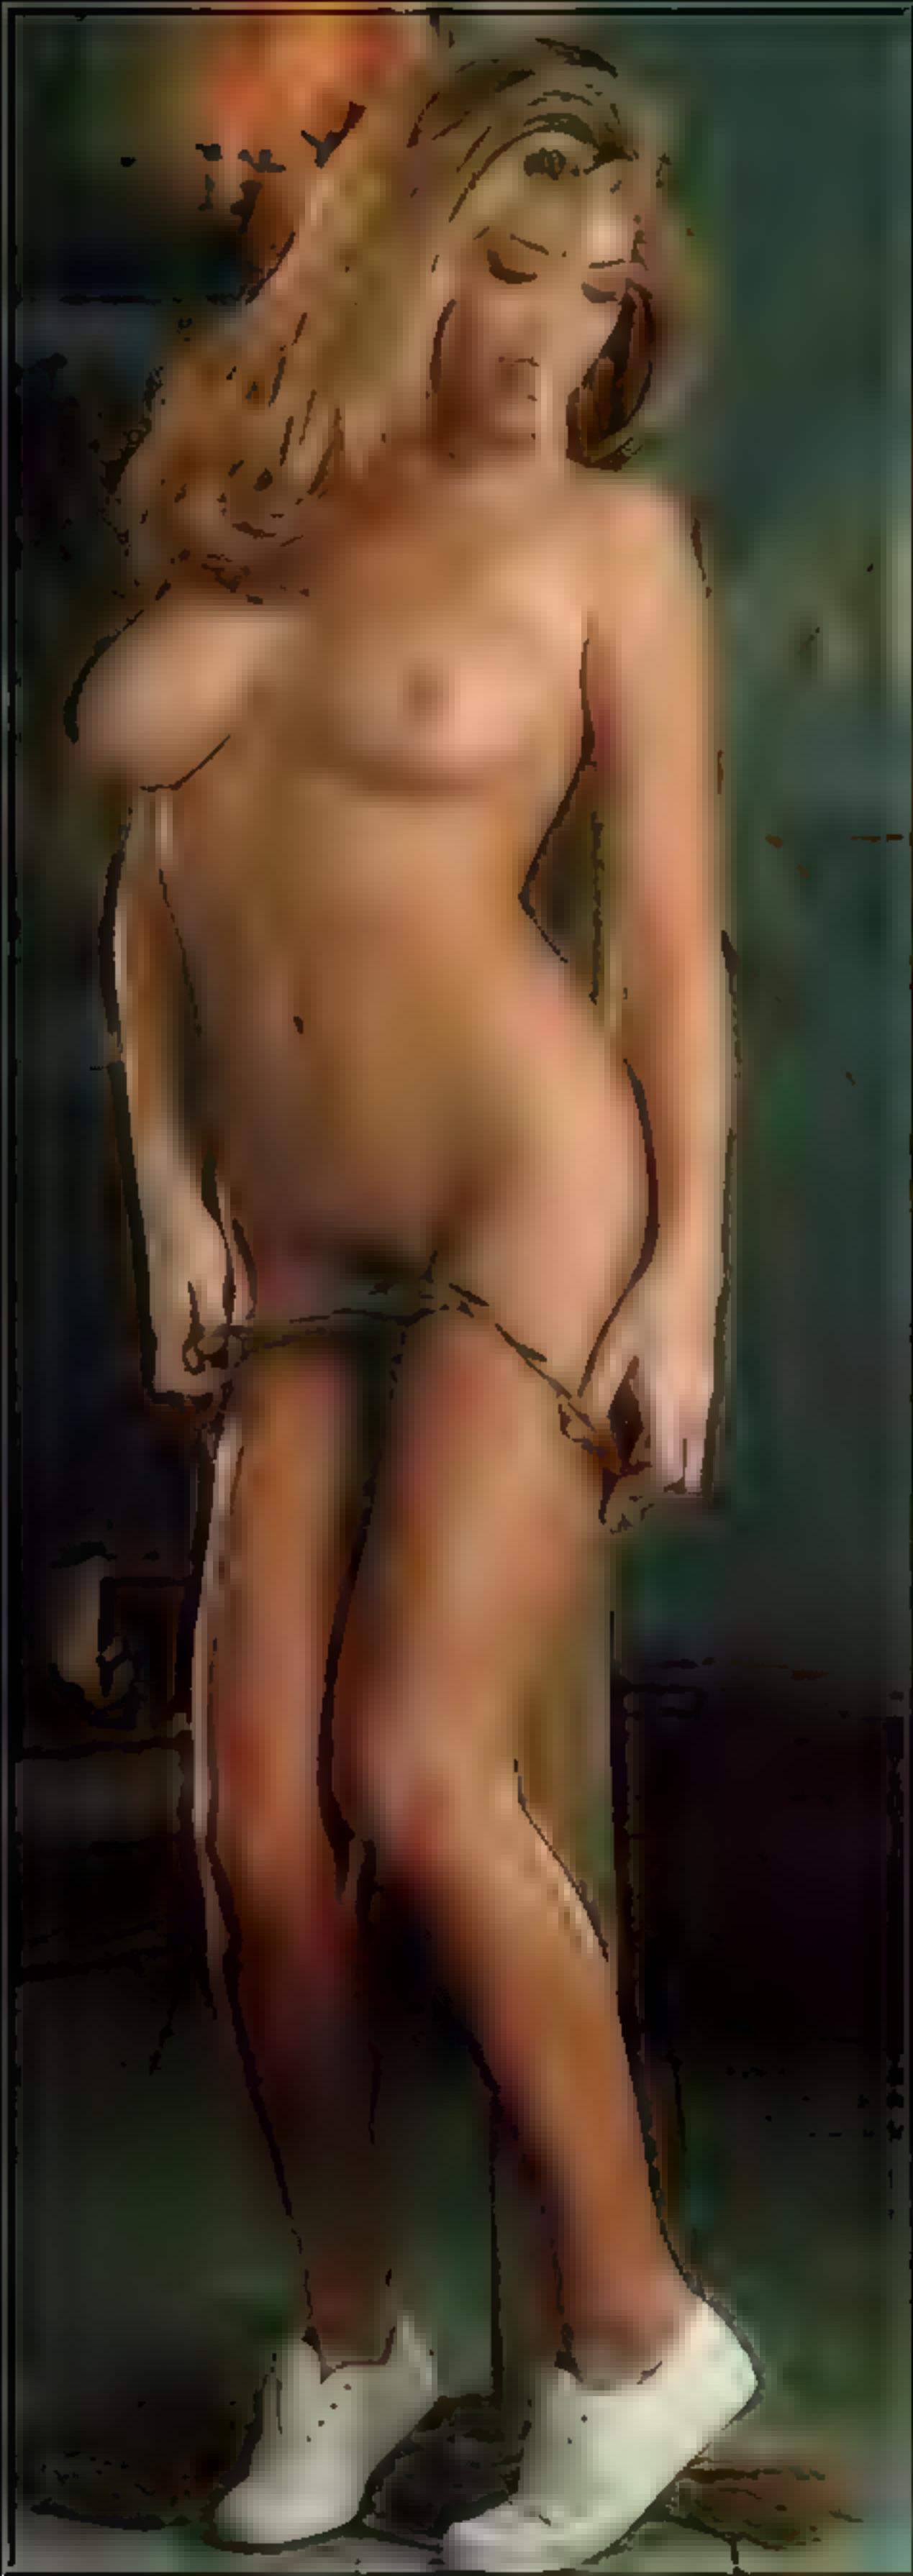

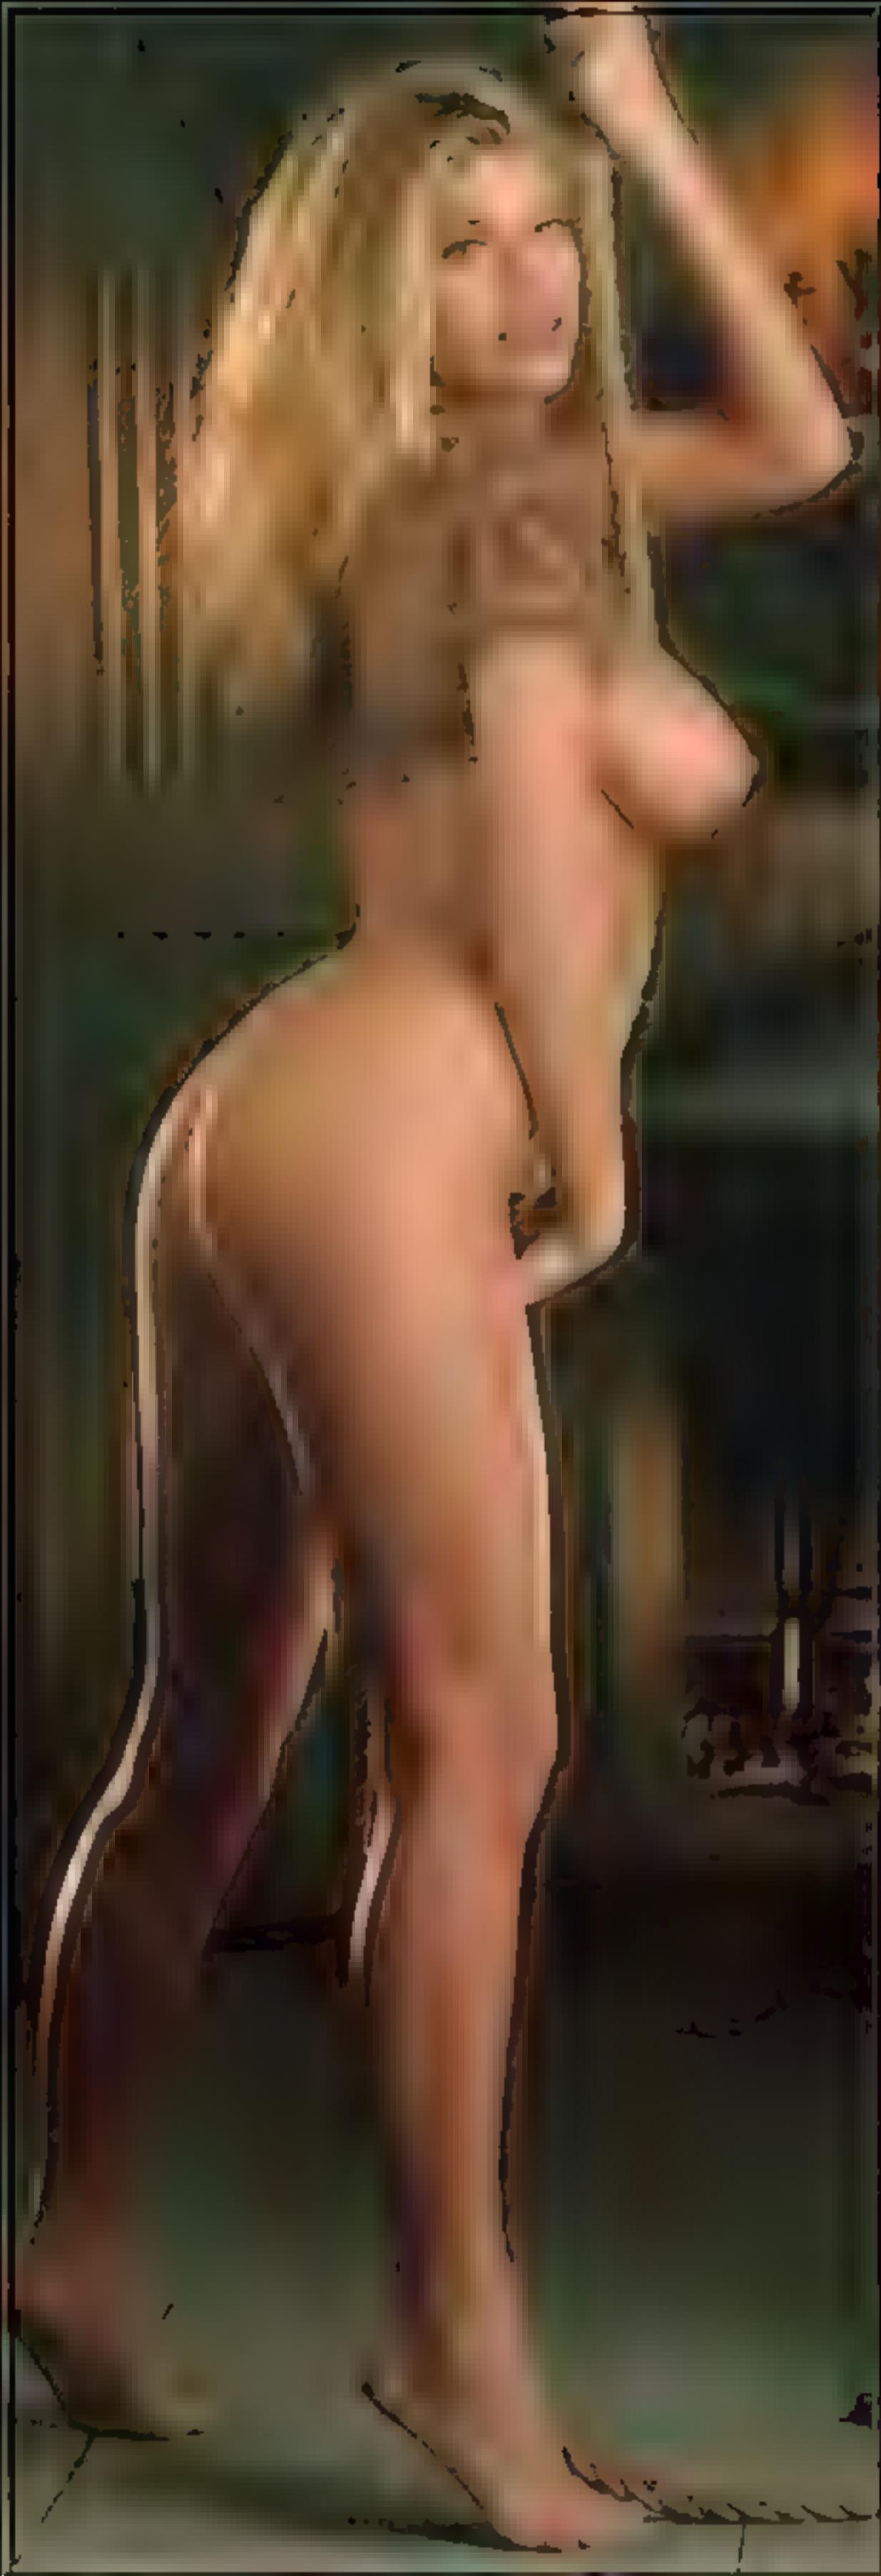

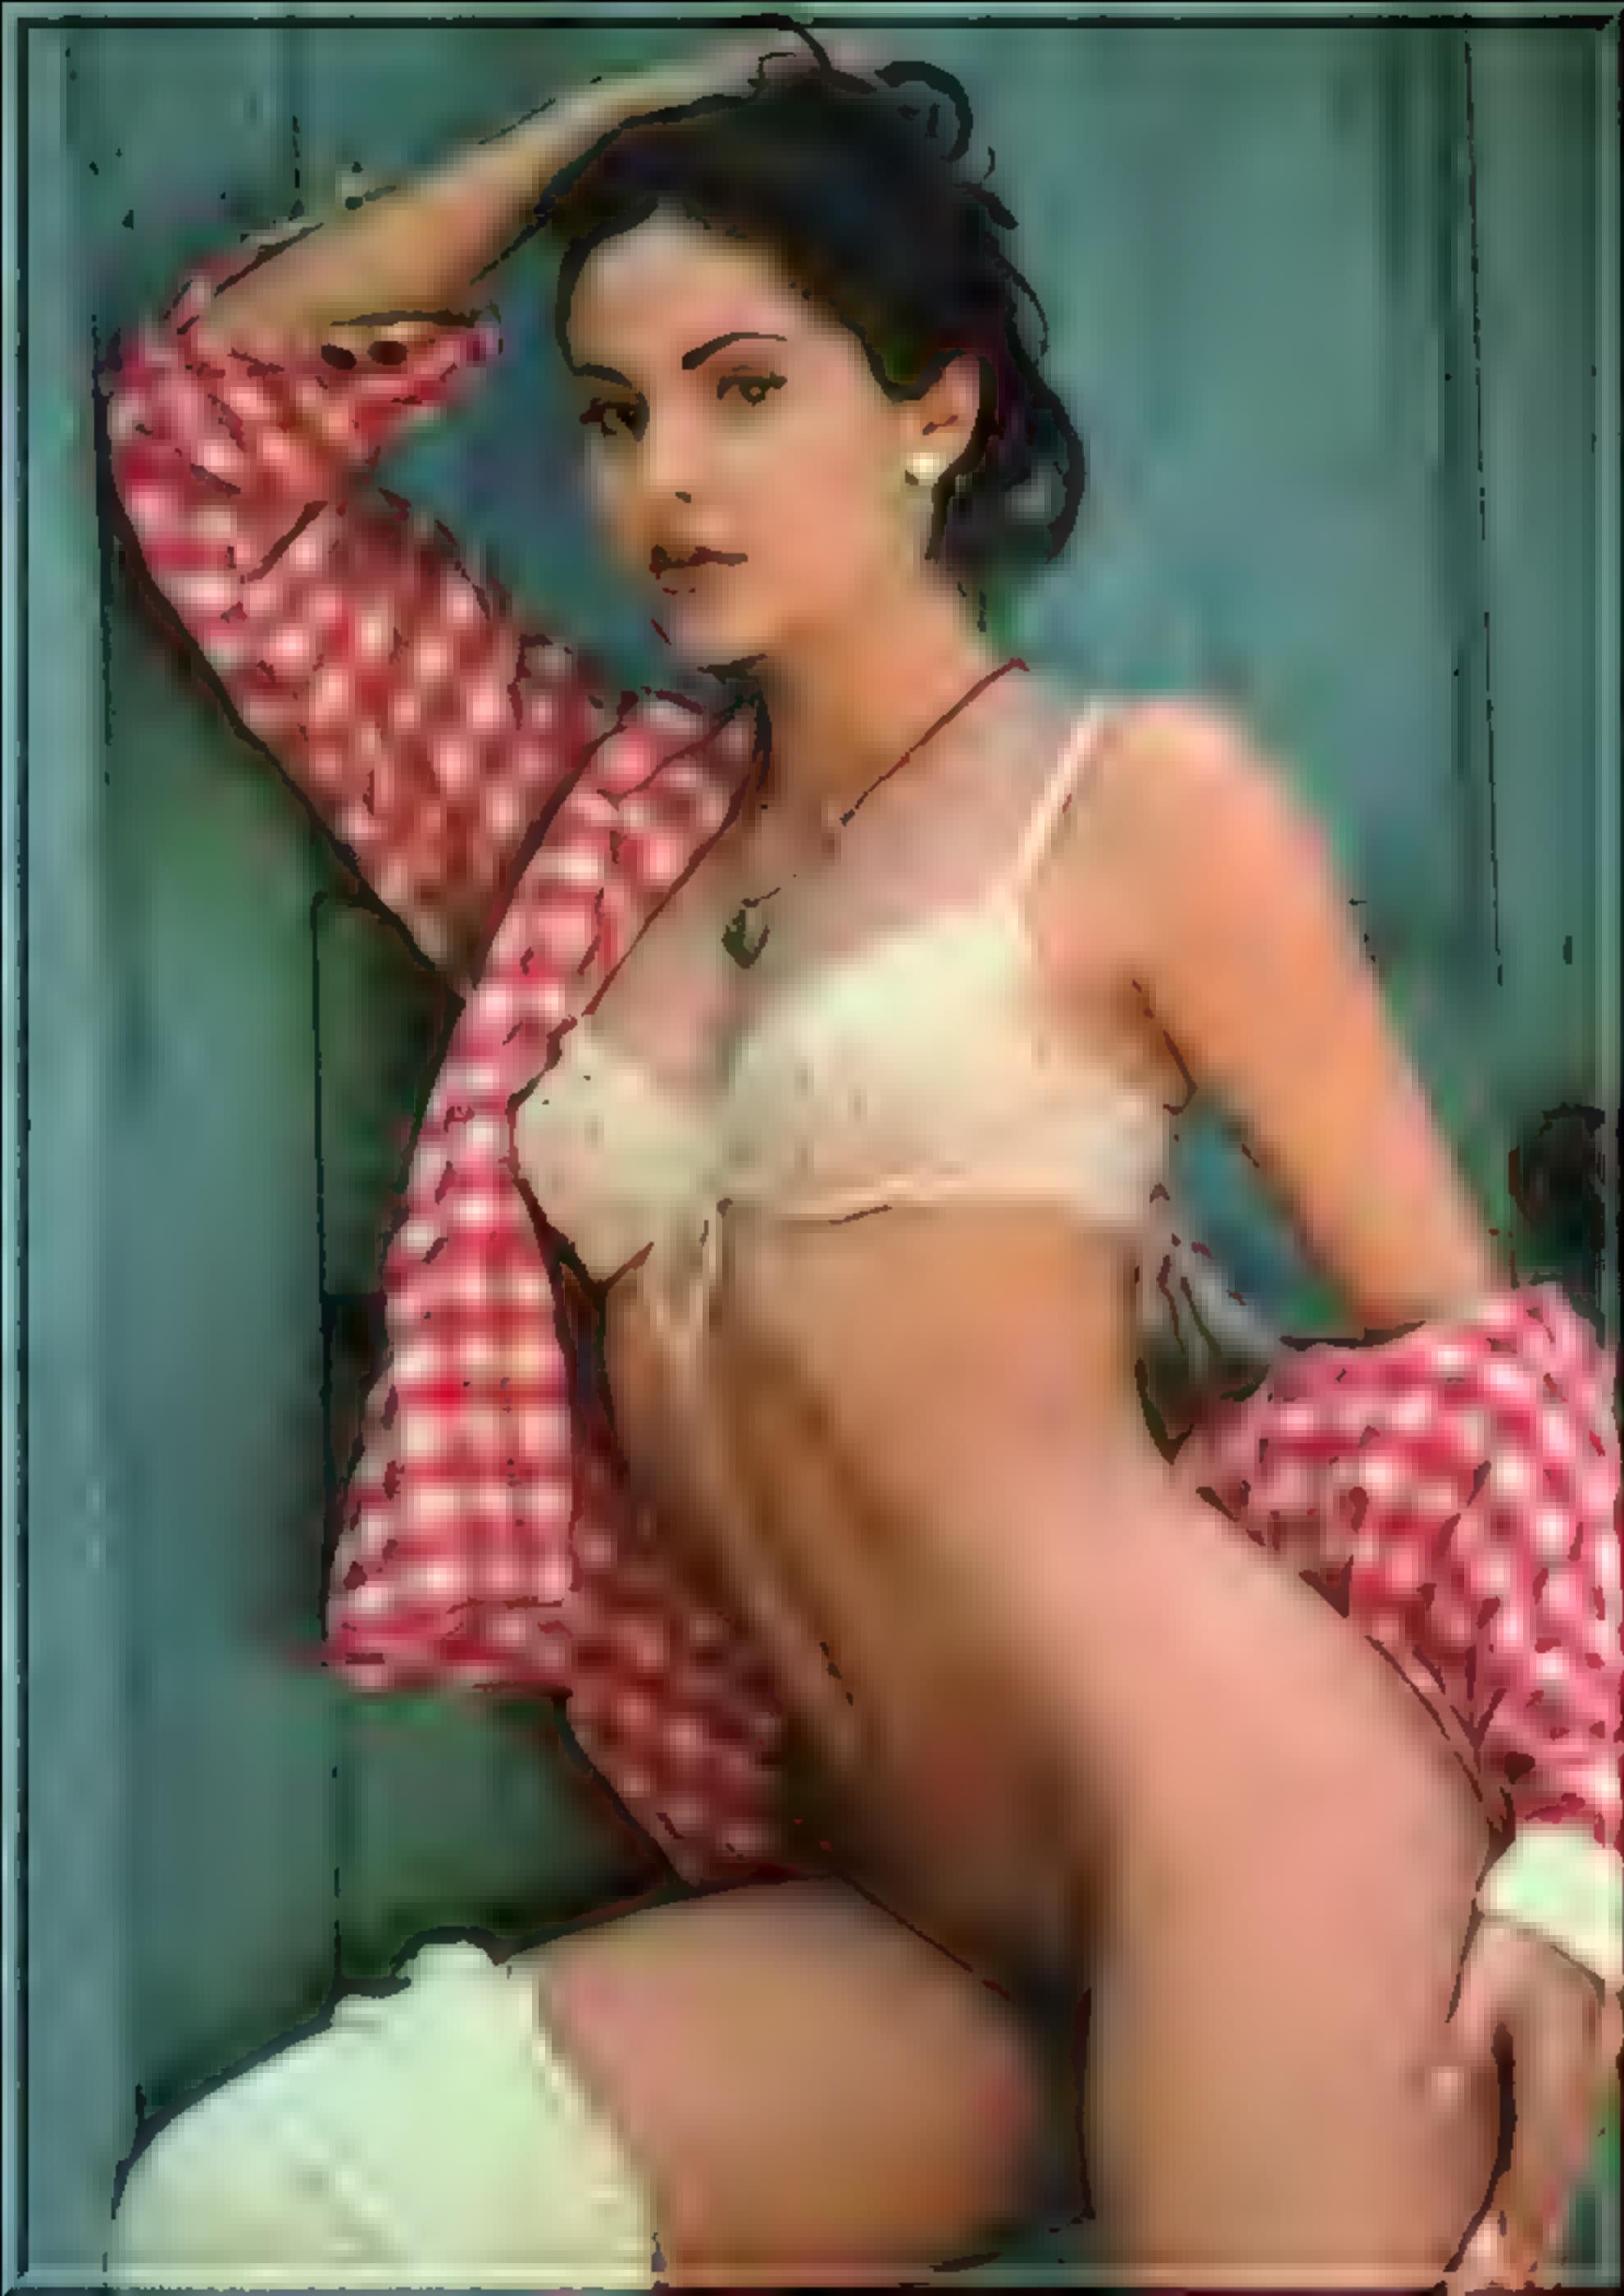

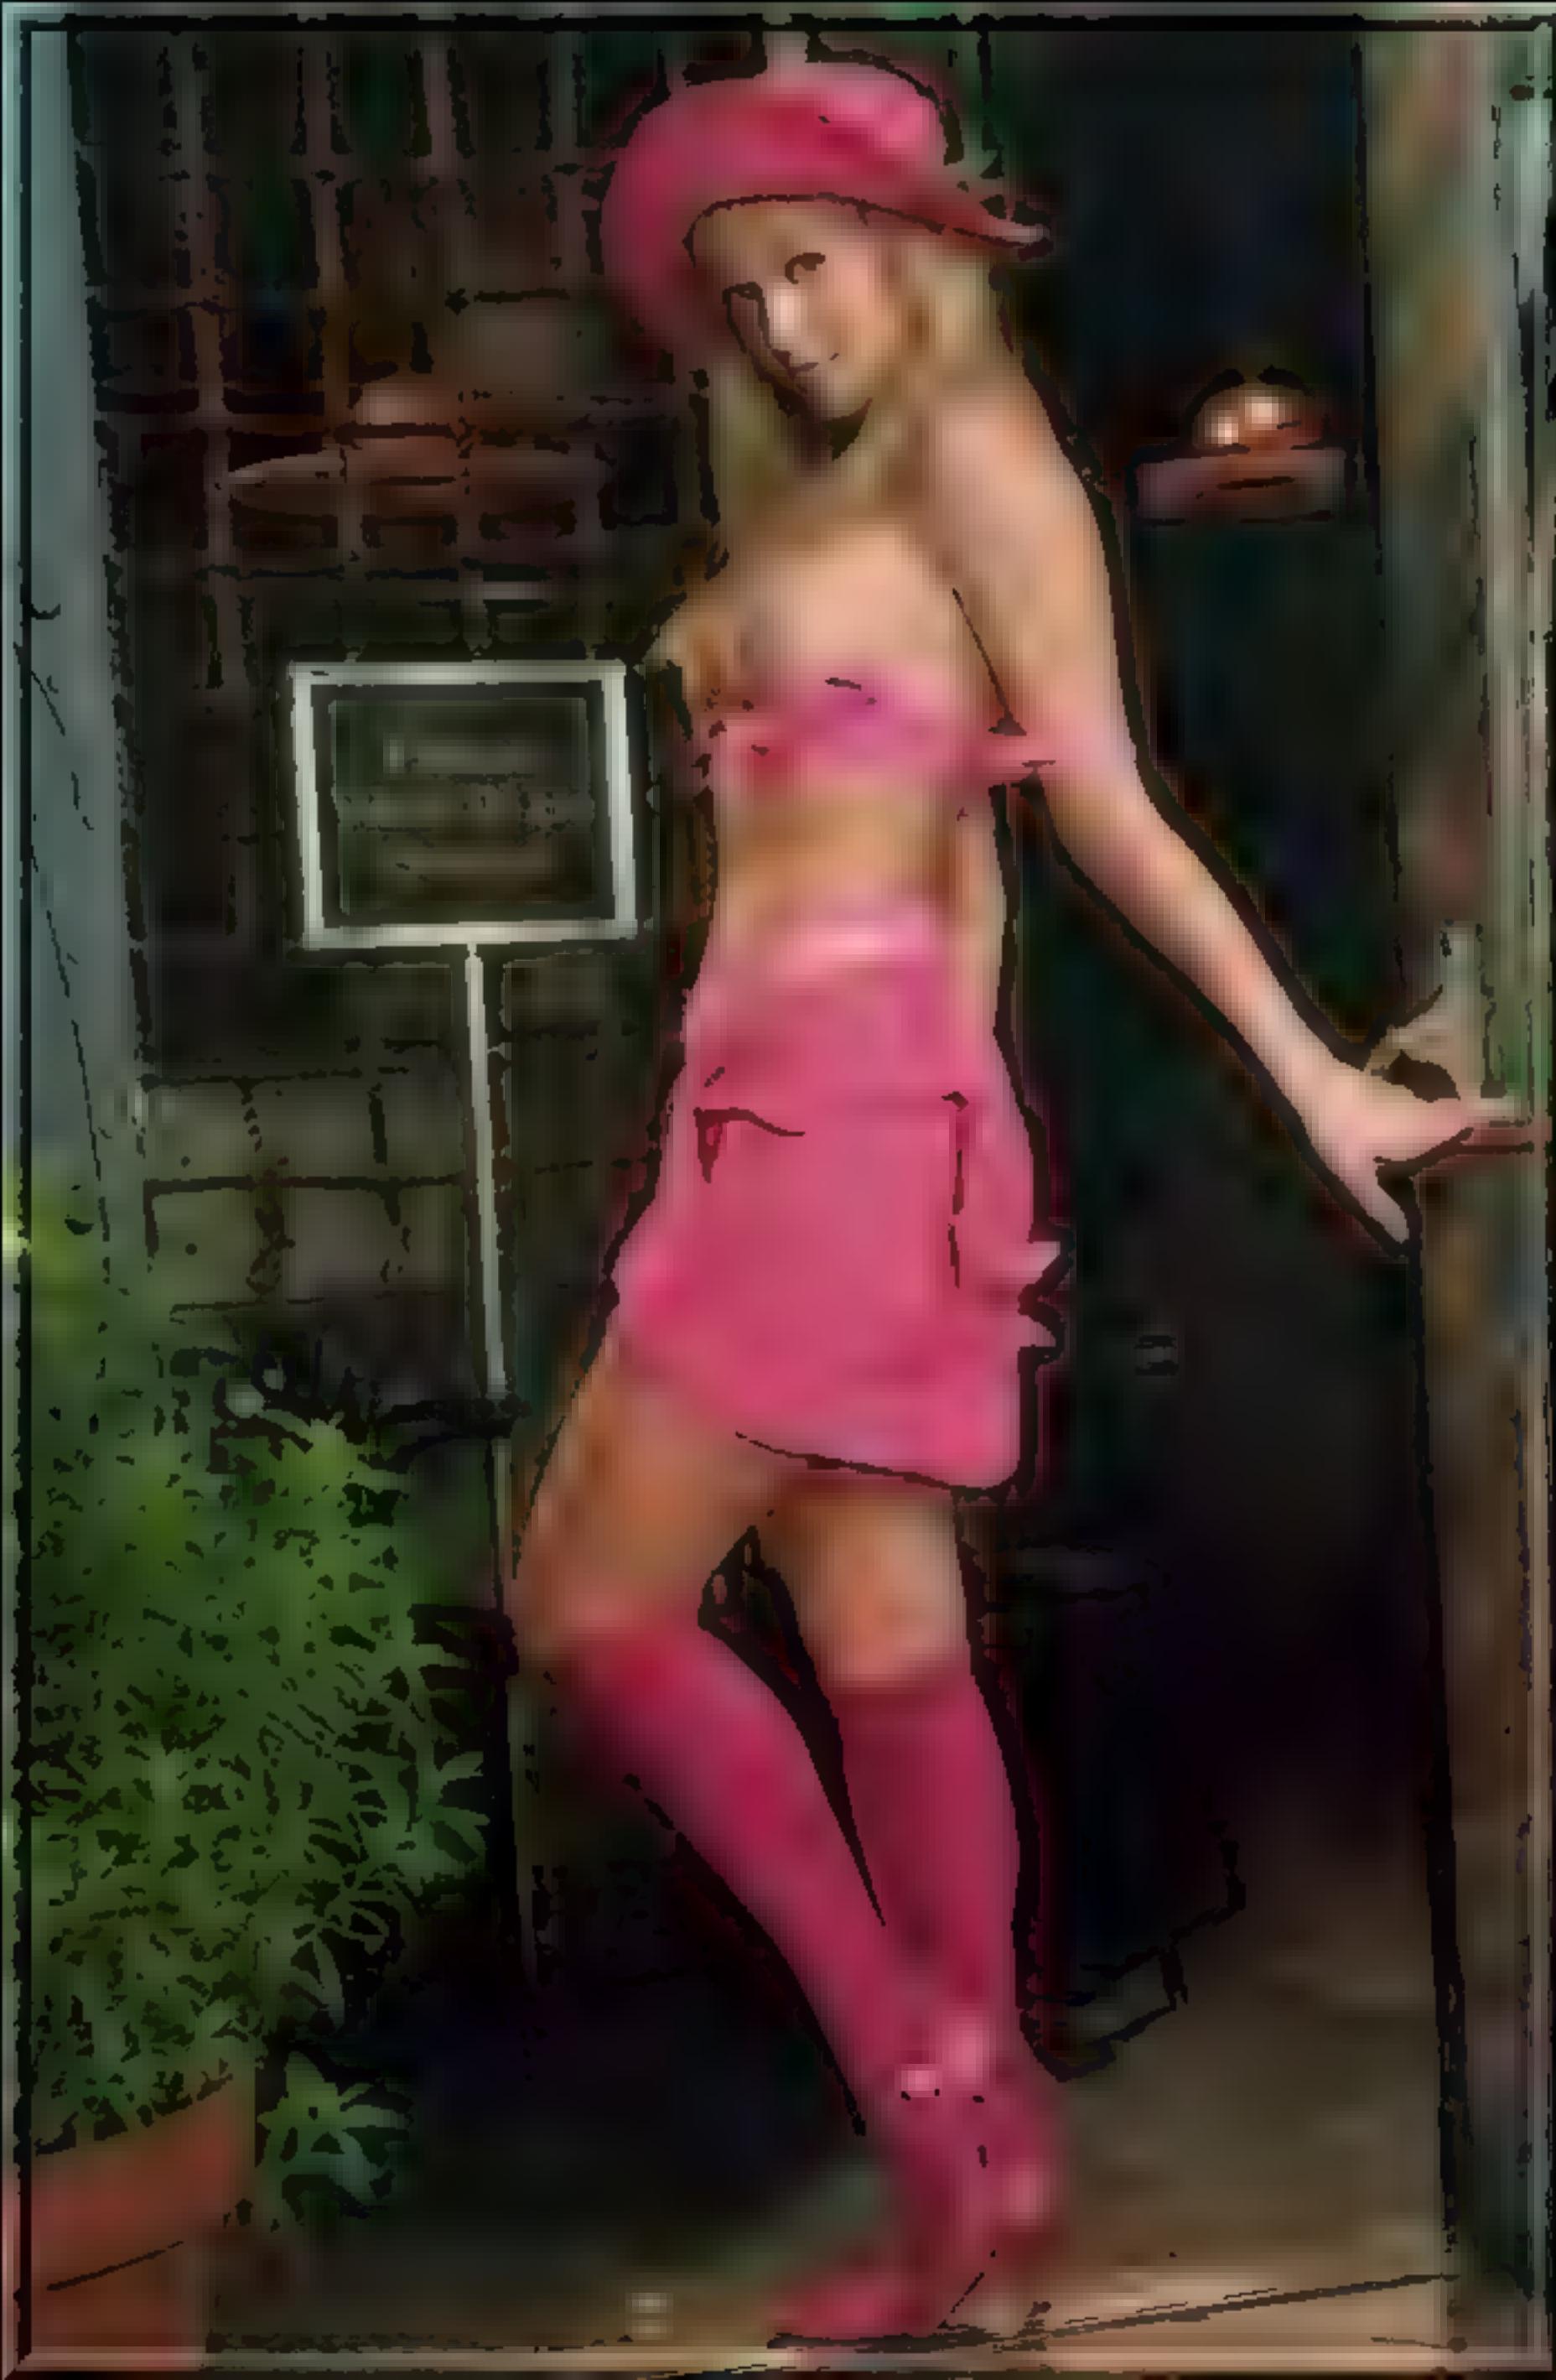

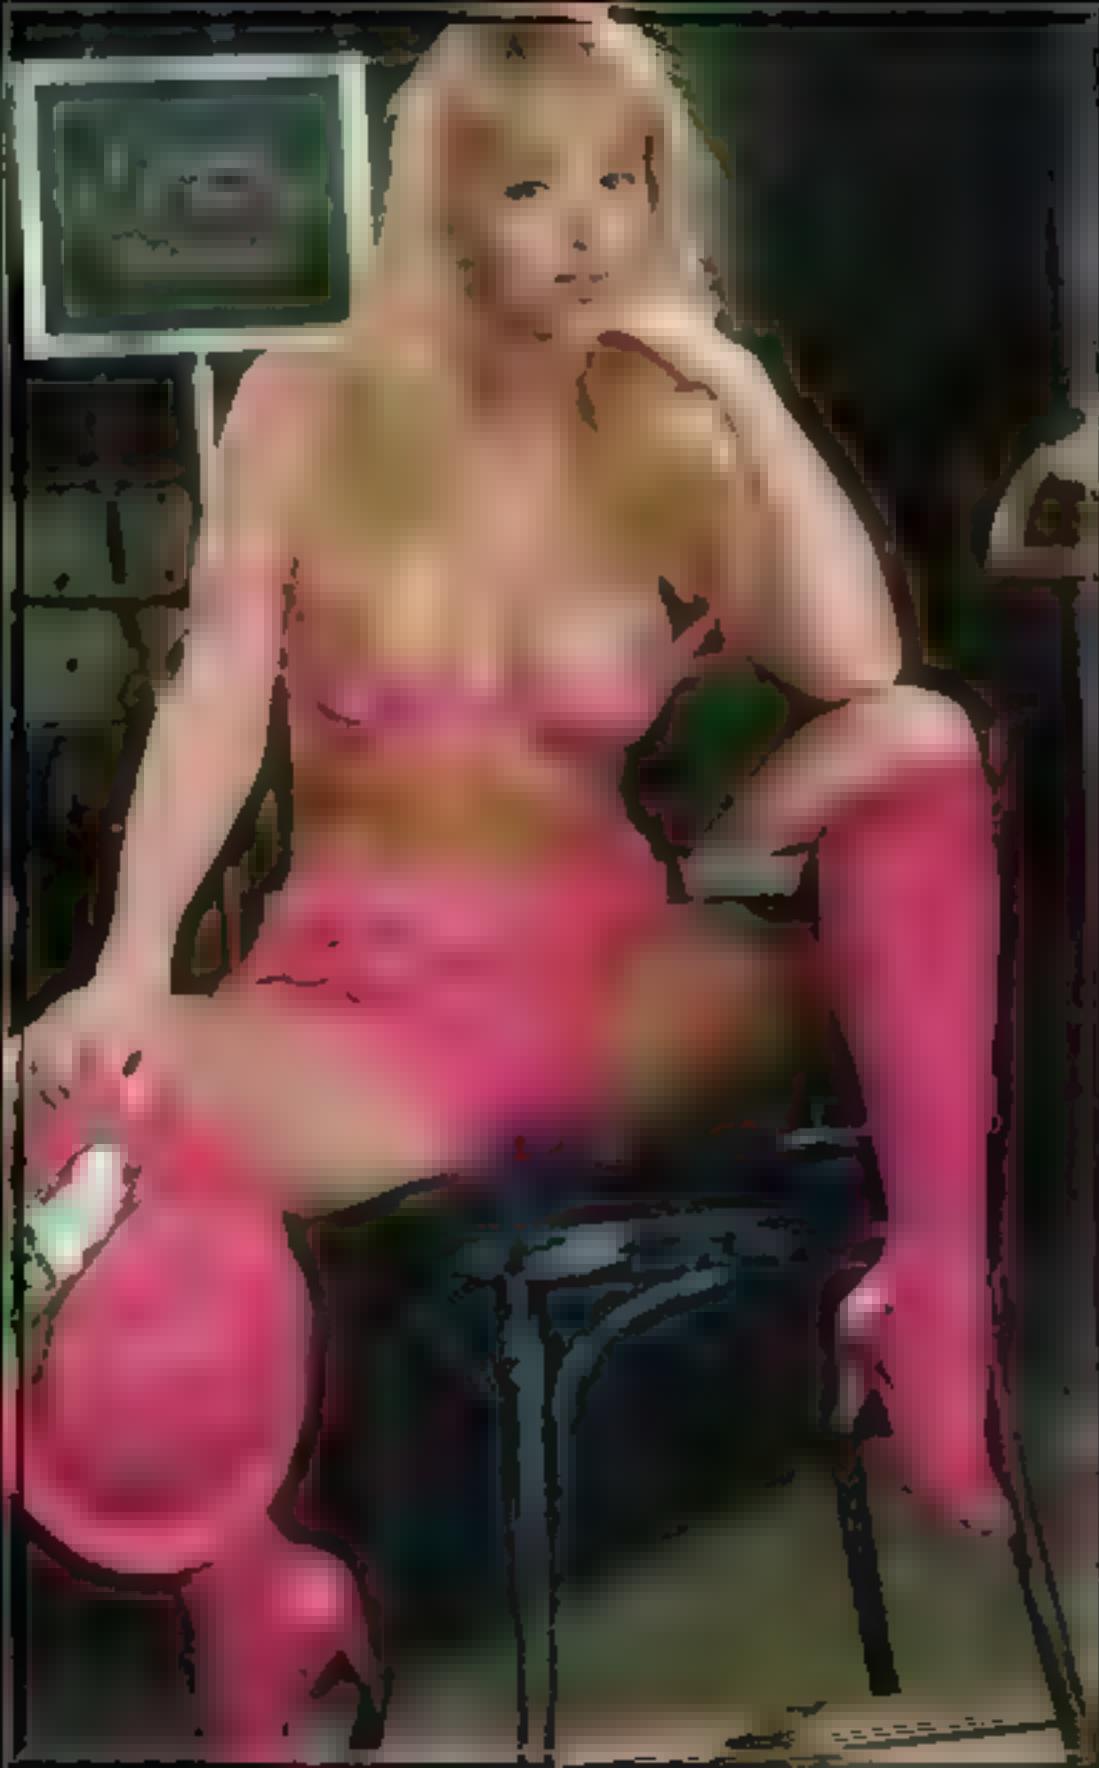

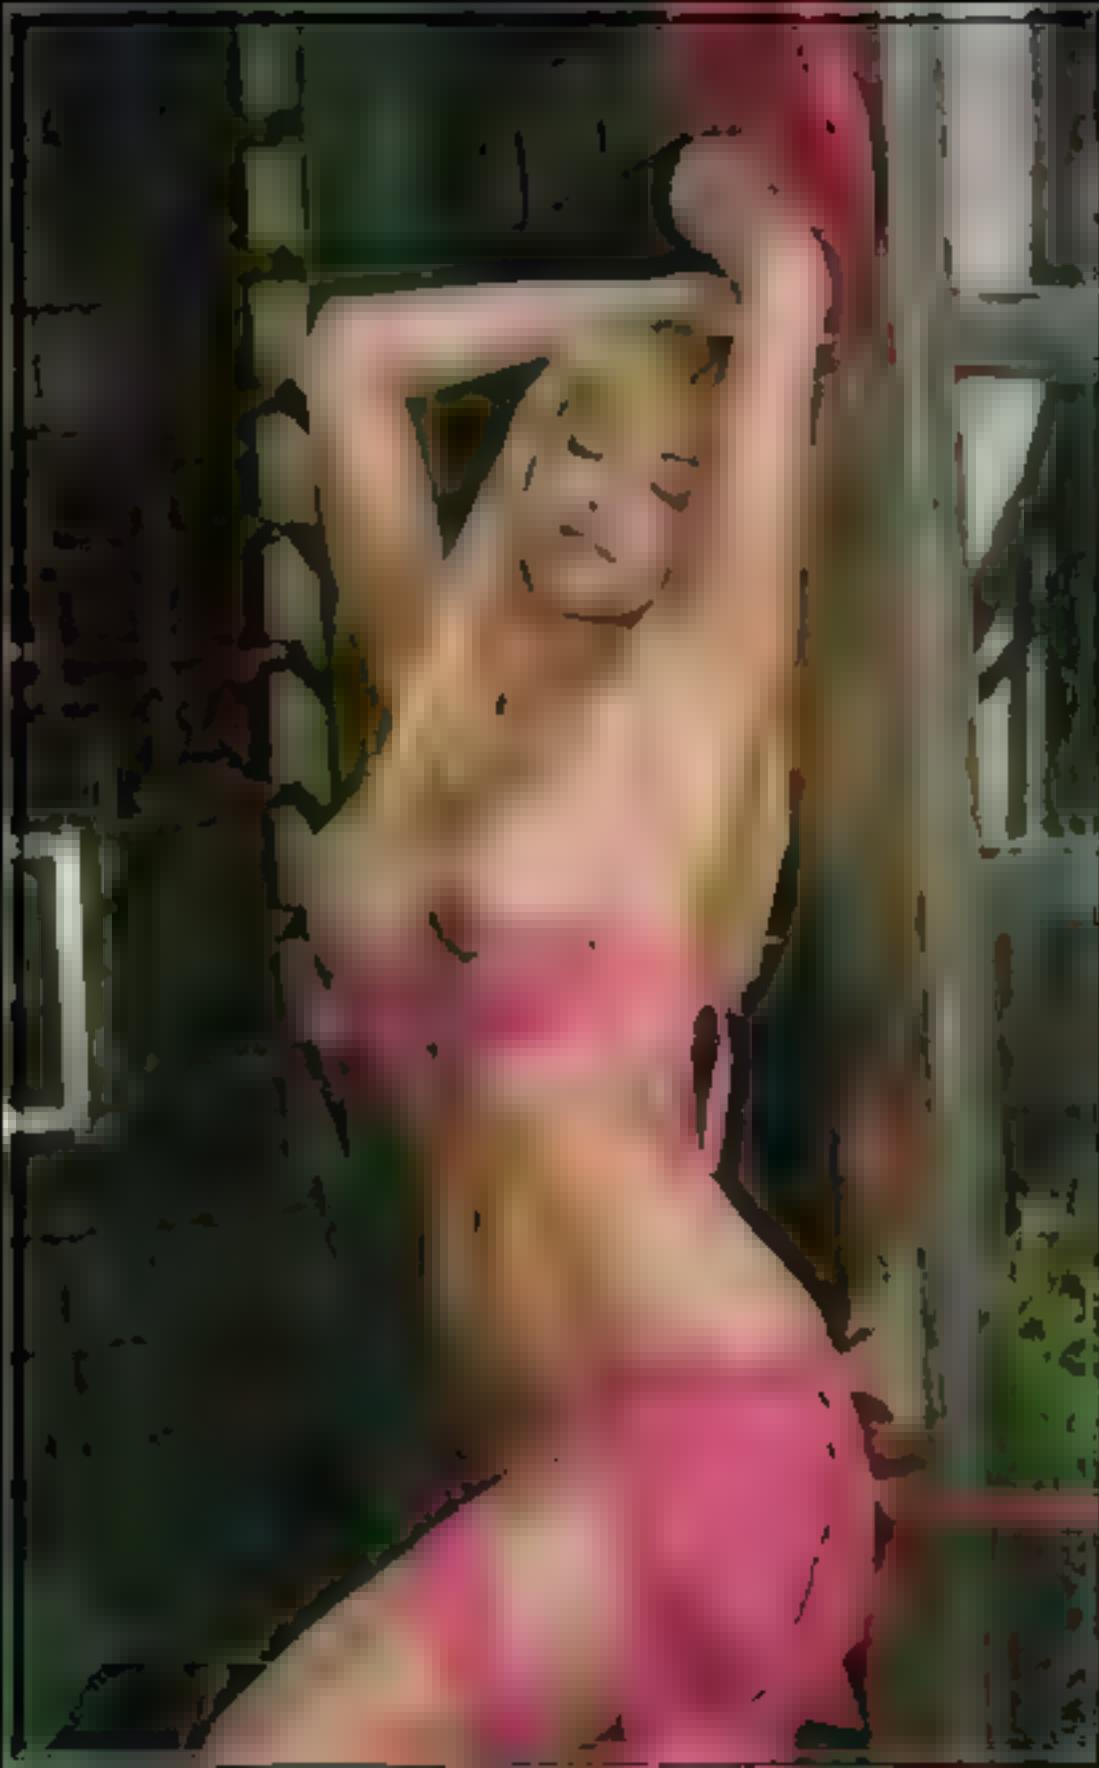

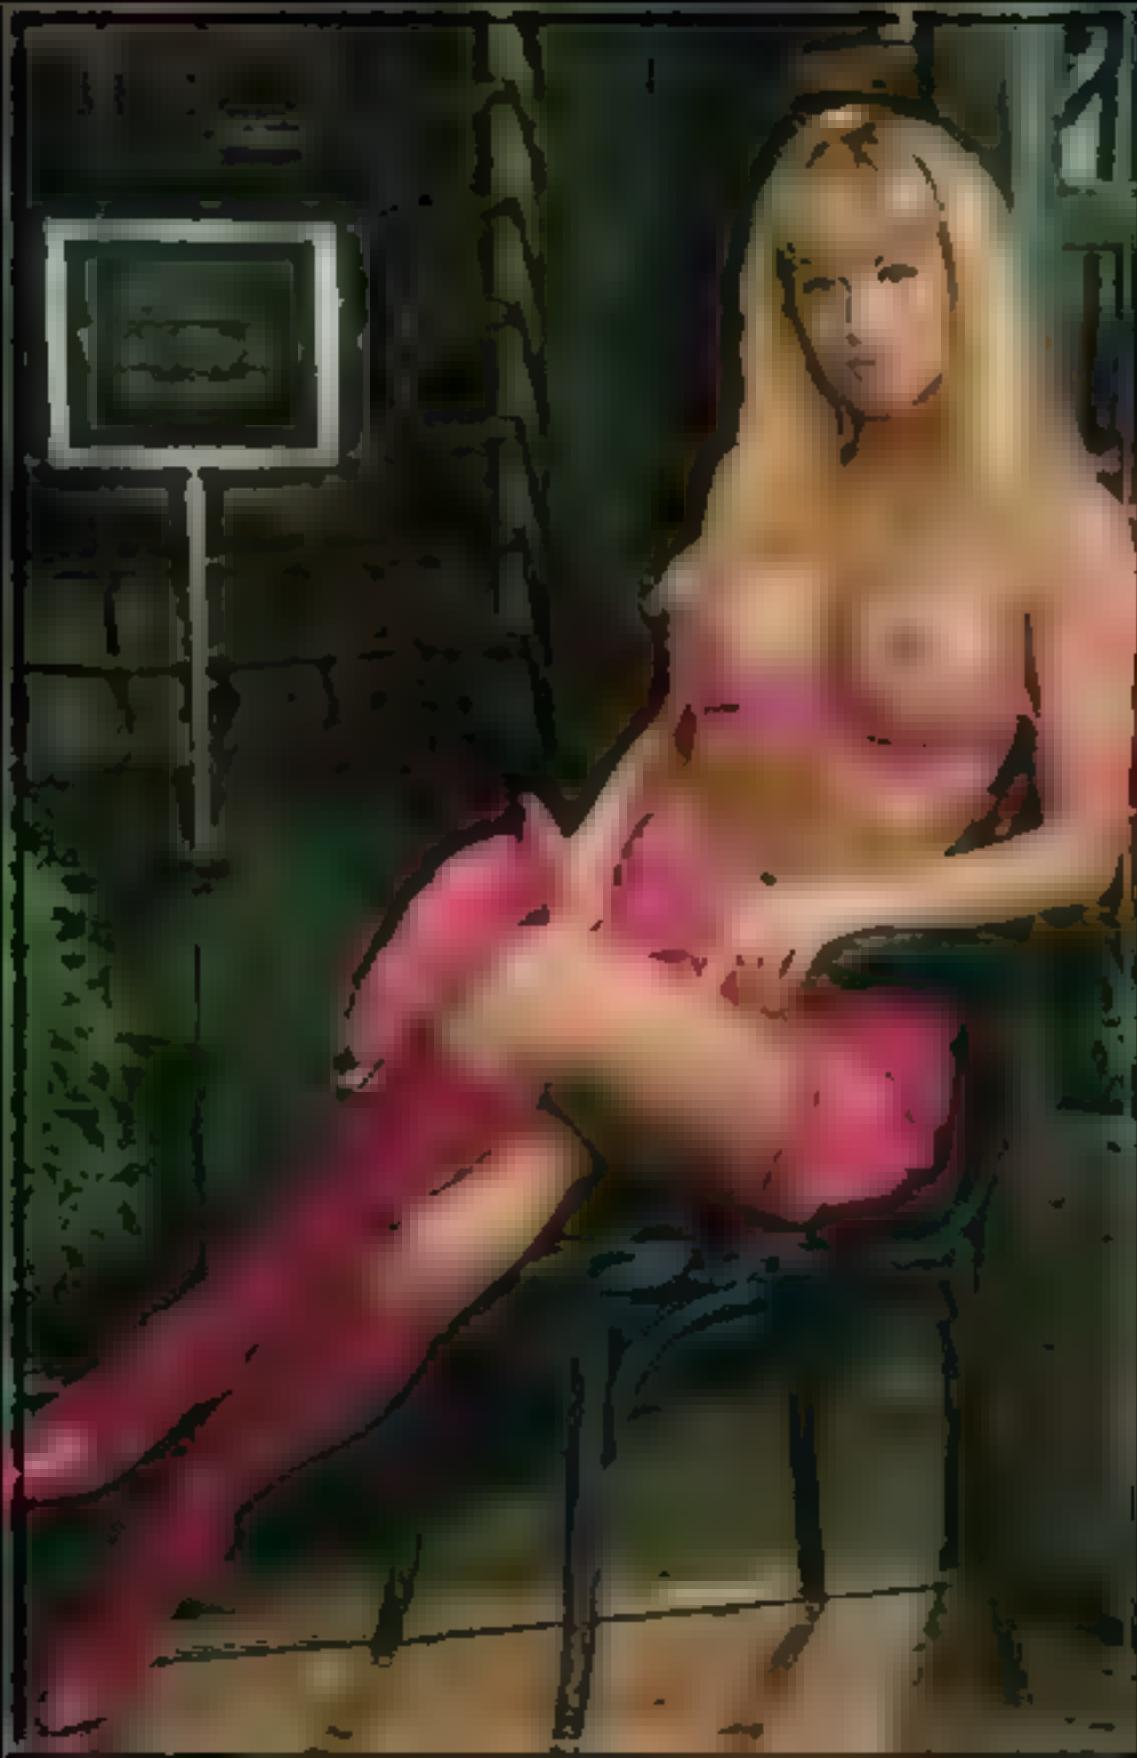

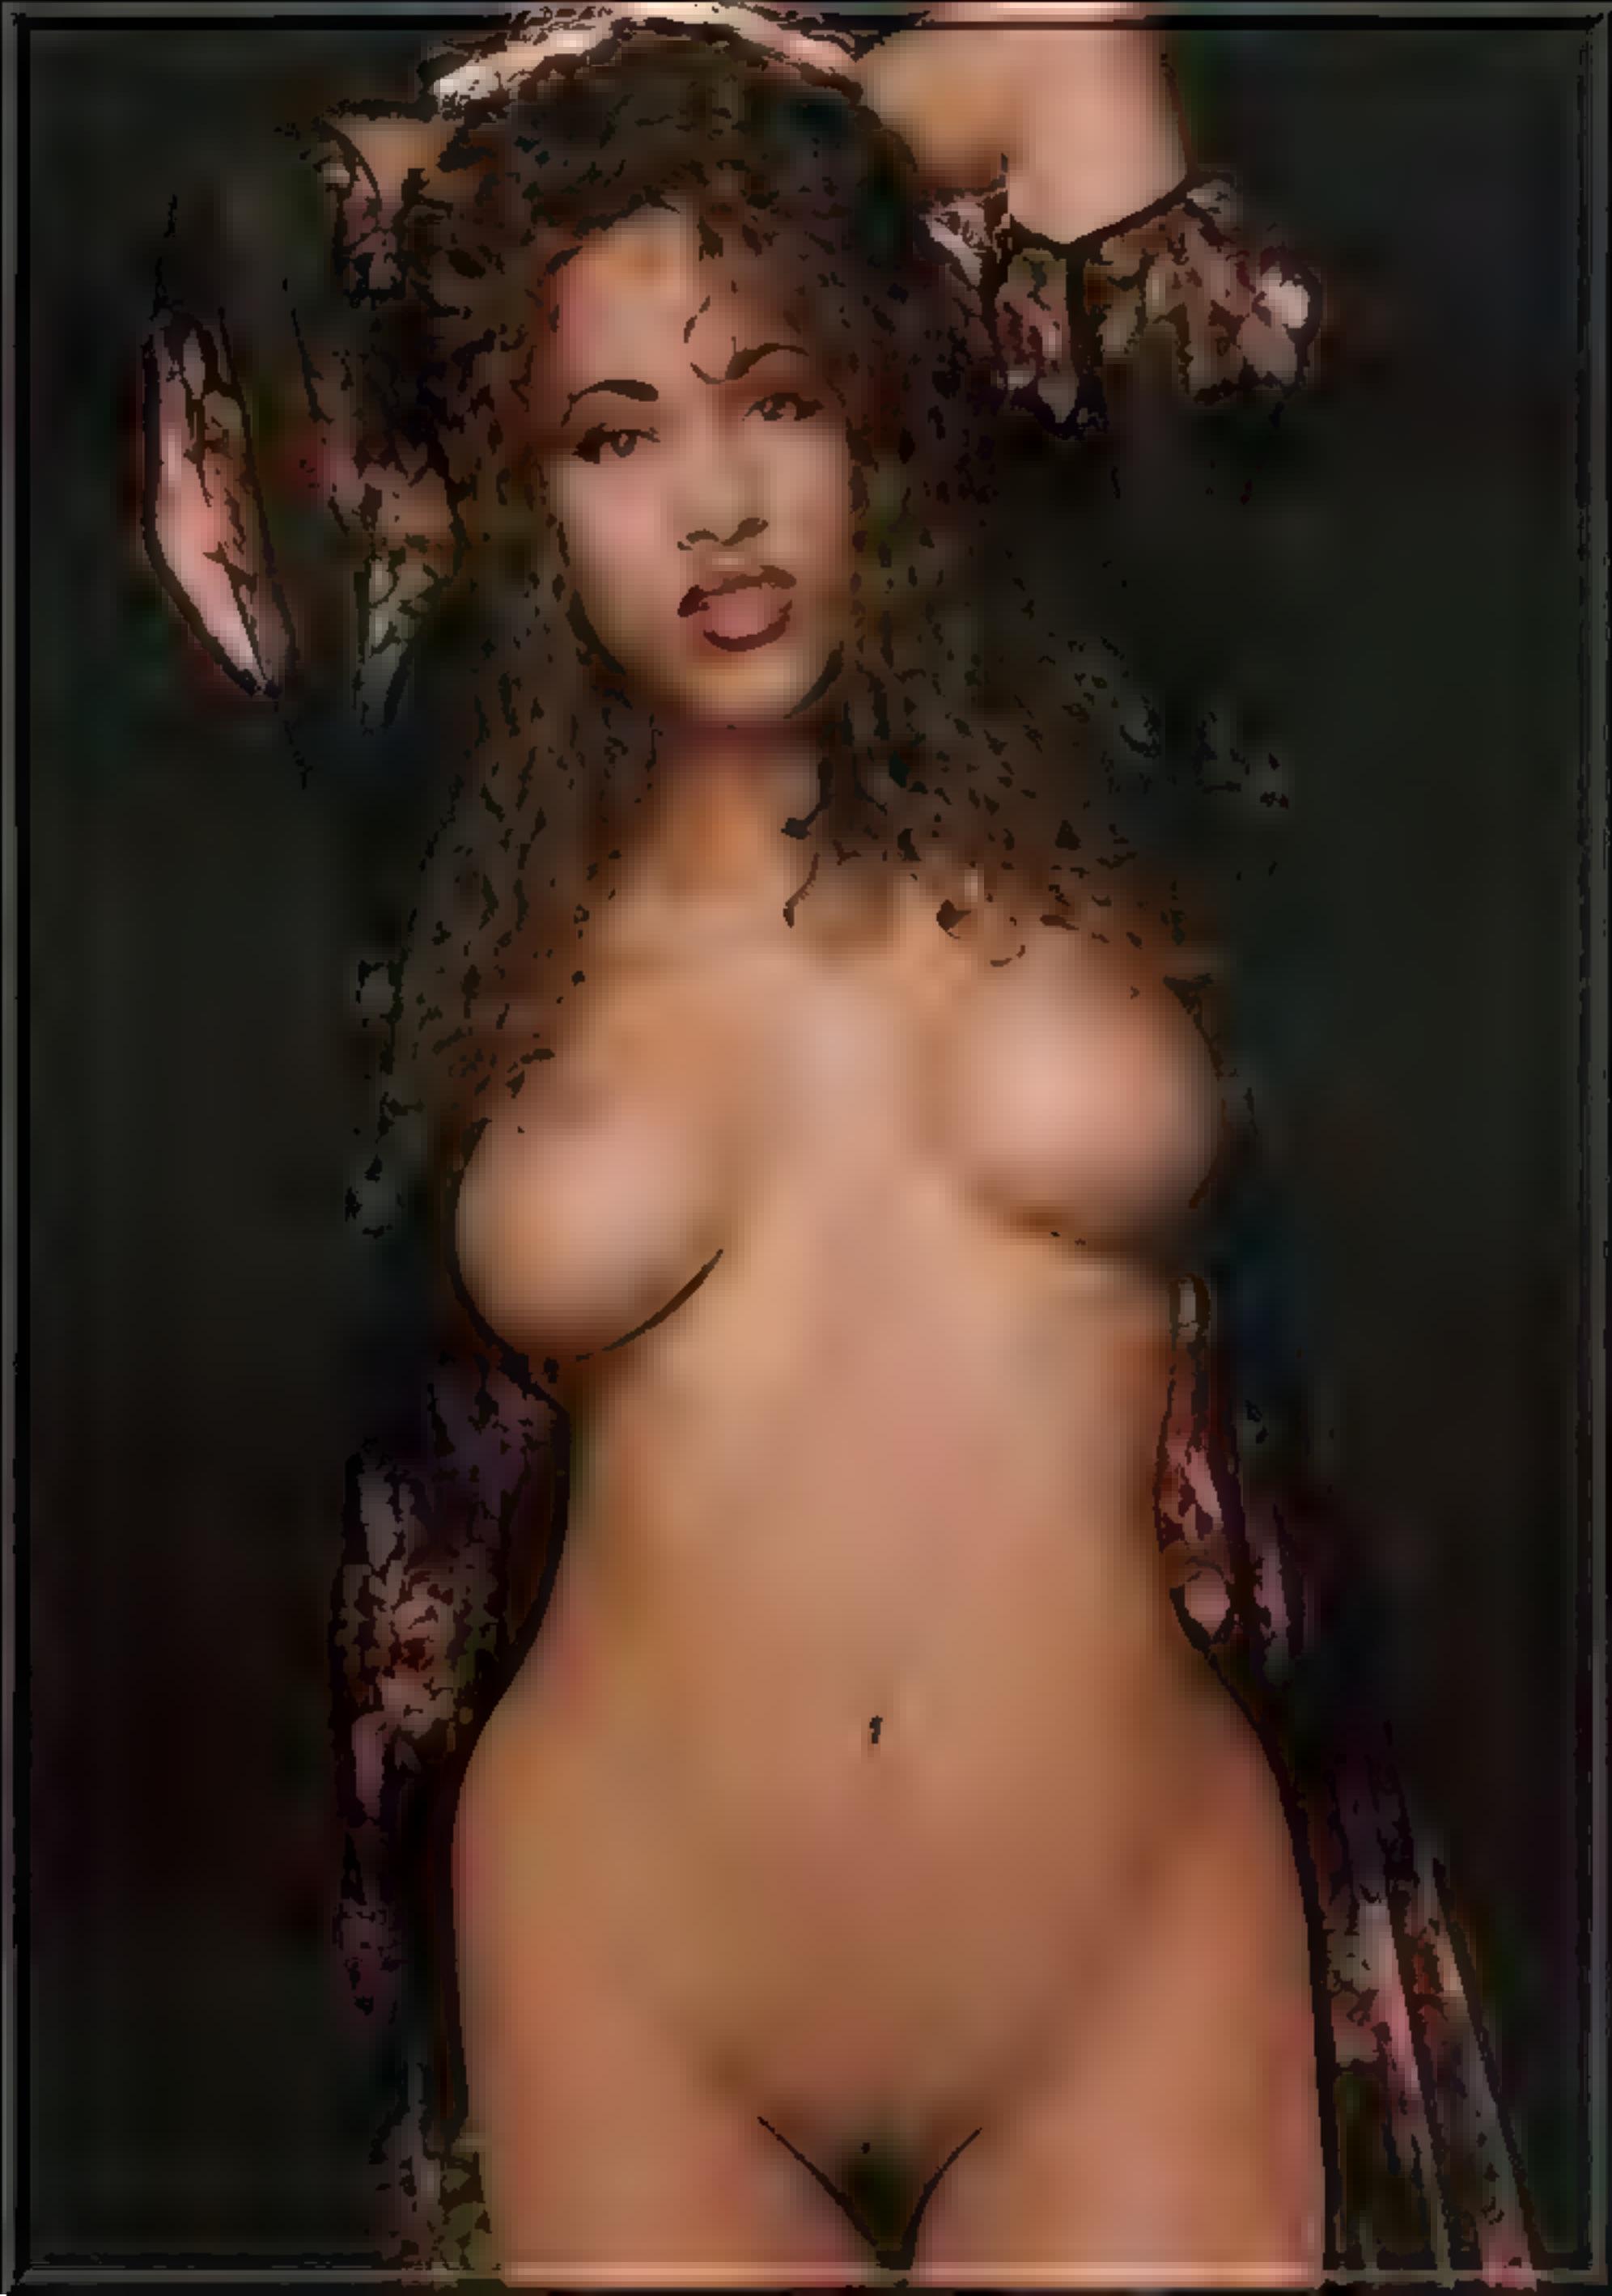

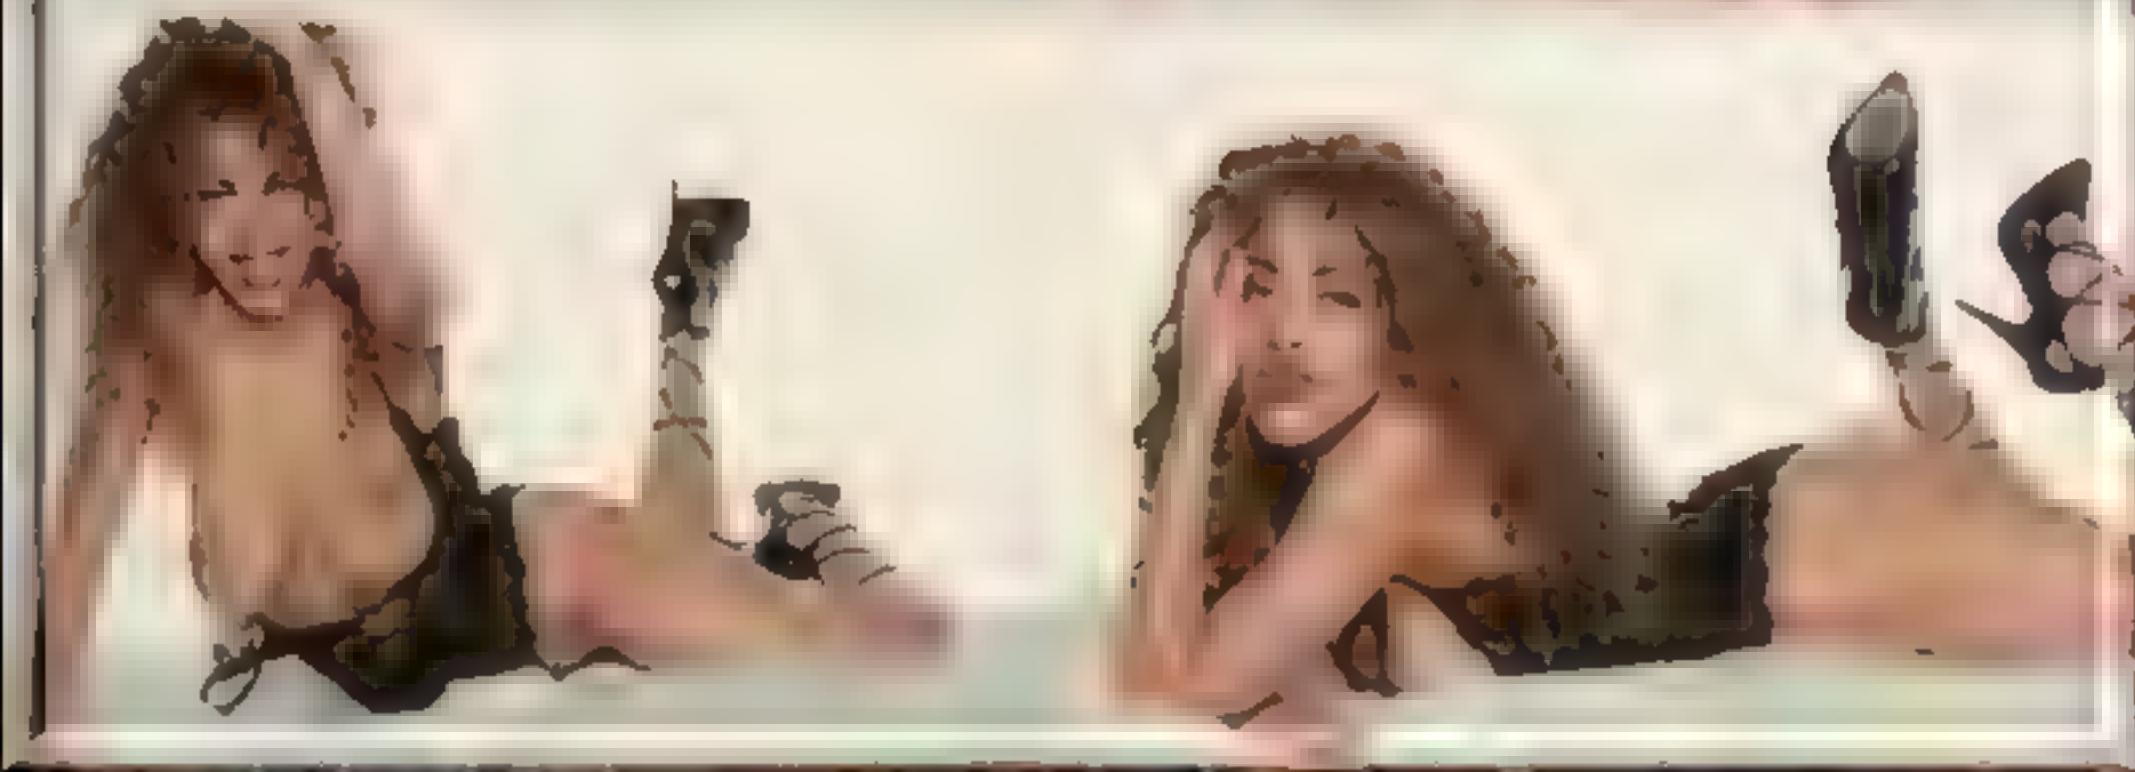

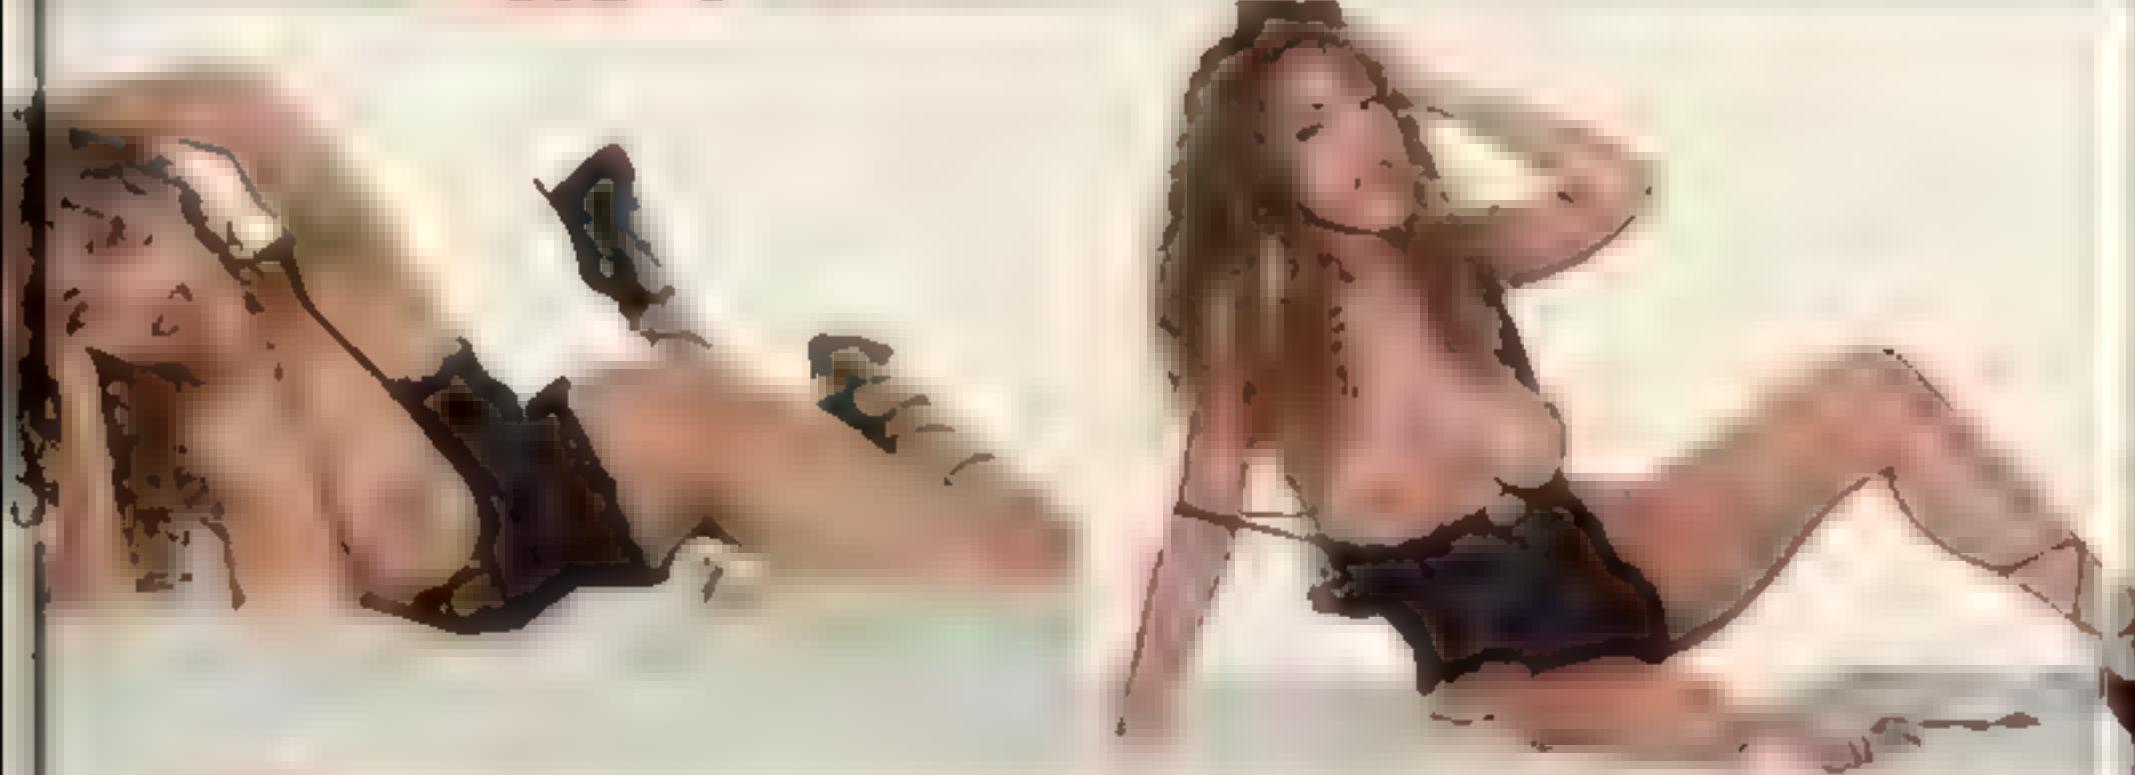

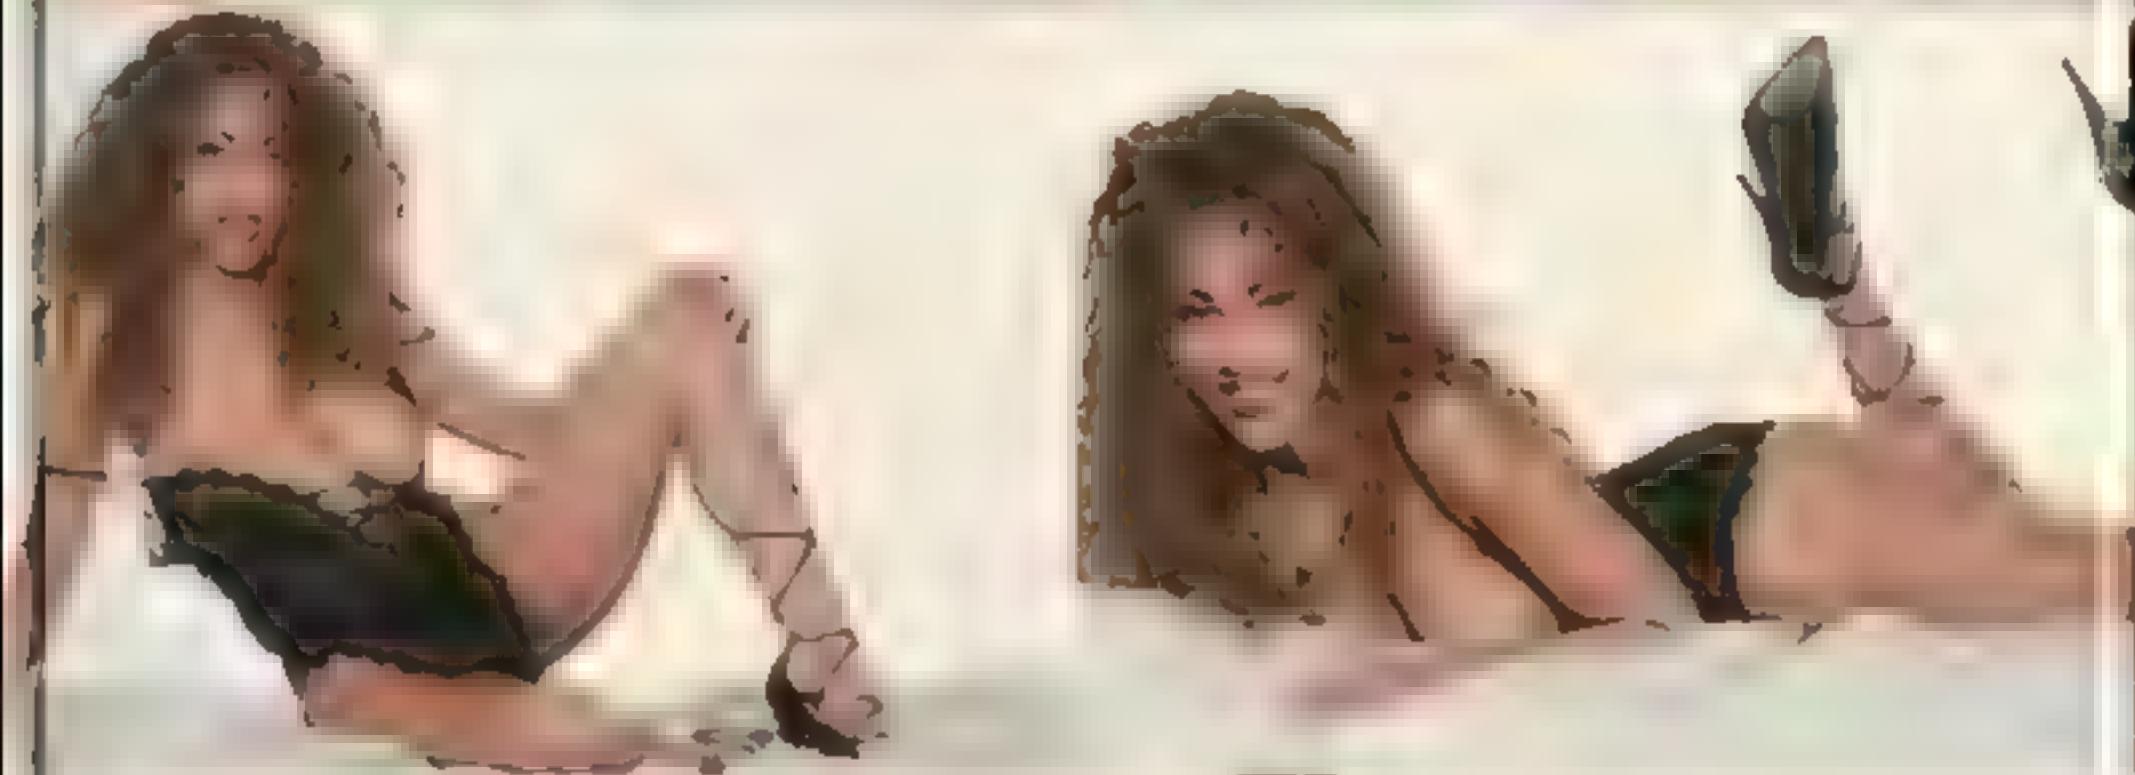

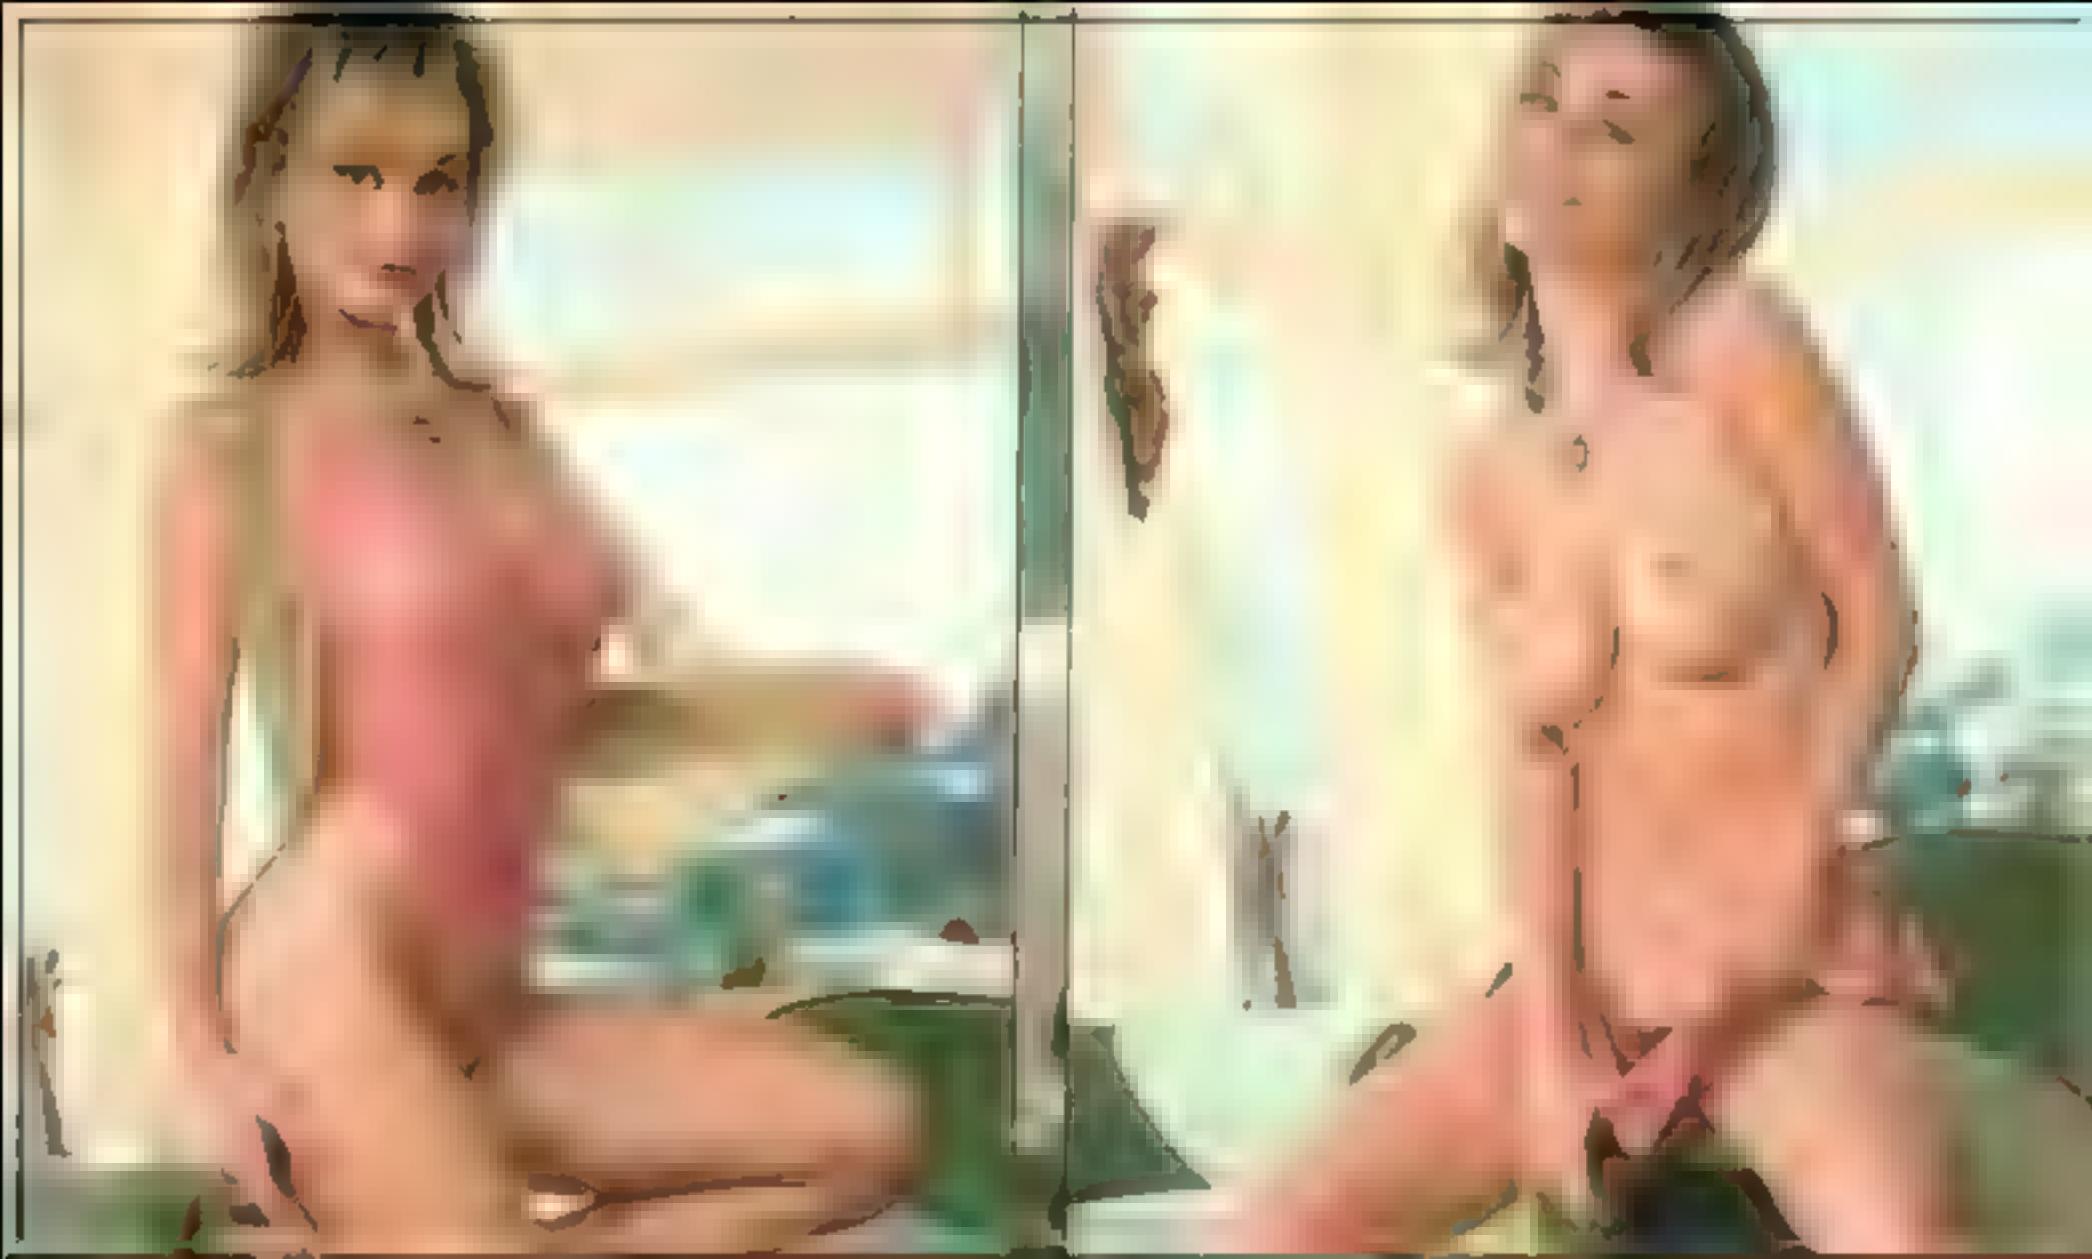

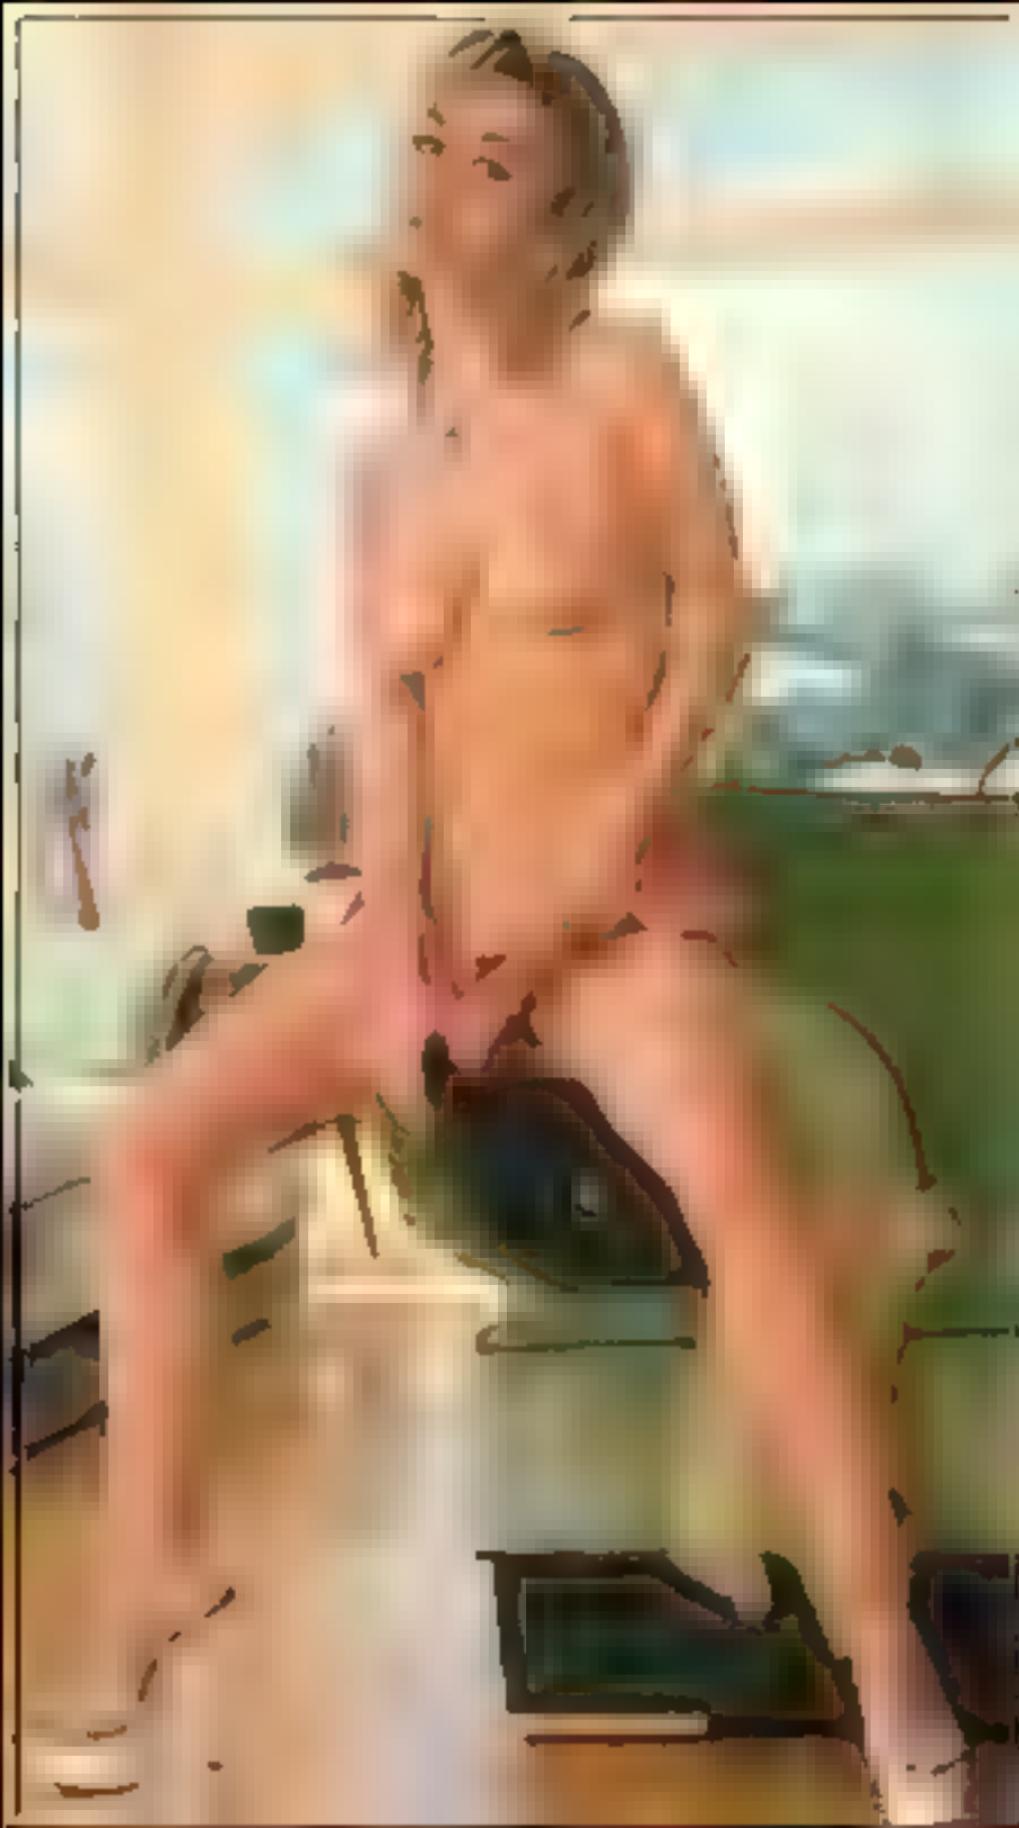

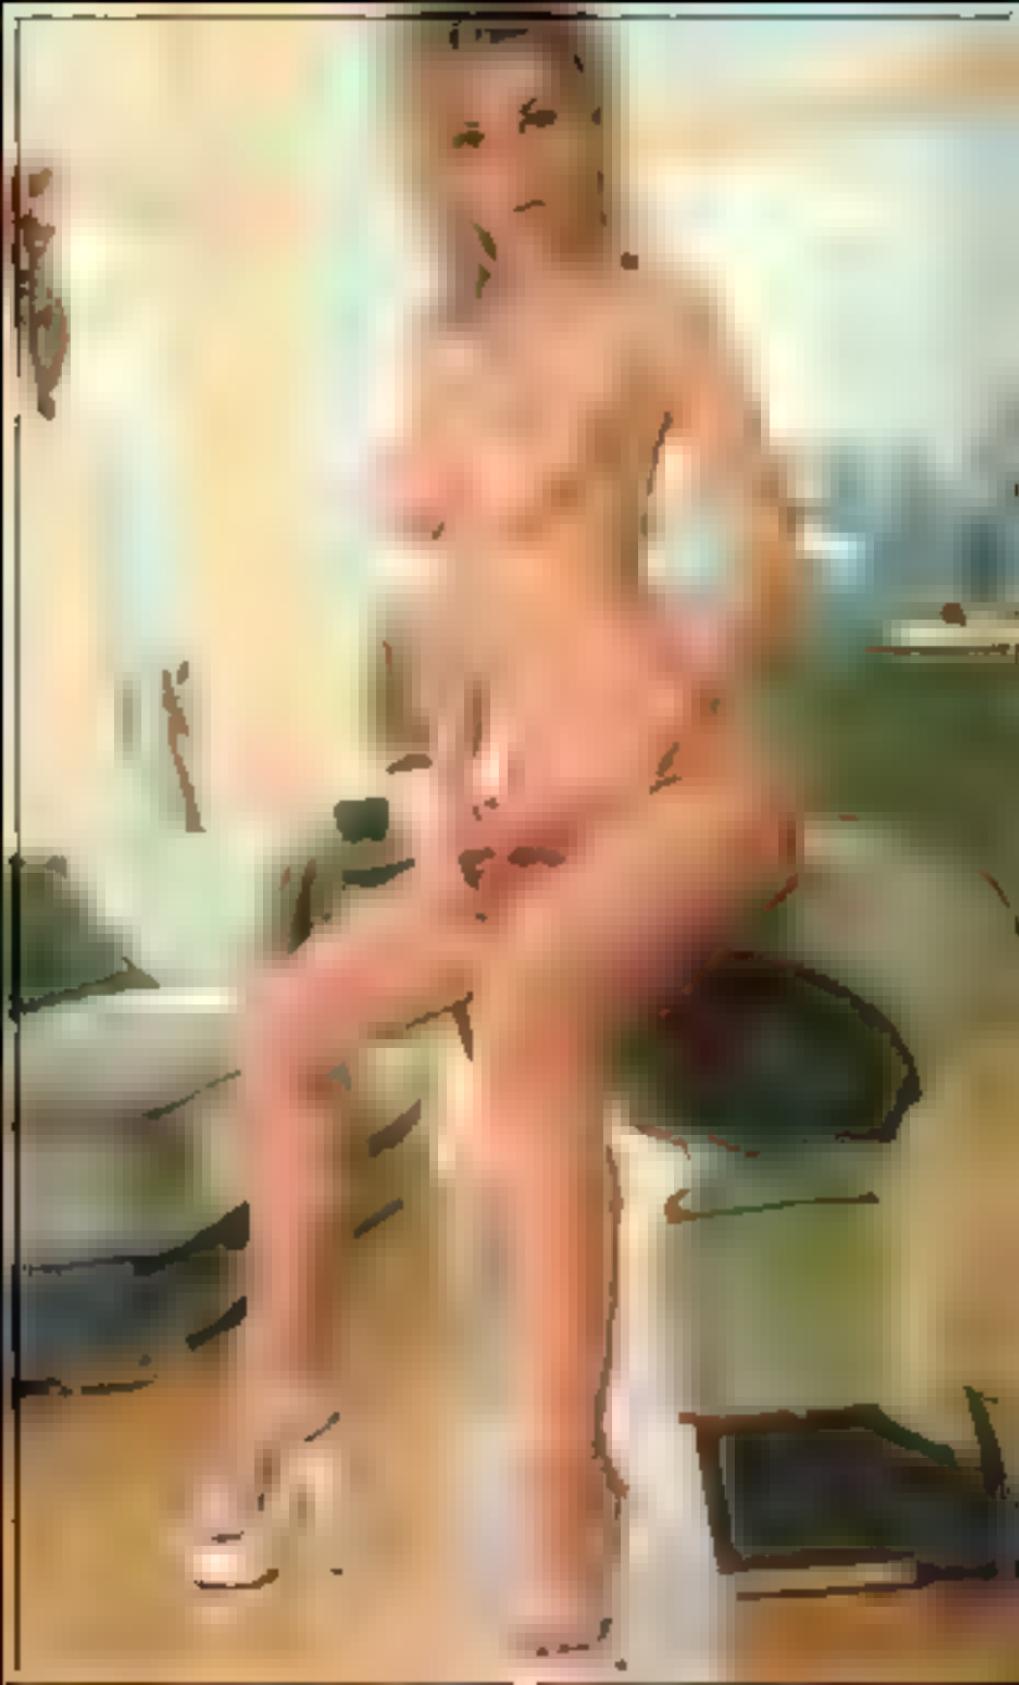

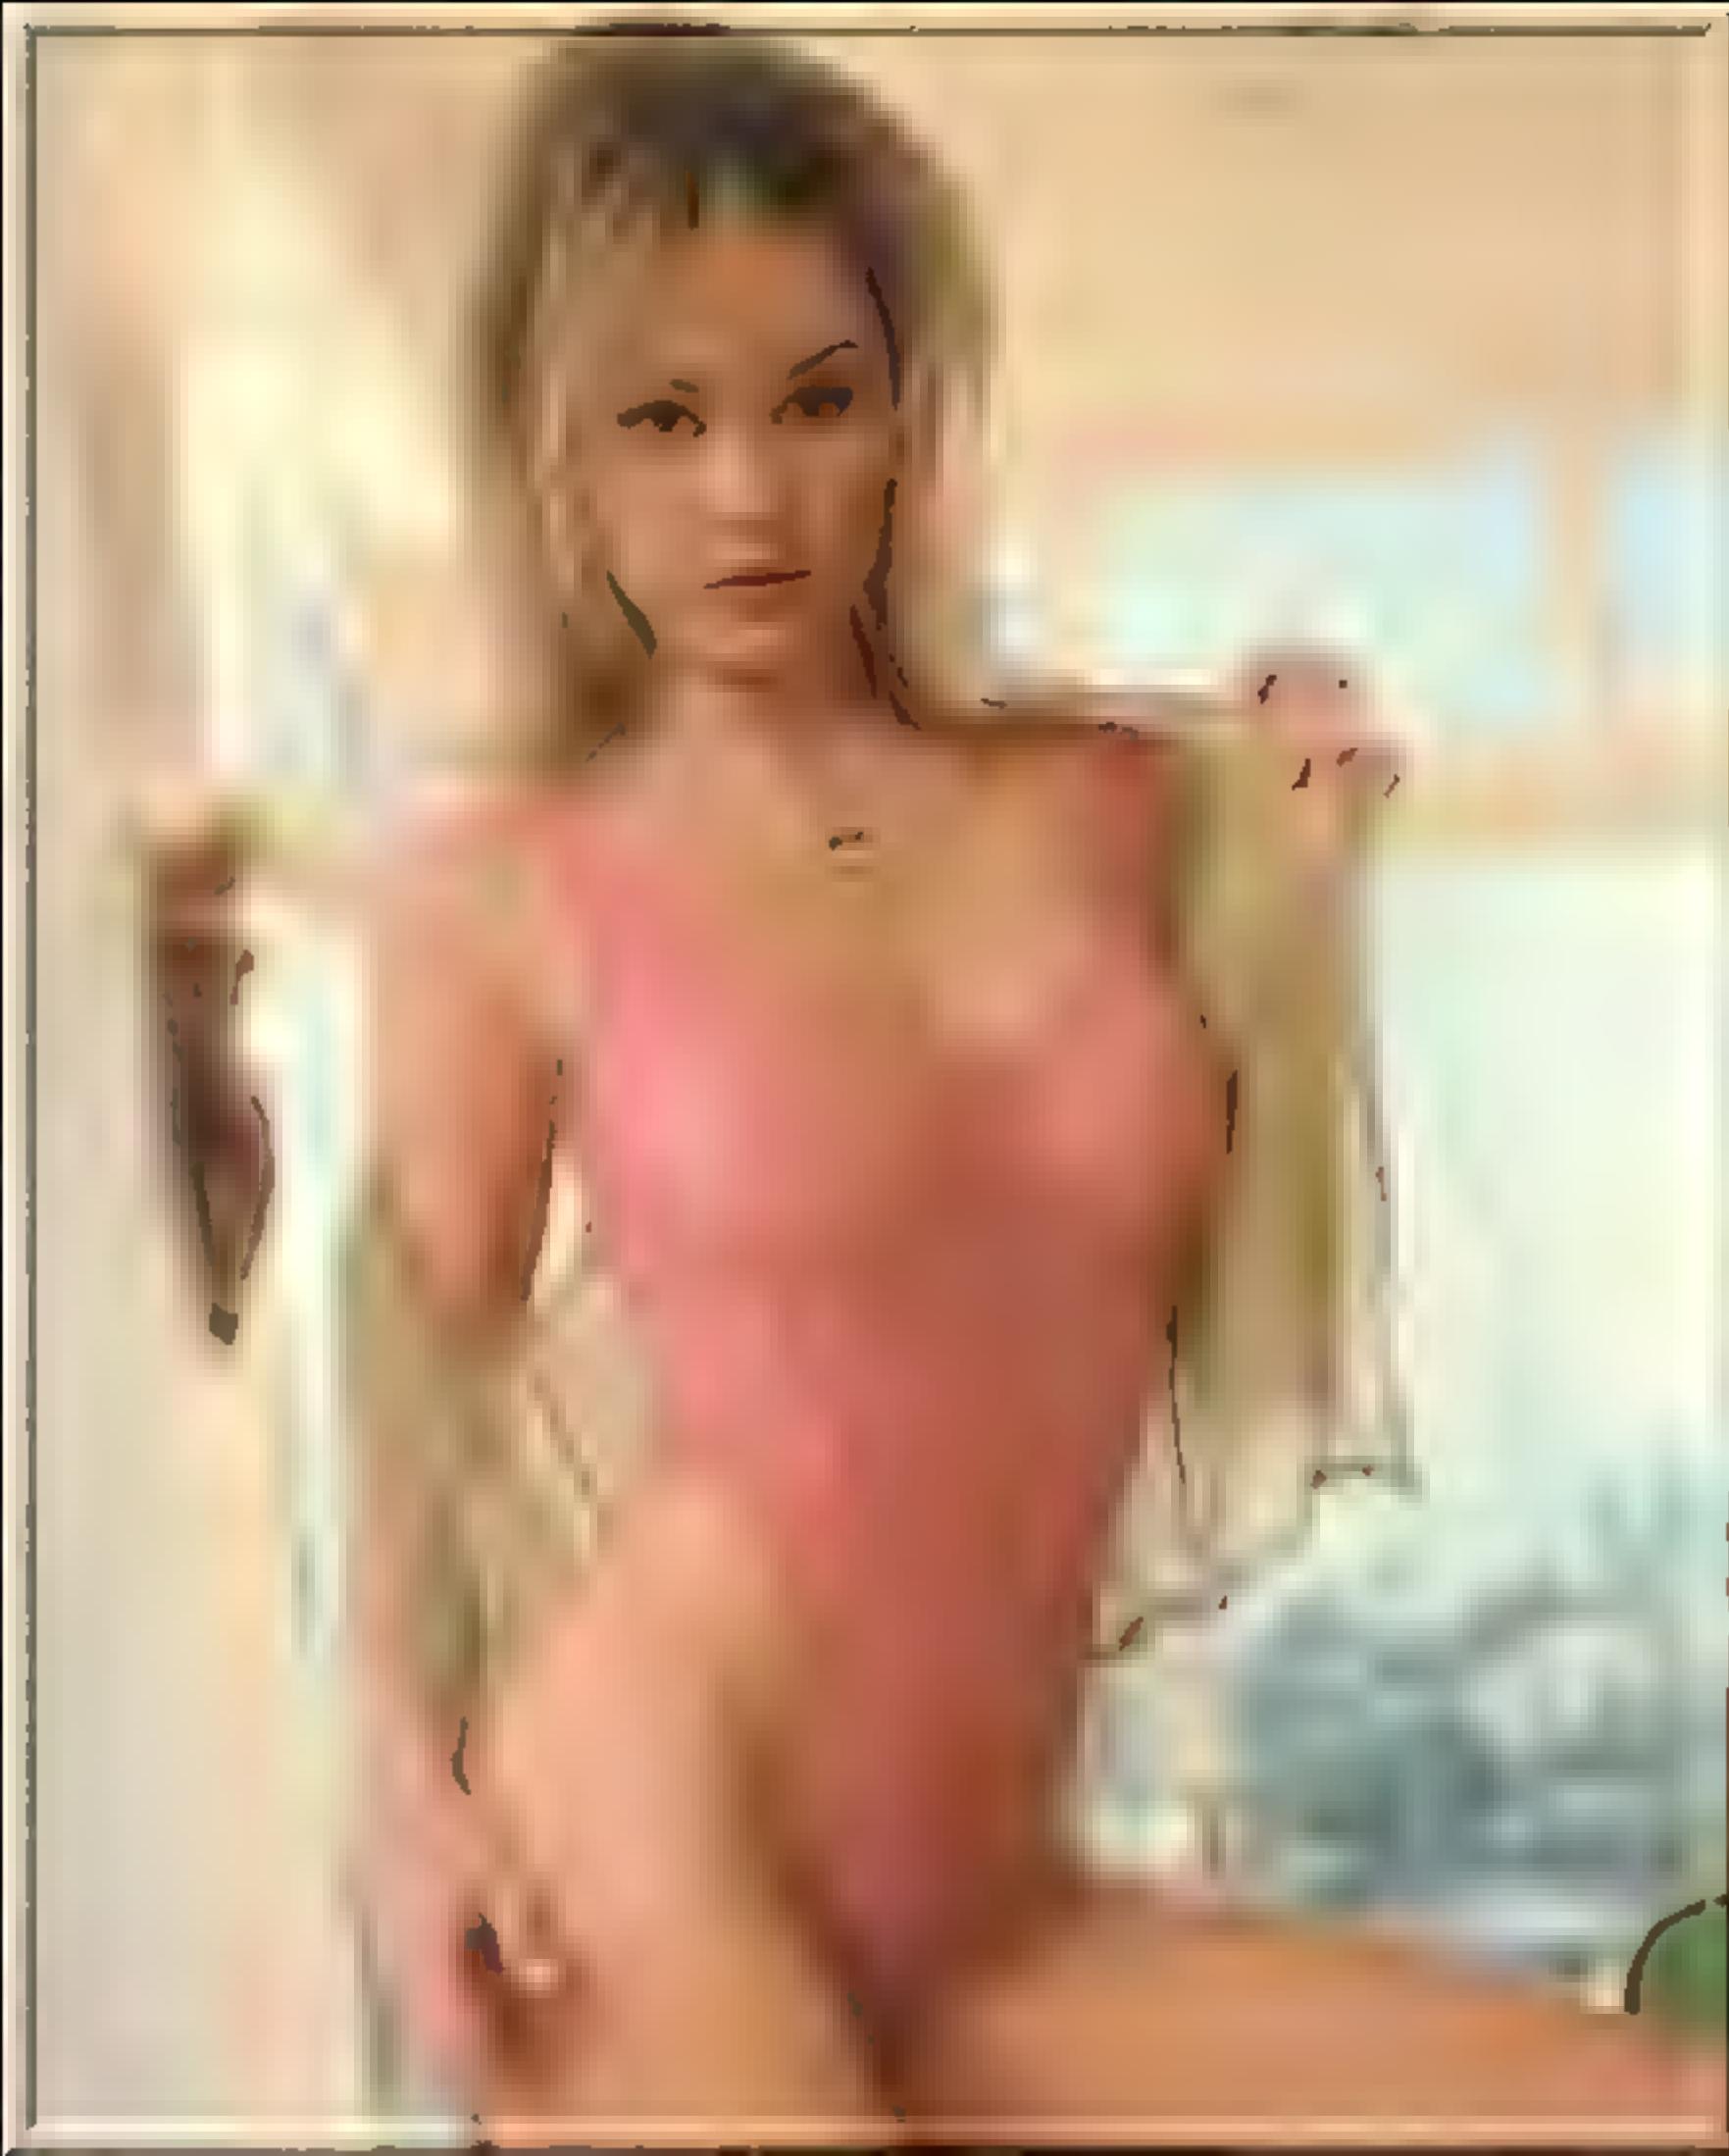

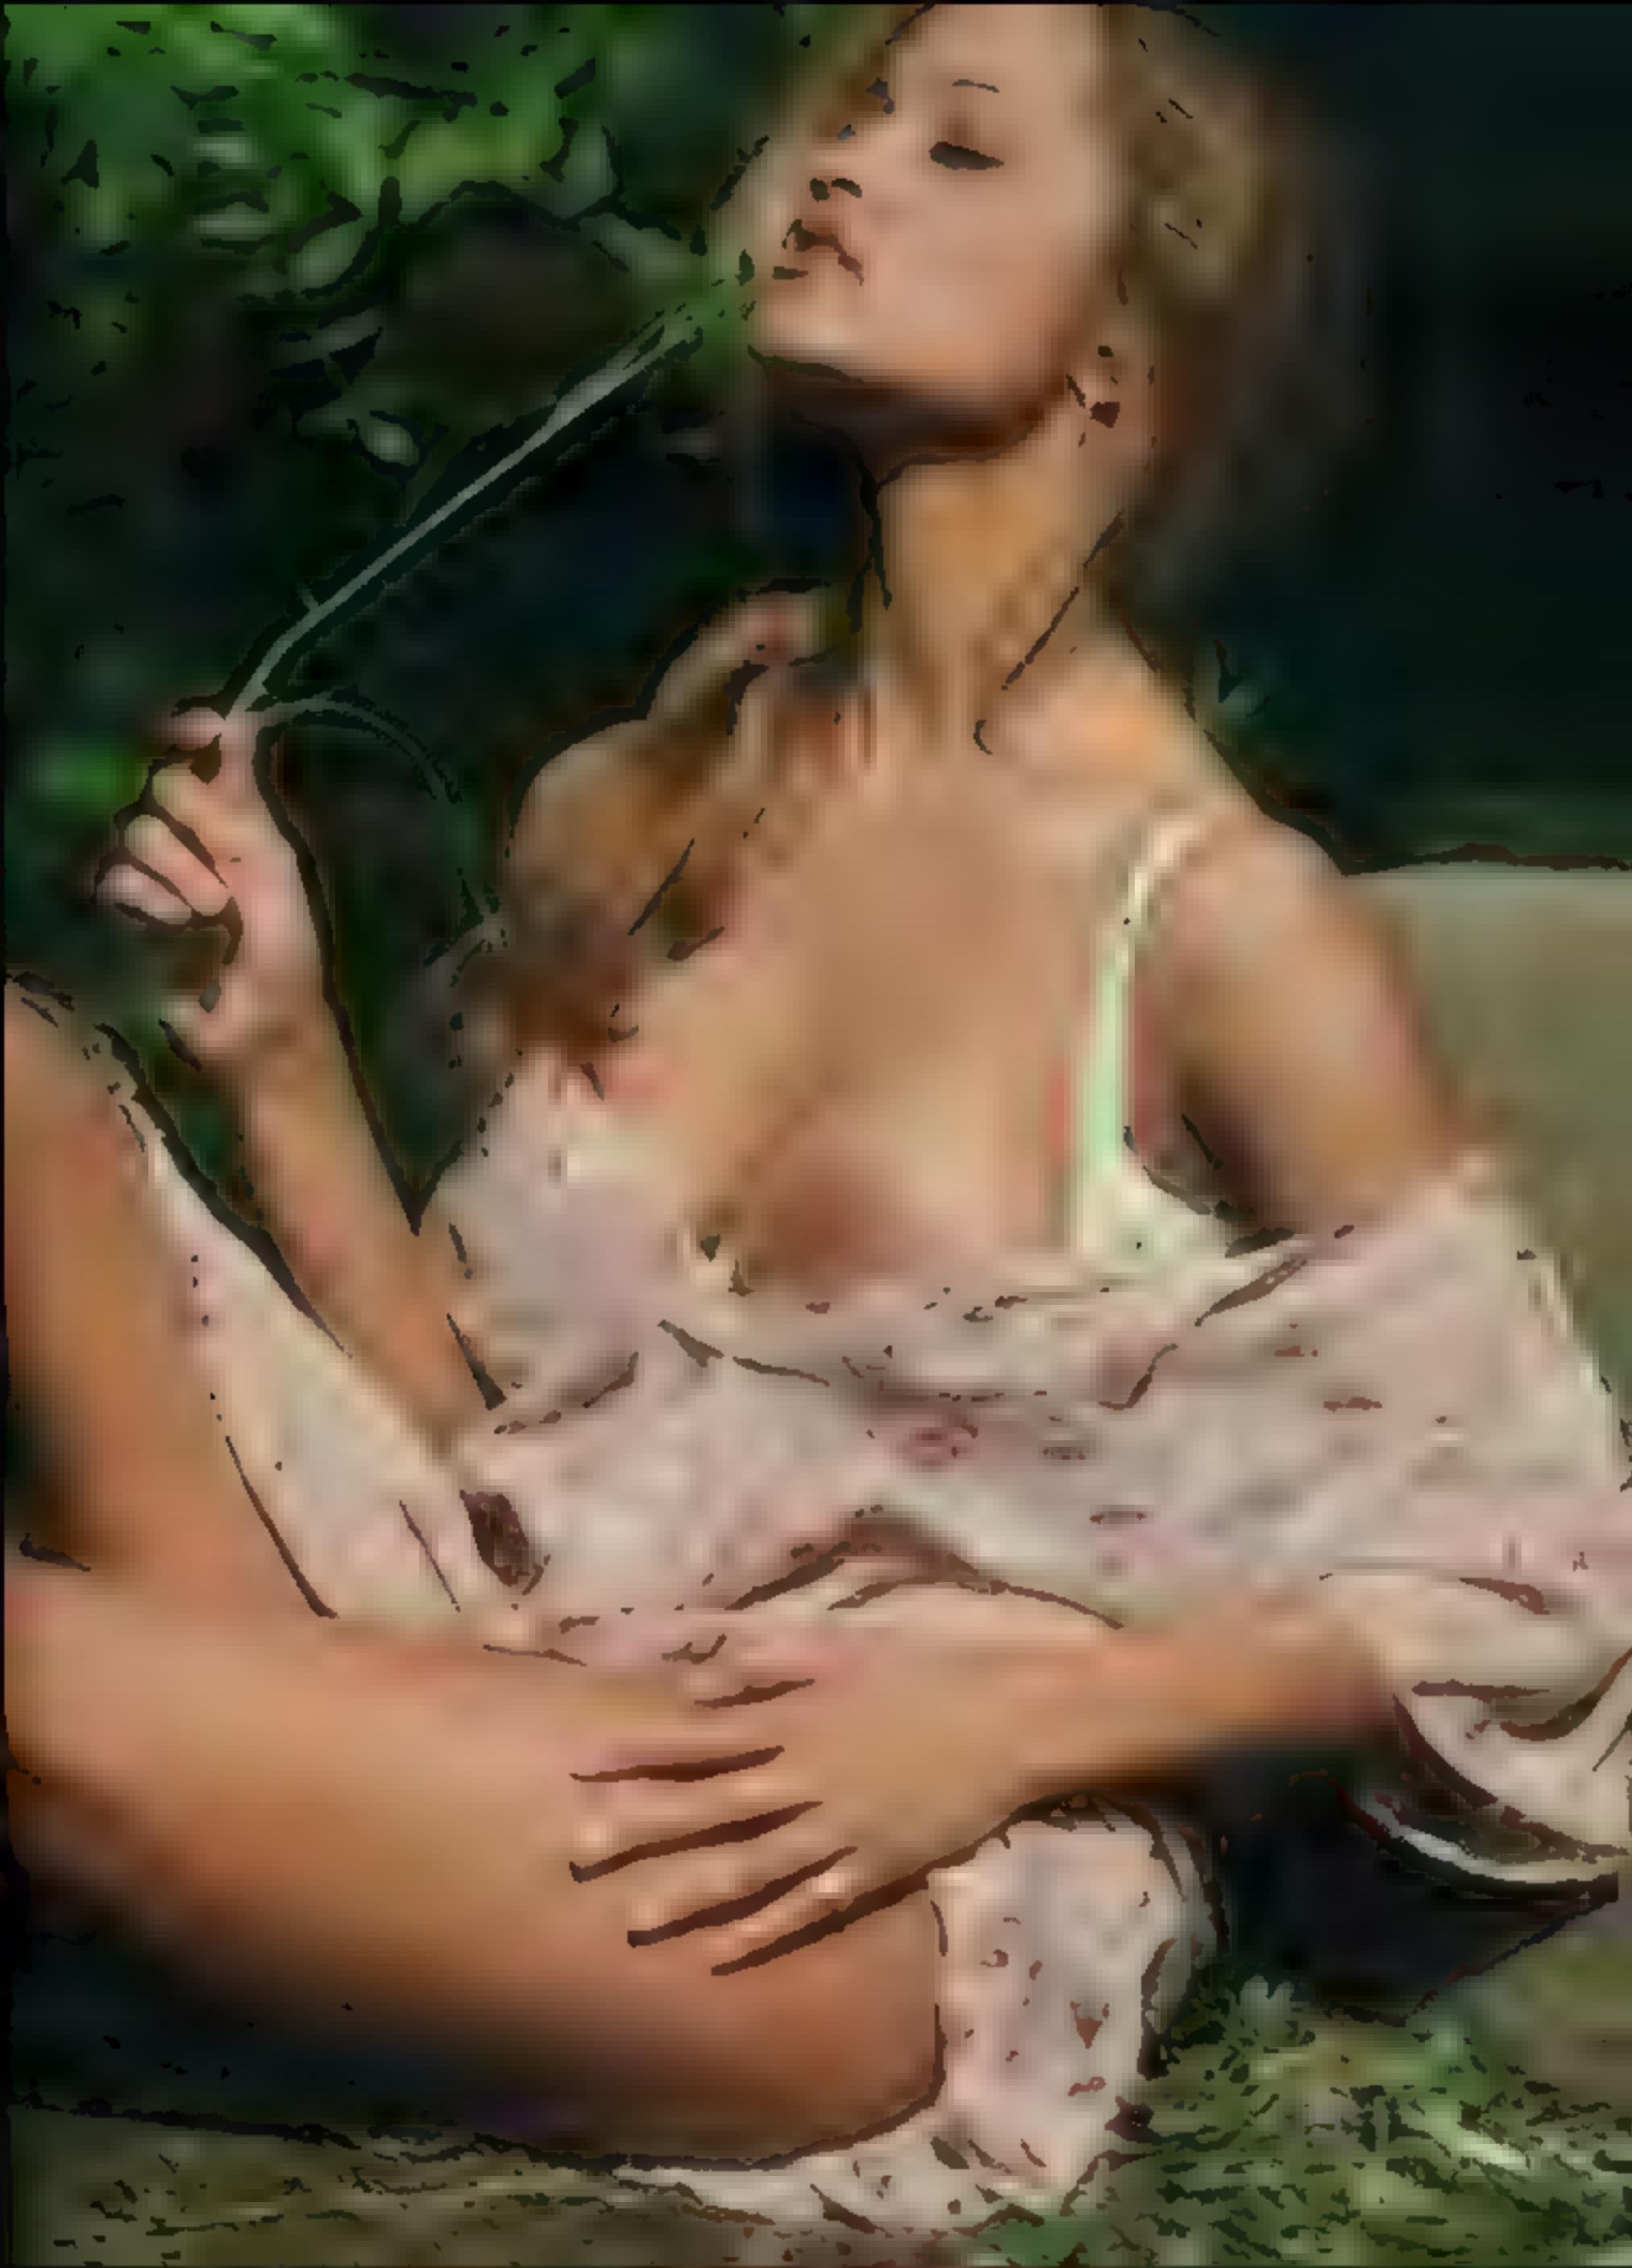

Alley Baggett isn't grasping at straws; she's just taking advantage of a beautiful fall day in the country. Tonya Oberle, a mother of three, worried about whether it's best to wear her daughter's clothes.

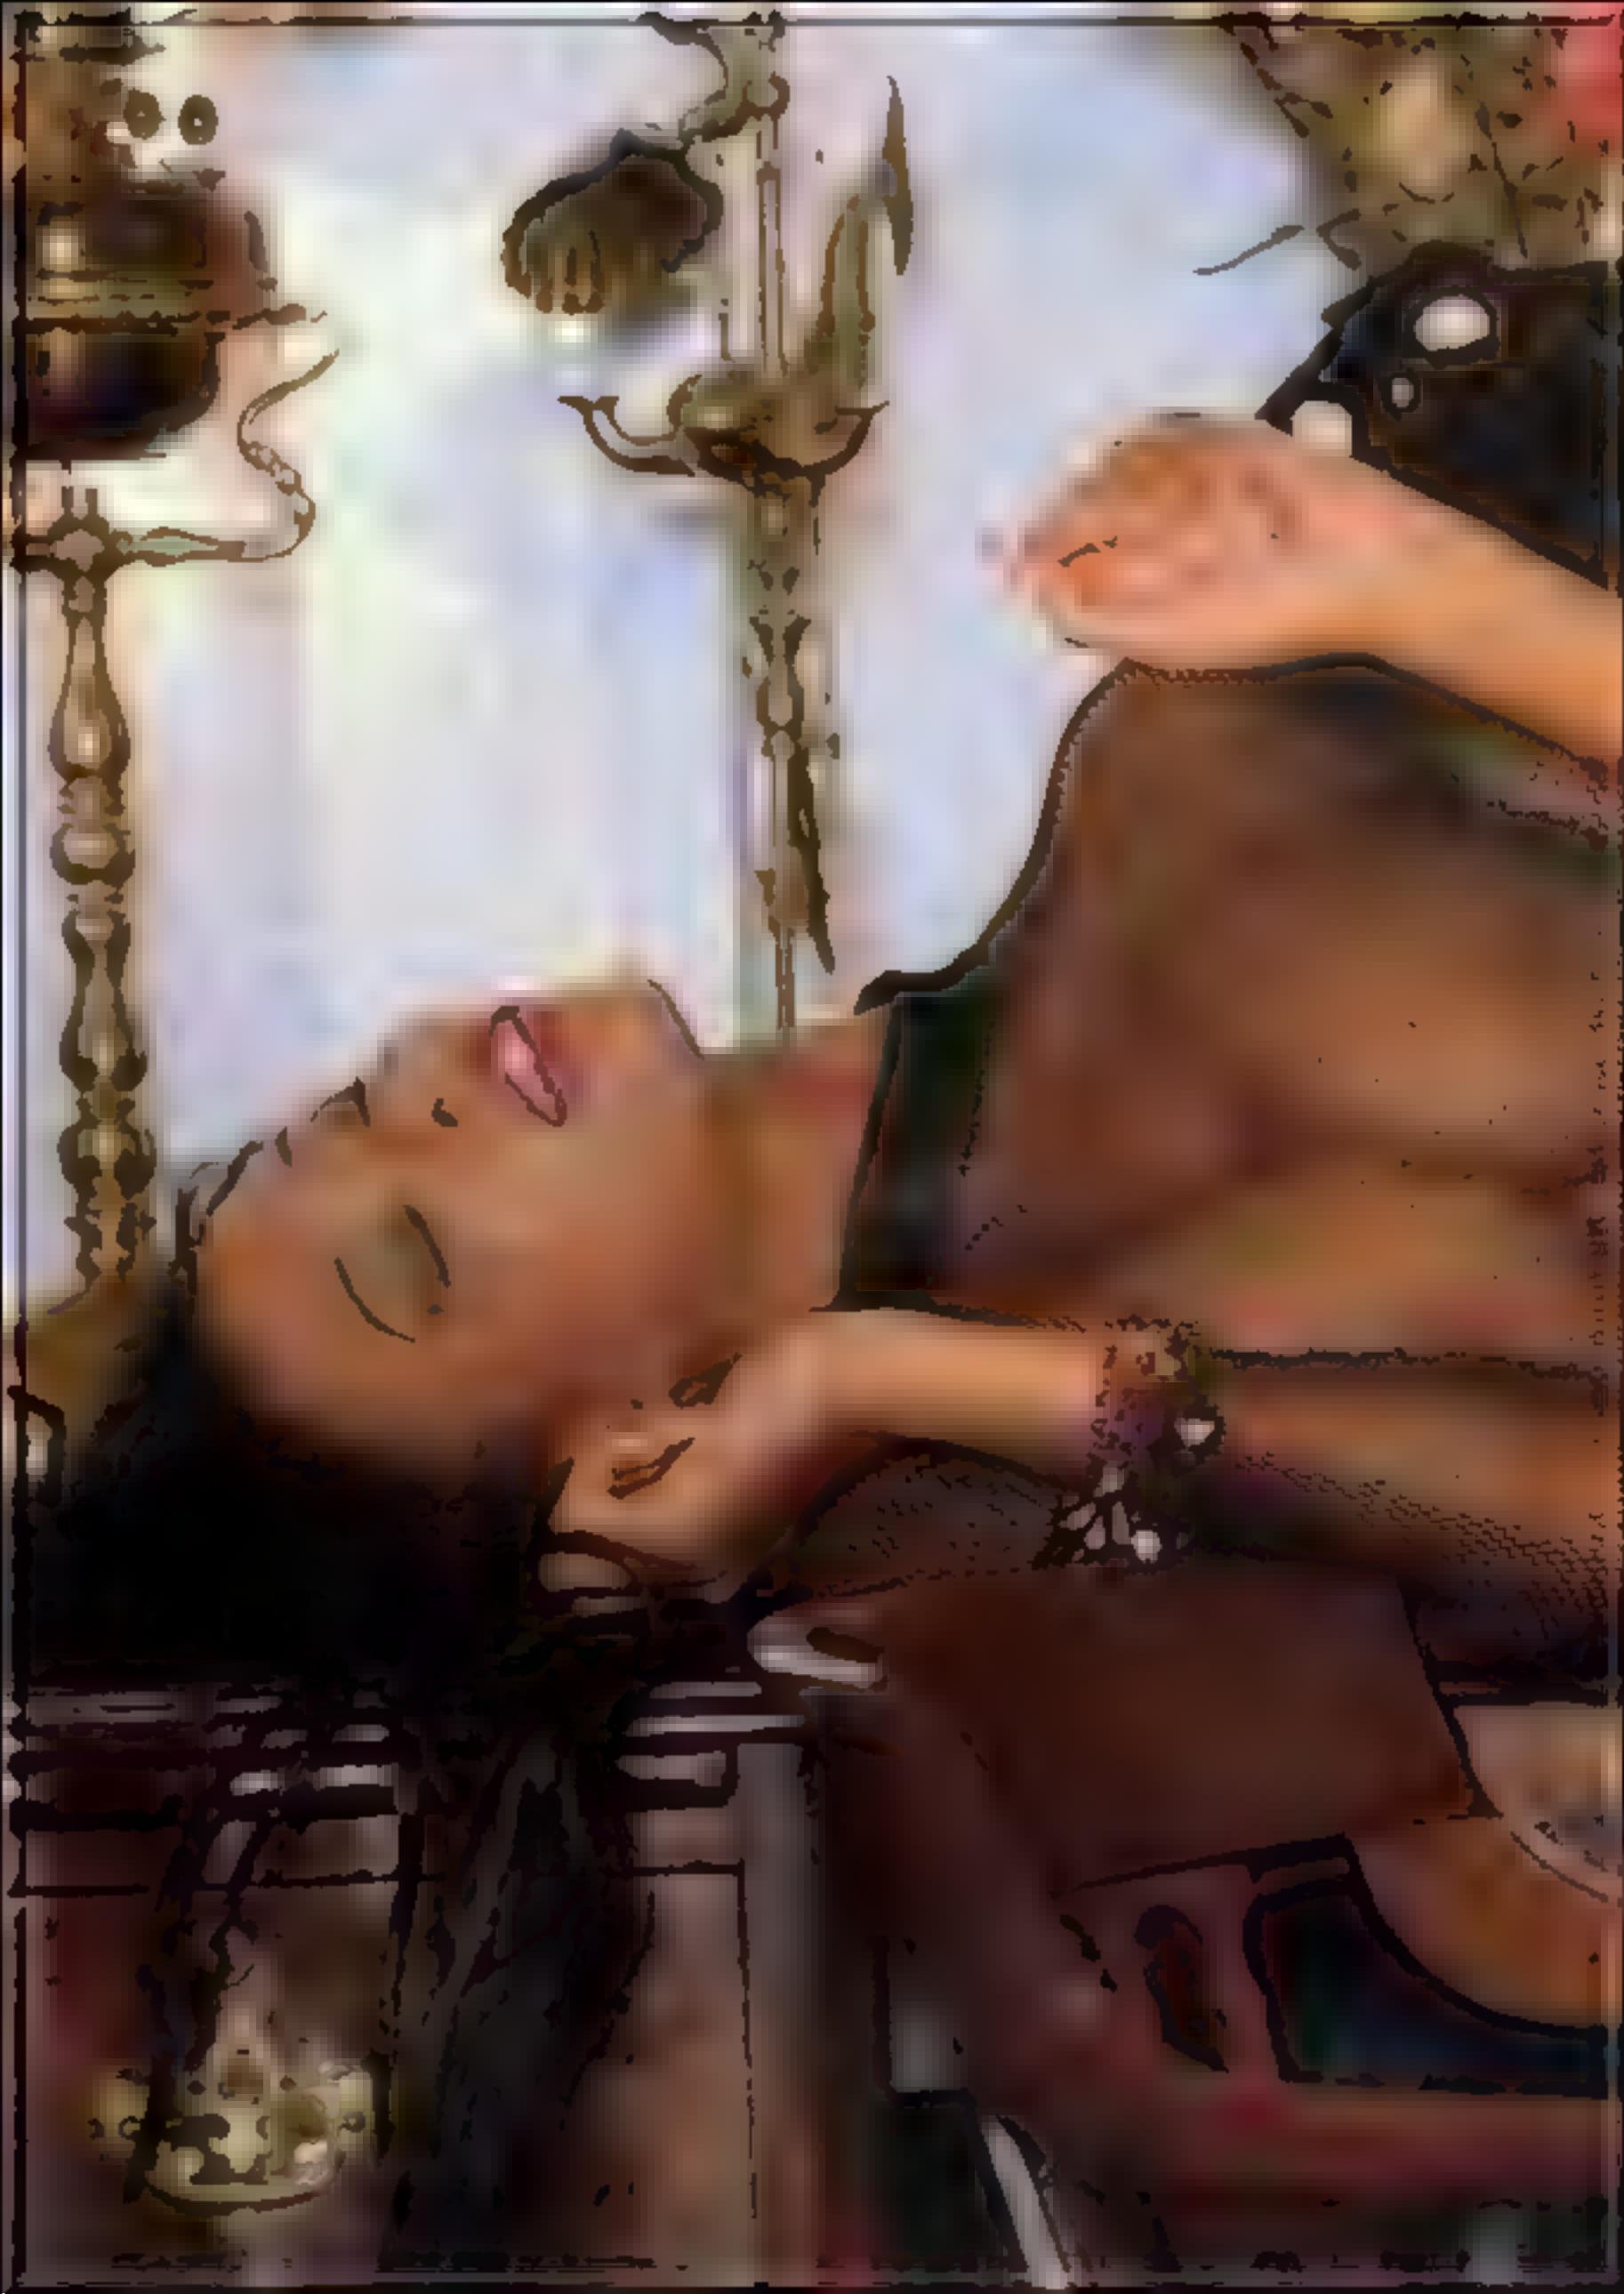

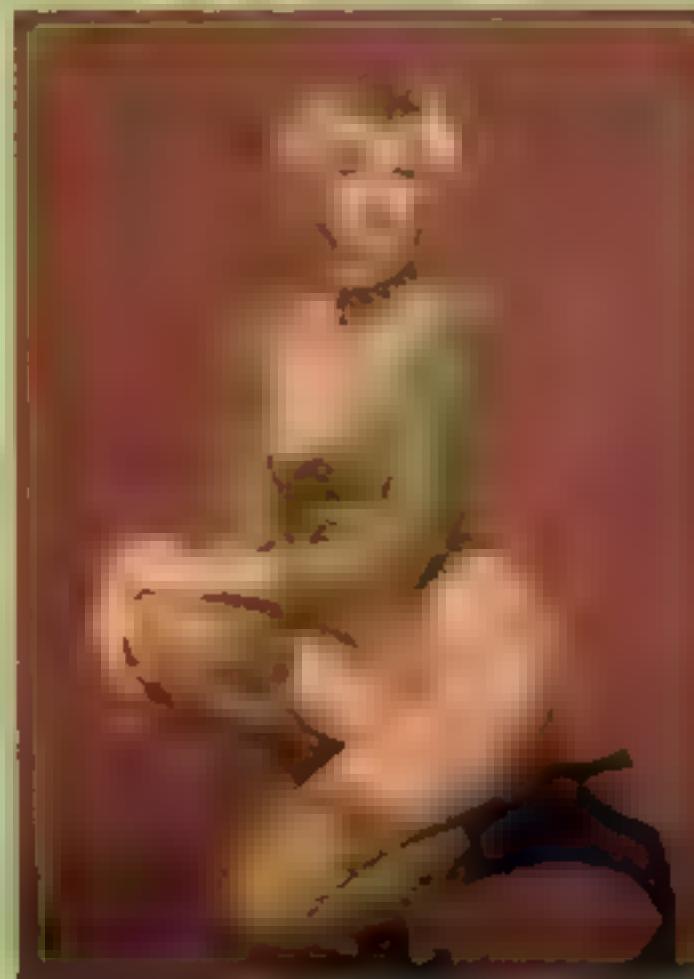

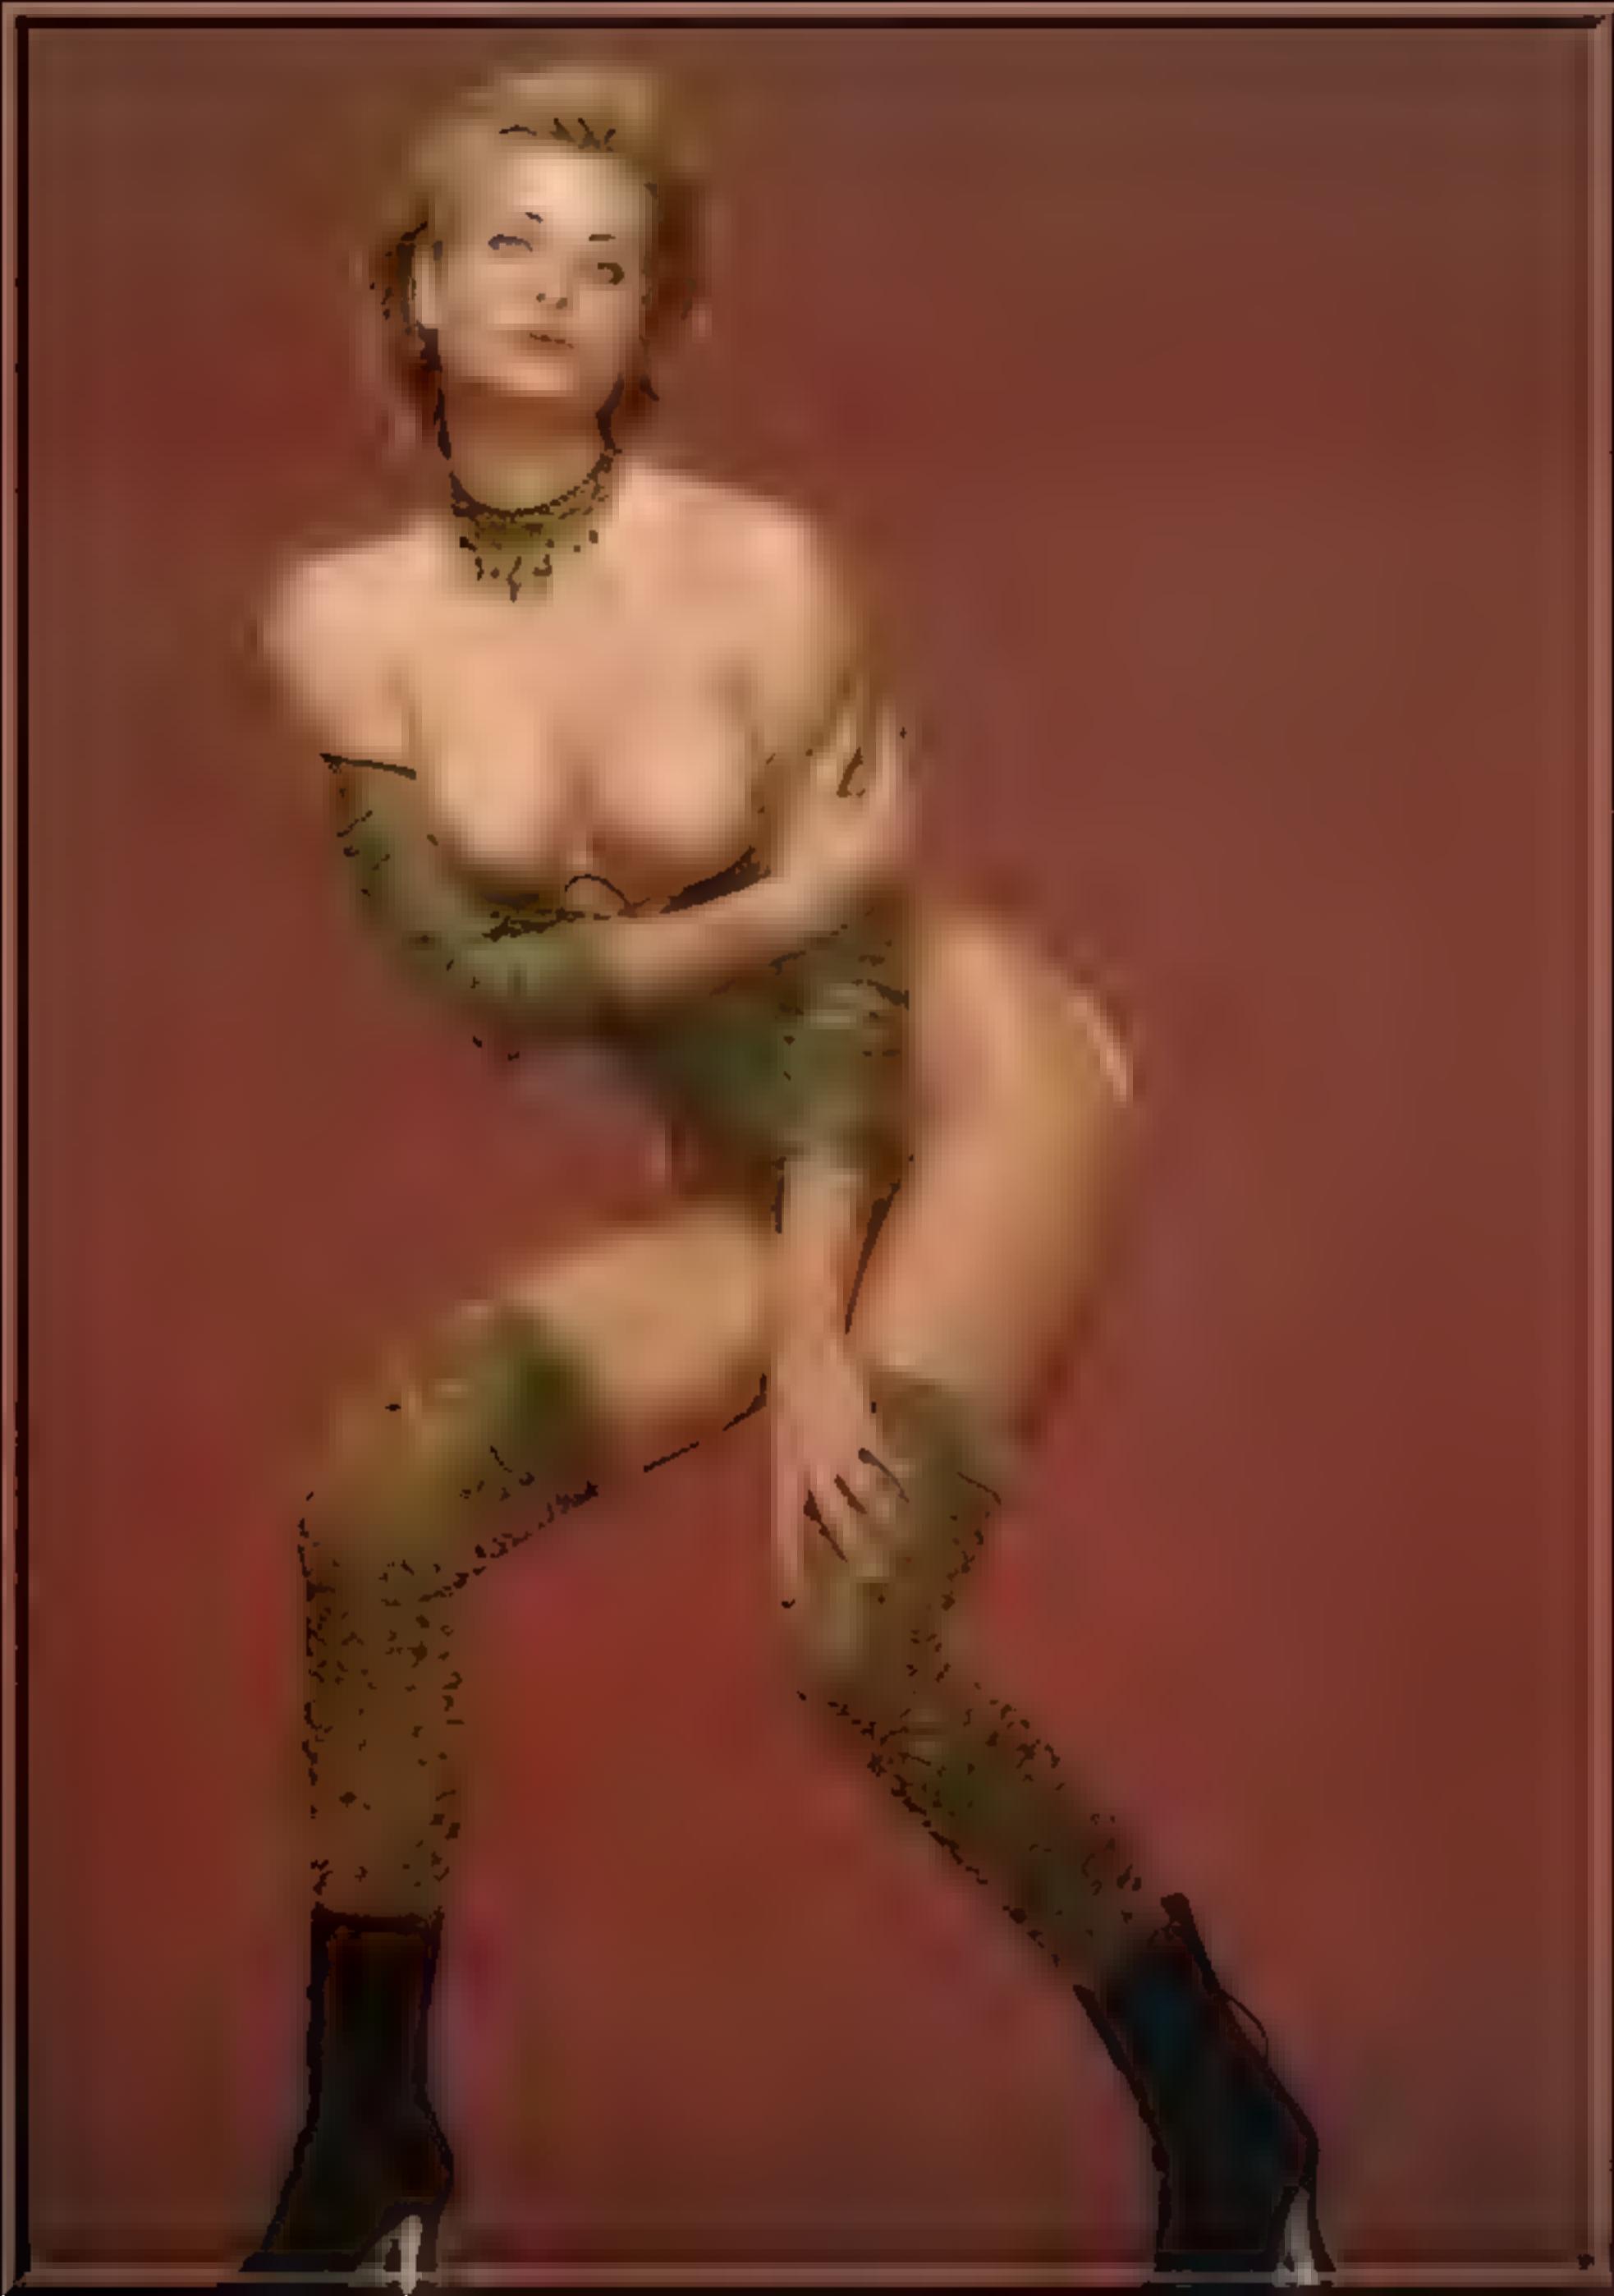

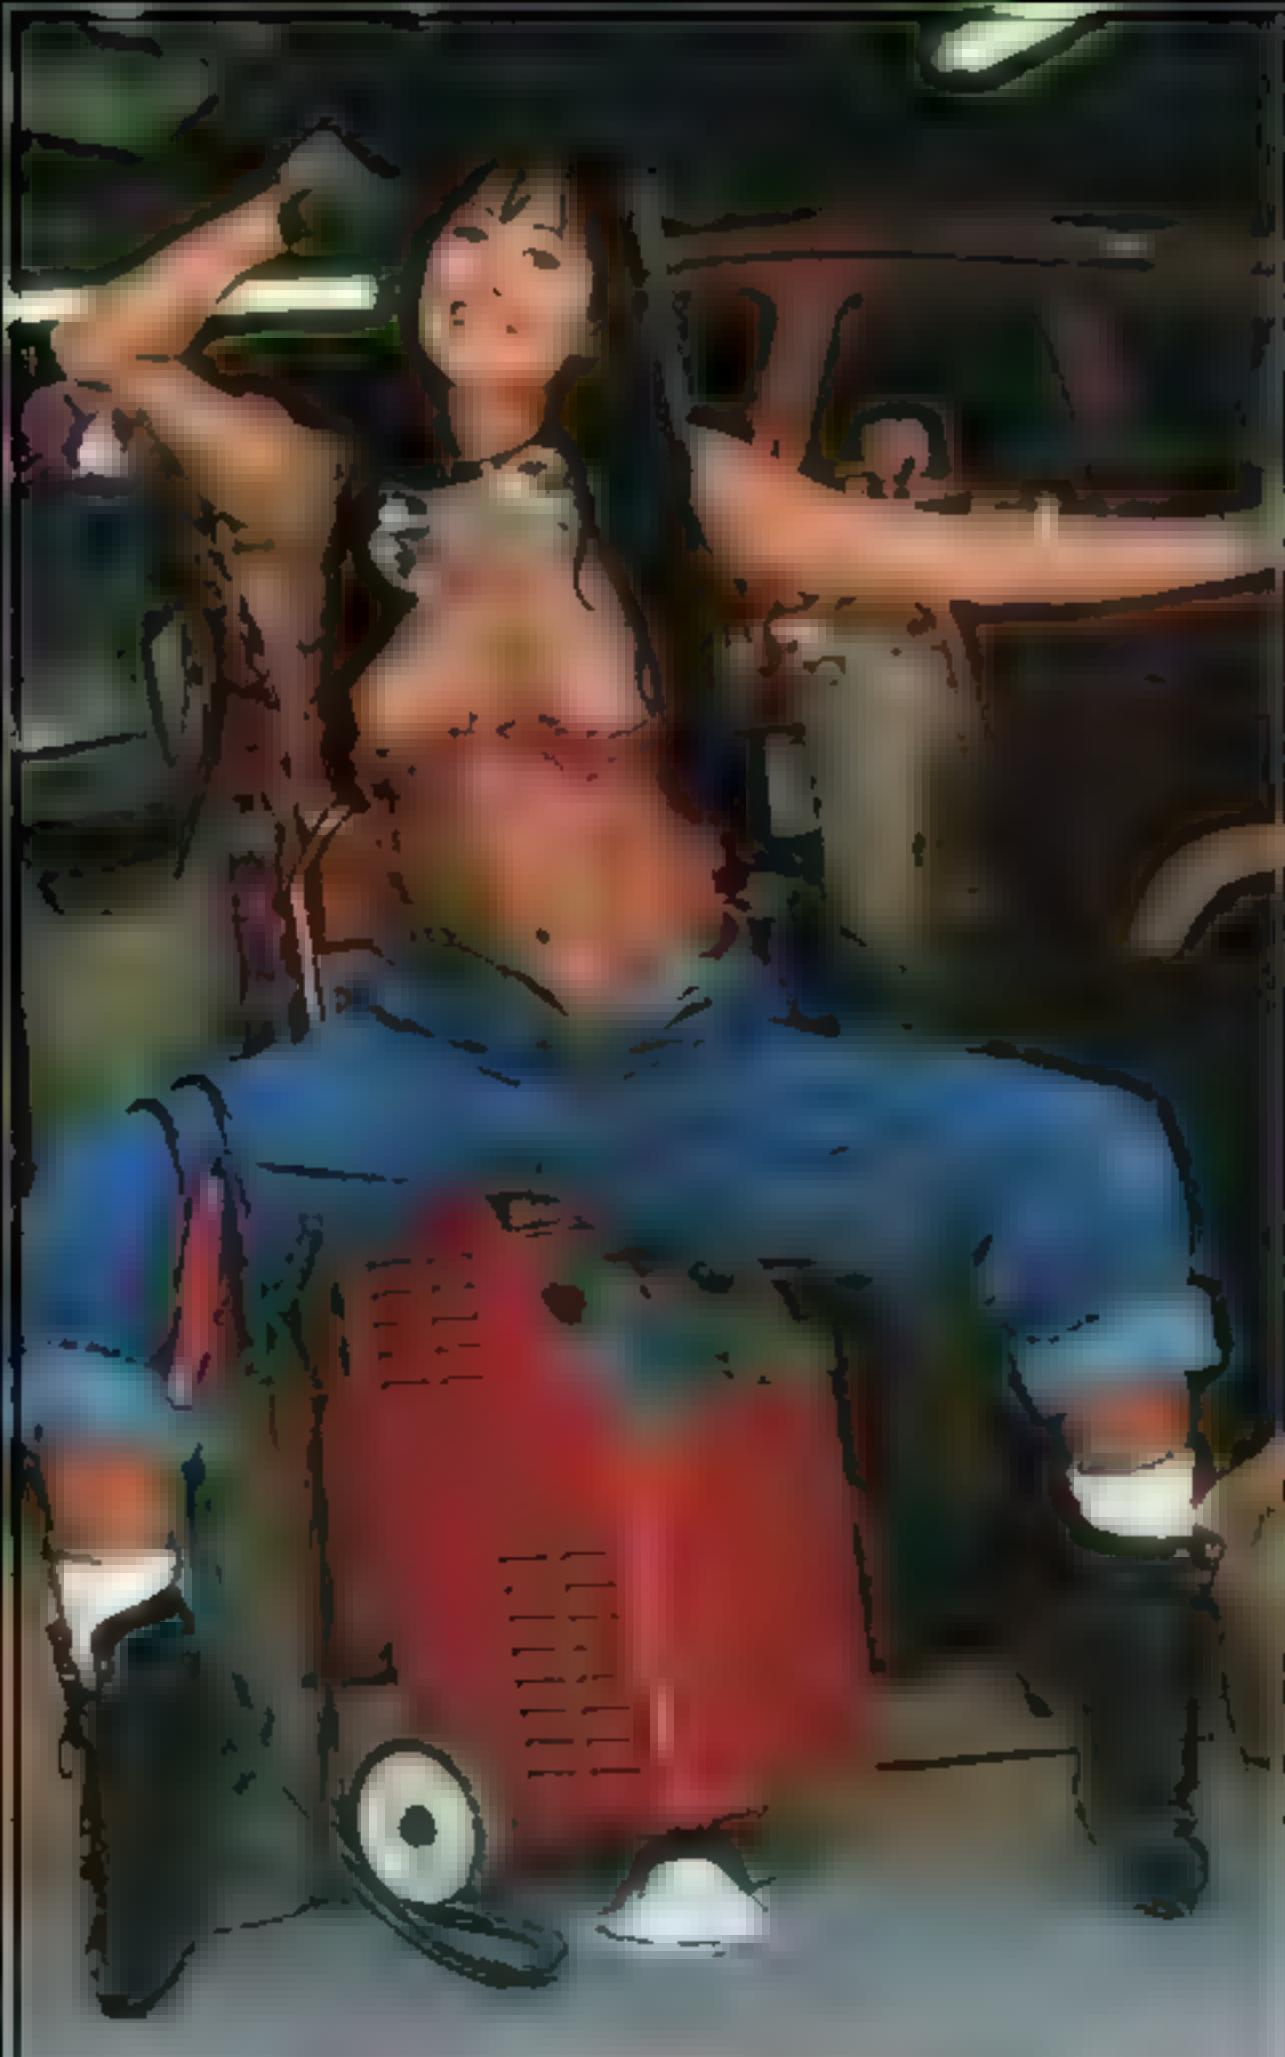

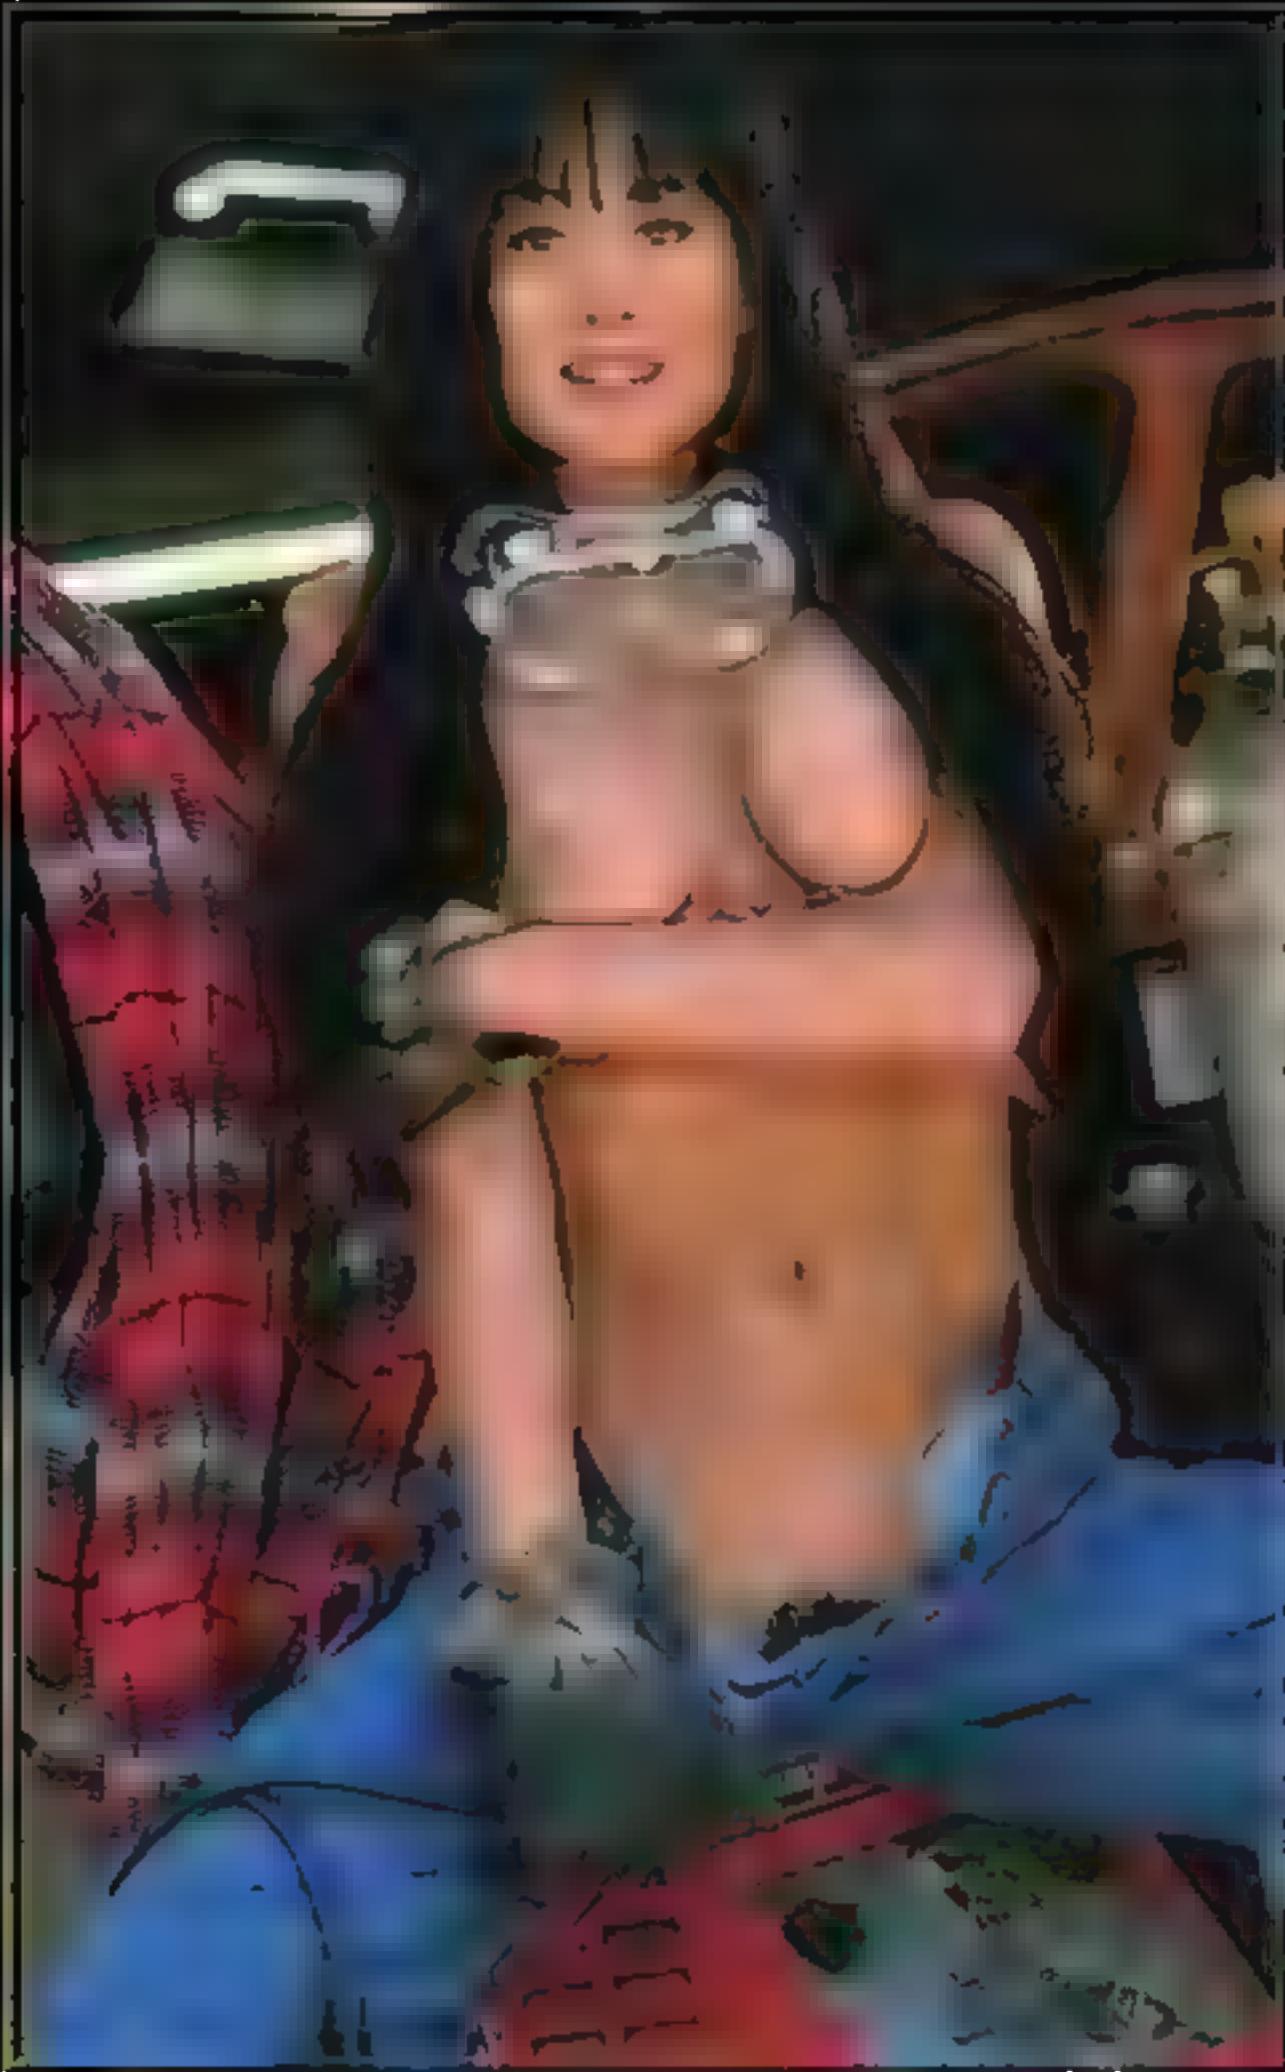

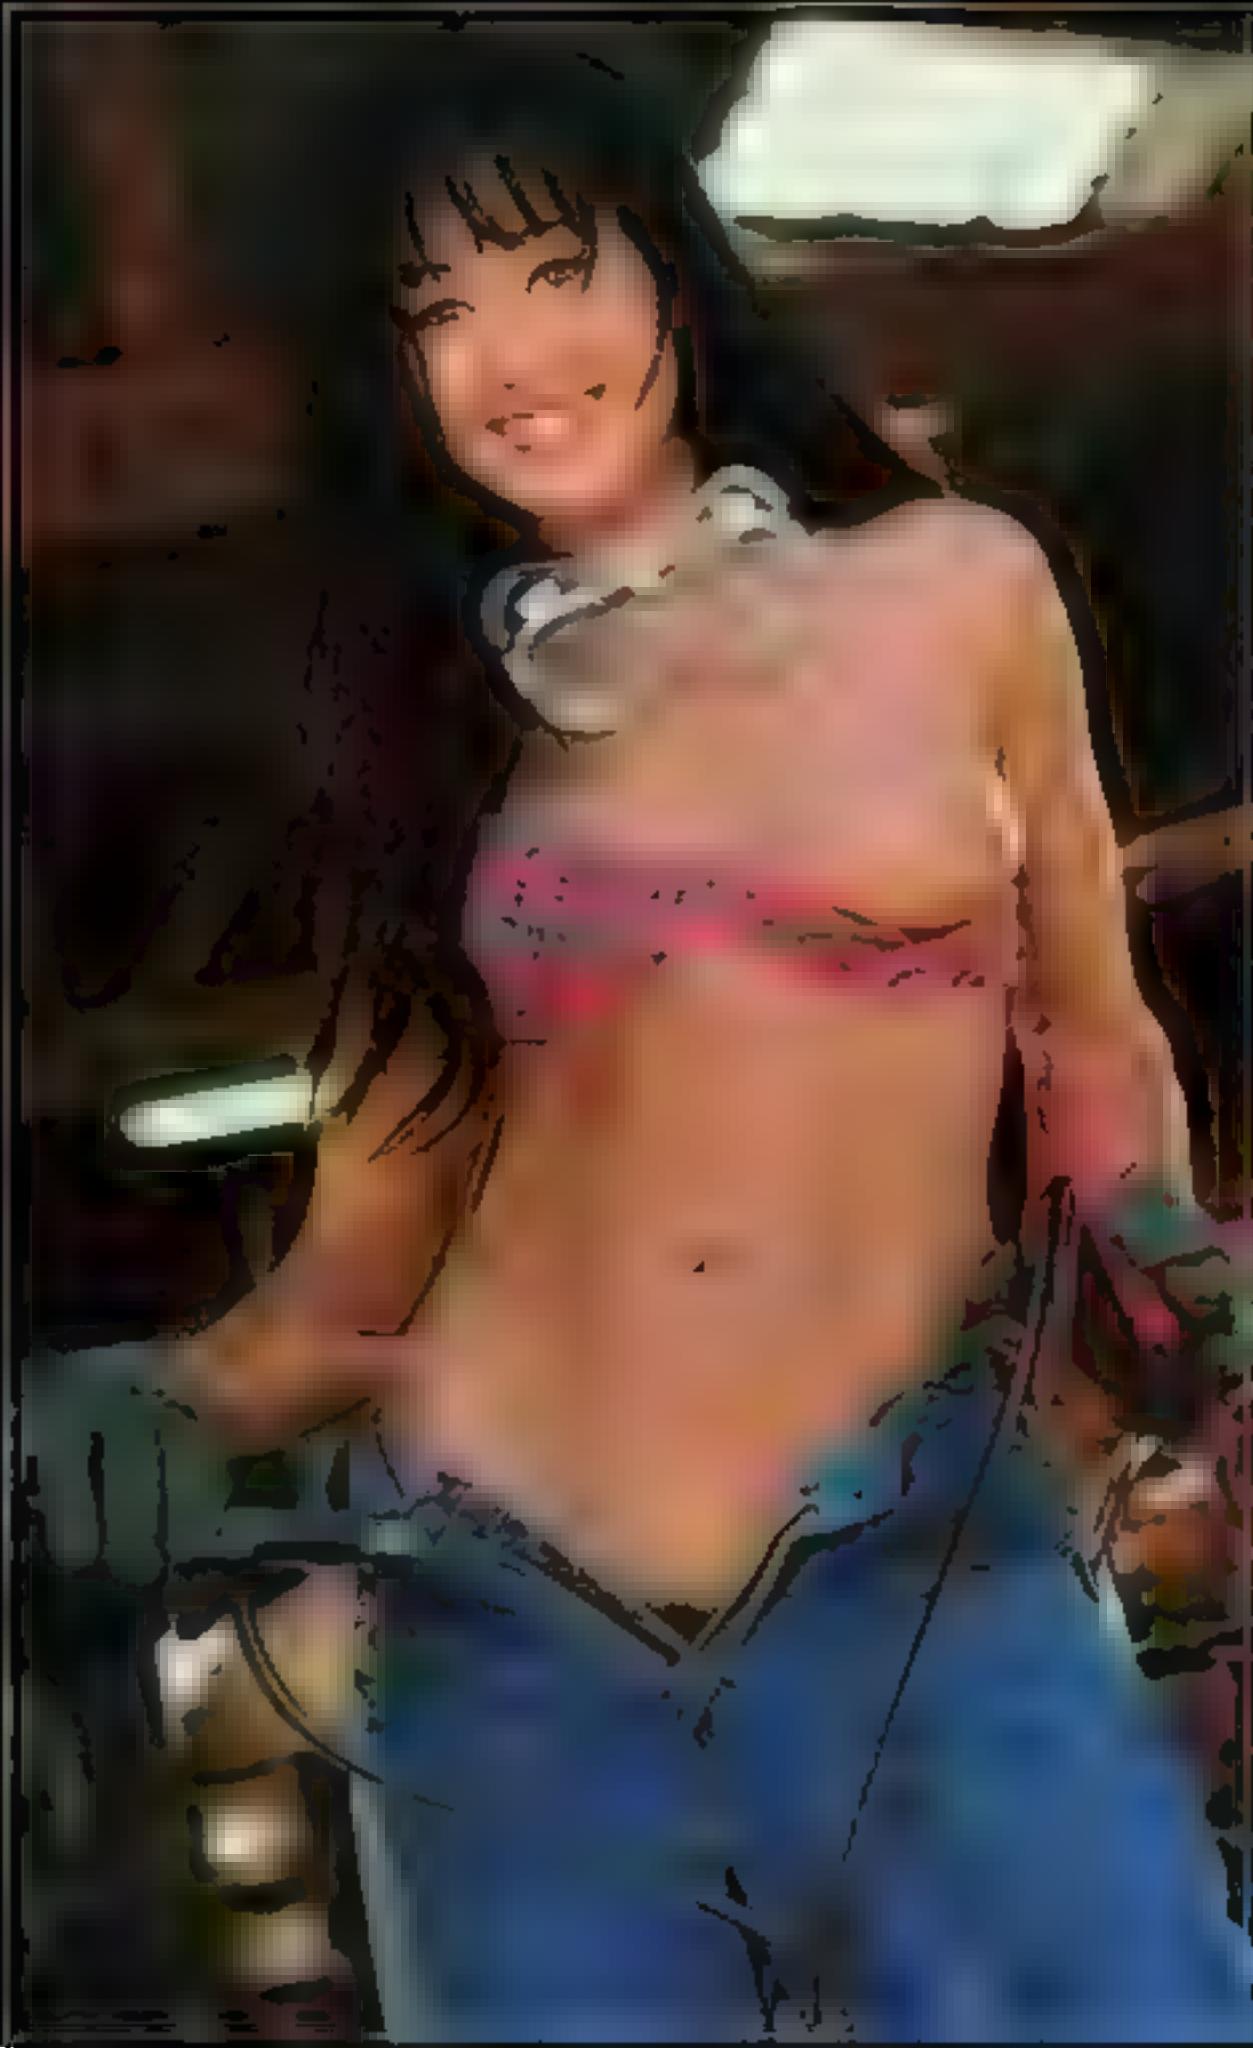

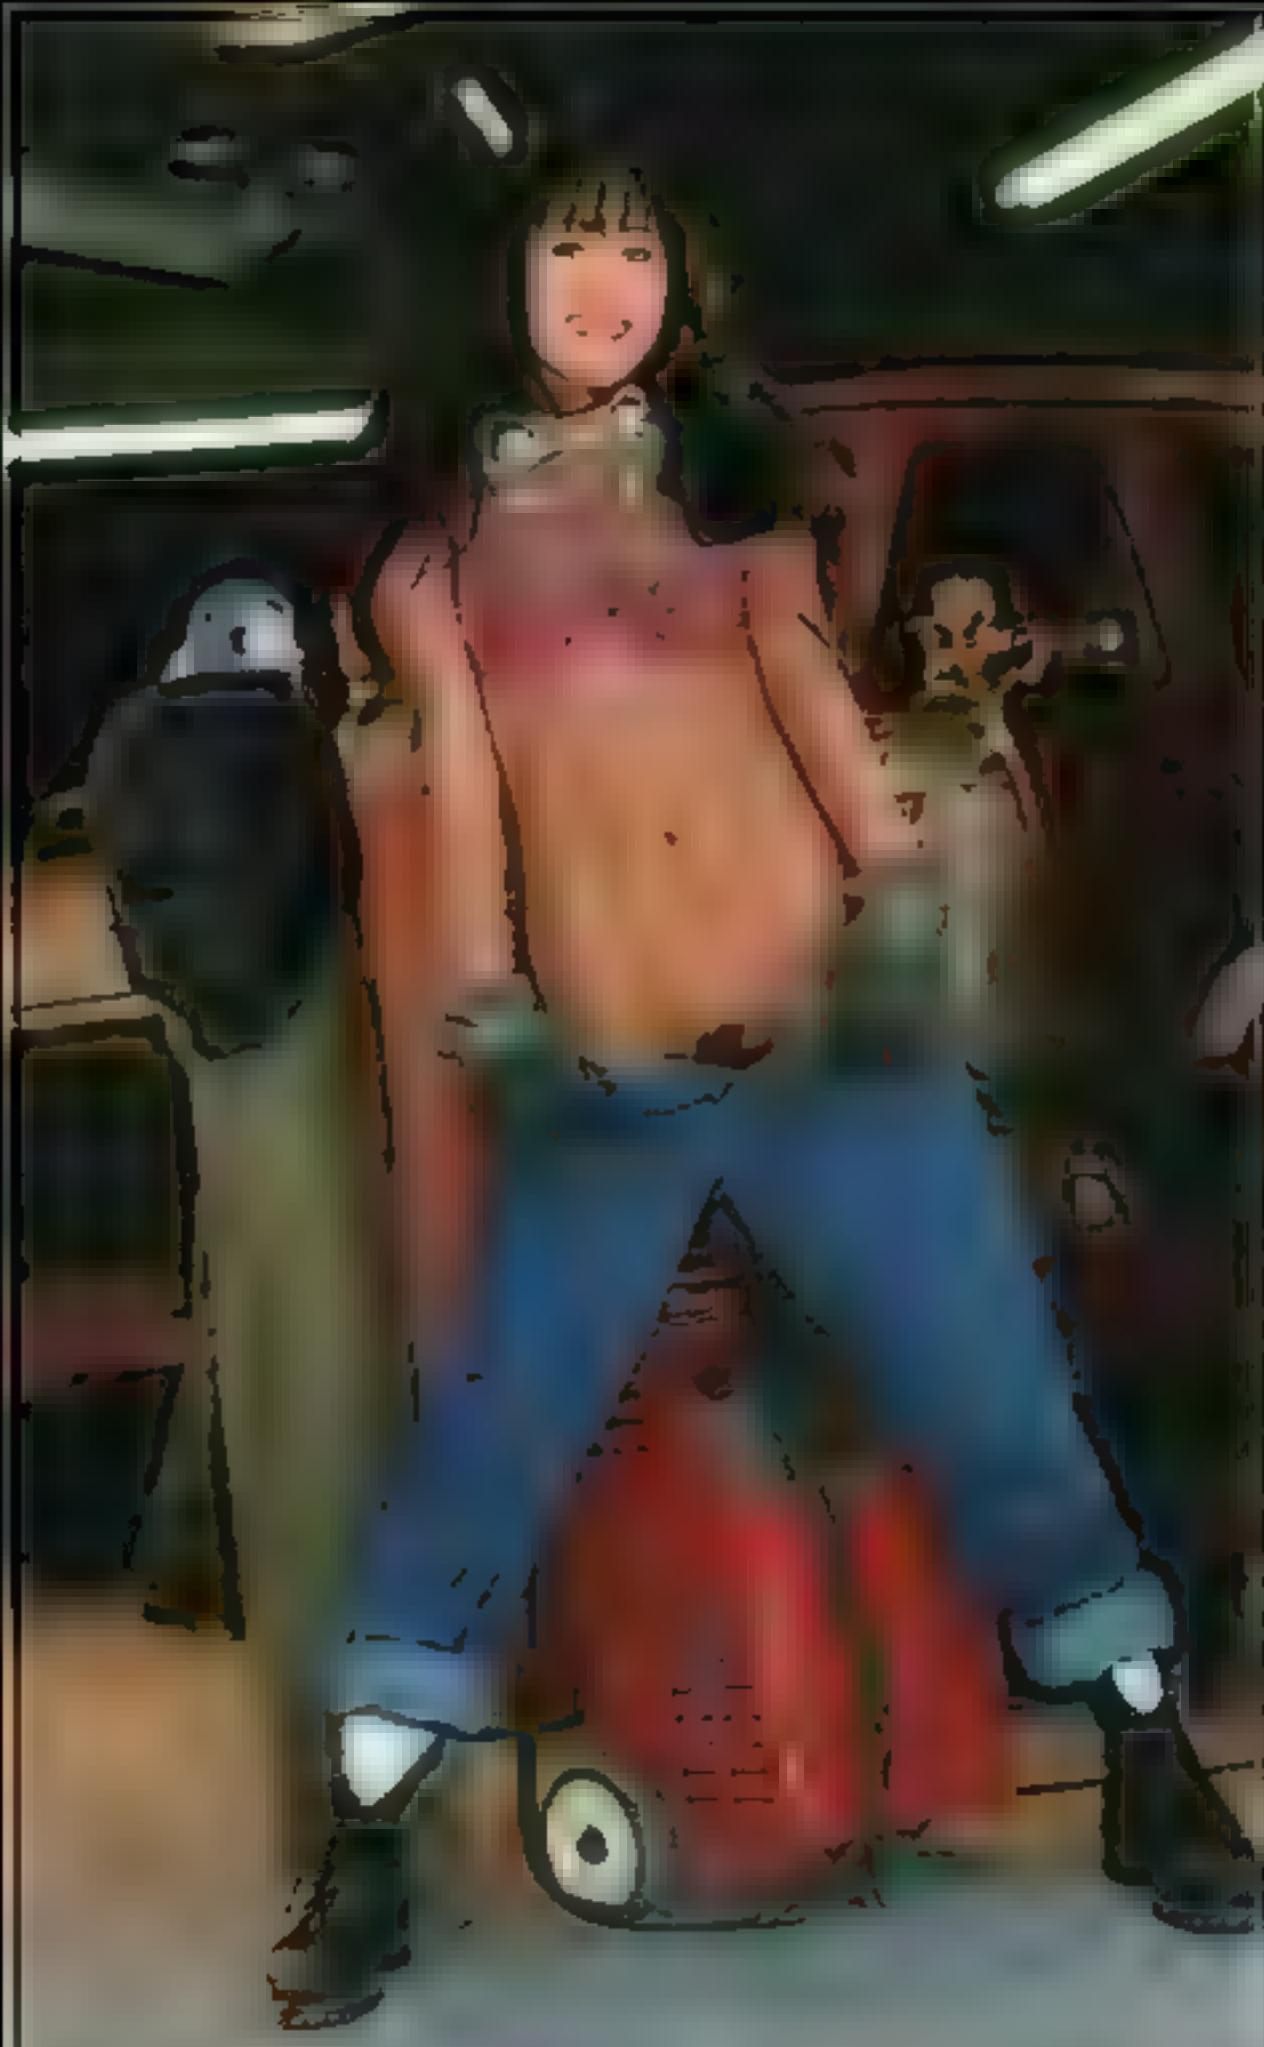

After a walk with her pooch  
Brutus, Canadian born Lexie  
sheds hat and coat to reveal a  
sensational at-home ensemble  
of patterned thigh highs, gold  
weave bodysuit and platforms
